phenomena such as near death experiences and crop circles Sifting through all the scientific research and speculation that the year 2012 has inspired Geoff Stray provides an encyclopedic look at what we might really expect on this pivotal date

John E. Fetzer and the Quest for the New Age Brian C. Wilson, 2018-08-06 John E Fetzer and the Quest for the New Age is the remarkable story of the spiritual search of one of Michigan's most successful entrepreneurs a search that culminated in the Fetzer Institute whose ambitious mission is nothing less than the spiritual transformation of the world John E Fetzer and the Quest for the New Age follows the spiritual sojourn of John E Fetzer a Michigan business tycoon Born in 1901 and living most of his life in Kalamazoo Fetzer parlayed his first radio station into extensive holdings in broadcasting and other enterprises leading to his sole ownership of the Detroit Tigers in 1961 By the time he died in 1991 Fetzer had been listed in Forbes magazine as one of the four hundred wealthiest people in America And yet business success was never enough for Fetzer his deep spiritual yearnings led him from the Christianity of his youth to a restless exploration of metaphysical religions and movements ranging from Spiritualism Theosophy Freemasonry UFOology and parapsychology all the way to the New Age as it blossomed in the 1980s Author Brian C Wilson demonstrates how Fetzer's quest mirrored those of thousands of Americans who sought new ways of thinking and being in the ever changing spiritual movements of the twentieth century Over his lifetime Fetzer's worldview continuously evolved combining and recombining elements from dozens of traditions in a process he called freedom of the spirit Unlike most others who engaged in a similar process Fetzer's synthesis can be documented step by step using extensive archival materials providing readers with a remarkably rich and detailed roadmap through metaphysical America The book also documents how Fetzer's wealth allowed him to institutionalize his spiritual vision into a thriving foundation the Fetzer Institute which was designed to carry his insights into the future in hopes that it would help catalyze a global spiritual transformation John E Fetzer and the Quest for the New Age offers a window into the rich and complex history of metaphysical religions in the Midwest and the United States at large It will be read with interest by those wishing to learn more about this enigmatic Michigan figure as well as those looking for an engaging introduction into America's rapidly shifting spiritual landscape

DarwinPlus! Edition 3, **A Hermit in the Himalayas** Paul Brunton, 2016-12-15 The introductory account of Mr Brunton's pony back journey up the mountainside has real charm One of his most interesting chapters gives a practical minded consideration to the probable future of Tibet New York Times Paul Brunton was one of a very small number of his generation to travel in India and Tibet so extensively at a time when very few were doing so with such insight and discernment His journalistic skills produced magnificent descriptions of the snowy peaks and high desert landscapes of the Himalayan region but it was the lessons he learned from the holy men he met on his journey that transformed him into one of the great interpreters of the East In this magnificent spirituality classic he explains that we all need oases of calm in a world of storm no matter what era we are living in and that to retreat from our everyday lives for a while is not weakness but strength By taking the trouble to discover the deep silence within us we will find the benefits of being linked to an infinite power an infinite wisdom an infinite goodness A Hermit In The Himalayas is a fascinating blend of travel writing and profound spiritual experience As we accompany the author on his journey through the vast Himalayas ranges towards Mount

Kailas in Tibet he also shows us an even more remarkable and timeless inner path which will help us cope with the ups and downs of our contemporary world      *The Quest Of The Overself* P Brunton, Paul Brunton, 2011-10-31 By far the safest and most rational exposition of Eastern metaphysics and the practice of mental discipline that I have read Spectator The Quest of the Overself shows Western readers how to achieve serenity of mind control of thought and desire and the power to use higher forces by means of simple exercises These include breathing and visualisation as well as mental control through meditation These ideas which the author gained by extensive travel in India are as relevant to us today as they were when first published in 1937 Paul Brunton was a British philosopher mystic and traveler He left a successful journalistic career to live among yogis and holy men and studied a wide variety of Eastern and Western esoteric spiritual traditions As he explains in the still fresh and fascinating The Quest of the Overself meditation and the quest for inner peace are by no means exclusively for monks and hermits but also support those living everyday active lives in the West      Instructions for Spiritual Living Paul Brunton, 2019-04-30 Answers to the questions that arise on the spiritual path Includes specially selected writings from the huge literary archive of Paul Brunton Explains the different stages of meditation and the obstacles likely to arise for each offering guidance for achieving advanced states of meditation to deepen one s inner life Challenges the need for spiritual dependency on any particular guru teaching or practice showing that following your intuition can bring the best spiritual success Explores the process of self examination and emotional purification revealing how to break free from the ego and tap into the inspiration flowing from within No matter where we are in our spiritual development we all have questions about our practice and what we are experiencing both the challenges and opportunities How can I overcome my struggles to meditate more deeply Is there a need for a guru or can I rely on myself Can I trust my intuition Is it possible to hear the Inner Word the voice of the soul and how can I be sure that s what I m hearing Is the Higher Self in the heart Offering trustworthy answers to these and many more questions renowned spiritual teacher Paul Brunton provides instructions to guide one s development in three fundamental areas of the spiritual path meditation self examination and the unfolding of awakening Guiding you with insight and care through each stage of meditation including advanced states that deepen one s inner life he explains how meditation is the art and practice of introverting attention of freeing oneself for a period of time from thoughts sensations and feelings and allowing the soul to reveal itself out of the quiet that one has created He explains the goal of each meditative stage and the obstacles you are likely to face and examines the need for spiritual dependency on any particular guru teaching or practice showing that following your intuition can bring spiritual success Exploring the process of self examination and emotional purification Brunton shows how life s challenges are moments by which we can make real progress in our surrender to a higher life He reveals how to break free from the ego follow your intuition to align with your ideals and tap into the inspiration flowing from within He also examines the development of transcendental insight the cornerstone of compassionate wisdom in action which allows us to become a

source of inspiration to all we encounter Including writings received by the Paul Brunton Philosophic Foundation after his death this guide offers transformative wisdom to aid our understanding of what the spiritual journey entails help point the way when the way is uncertain and learn and grow from the challenges that arise as you develop spiritually *Visioning New and Minority Religions* Eugene Gallagher,2016-11-25 Offering an assesment of the state of the field of the study of NRMs this book considers the analytical tools for the study of new or minority religions and draws on the perspectives of diverse academic disciplines Its essays focus on individual groups in a variety of geographical settings and review the past of particular groups in order to extrapolate future developments They cover new religions that have persisted well past the first generation such as the Mormon Church the Christian Scientists and the Jehovah s Witnesses and groups with comparatively shorter histories such as various forms of contemporary Paganism Soka Gakkai and the Diamond Way Buddhist group

*Shemsu-Hor* Edouard Ponist,2021-11-22 Shemsu Hor the Followers of Horus is a journey taking us in Ancient Egypt and the Hopi Nation Two cultures separated by thousands of miles yet both have similar connections from the deep past regarding spiritual burial practices and reeds Reeds are central connecting both cultures reeds which were used to construct the first temple is Ancient Egypt and the reed depicted in the emergence story of the Hopi from the third to the fourth world The first mound of the Ancient Egyptian temple and the sand ridge of Hopi ceremonial practice in their Kivas is explored and more including DNA The journey then takes us to the here and now how the Shemsu Hor have planted clues in stone for us to decipher regarding events unfolding today Perhaps we are not alone as well on our journey as human beings *Atlantis* Emmet John Sweeney,2010 Historian Emmet Sweeney persuasively intertwines history and literary references with hard science from archaeology and anthropology to genetics and geology to prove the existence of an ancient trans Atlantic link between the Old World and the New Sweeney examines The geological certainty of a sunken island in the Azores The Human Genome Project s startling revelation that 3% of Native American DNA is characteristic of people of south west Europe and the Atlas Mountains whose inhabitants as late as Roman times called themselves Atlanteans Archaeological and cultural proof of a relationship between the Stone Age and Early Bronze Age civilizations of North America and South West Europe The occurrence of cocaine and tobacco two American narcotics in many Egyptian mummies Piece by piece Sweeney constructs a compelling case for not just the probability but the necessity of an Atlantic stepping stone the missing link that transmitted both the culture and biology of Europe to America millennia before Columbus Atlantis The Evidence of Science argues as never before that Atlantis should rise to take its place in history not myth *Mystics and Messiahs* Philip Jenkins,2000-04-06 In *Mystics and Messiahs* the first full account of cults and anti cult scares in American history Philip Jenkins shows that contrary to popular belief cults were by no means an invention of the 1960s In fact most of the frightening images and stereotypes surrounding fringe religious movements are traceable to the mid nineteenth century when Mormons Freemasons and even Catholics were denounced for supposed ritualistic violence fraud and sexual depravity But America has

also been the home of an often hysterical anti cult backlash Jenkins offers an insightful new analysis of why cults arouse such fear and hatred both in the secular world and in mainstream churches many of which were themselves originally regarded as cults He argues that an accurate historical perspective is urgently needed if we are to avoid the kind of catastrophic confrontation that occurred in Waco or the ruinous prosecution of imagined Satanic cults that swept the country in the 1980s Without ignoring genuine instances of aberrant behavior *Mystics and Messiahs* goes beyond the vast edifice of myth distortion and hype to reveal the true characteristics of religious fringe movements and why they inspire such fierce antagonism
