The Golden Specific S. E. Grove, 2016-06-14 For fans of *The Golden Compass* this is book two in the *Mapmakers Trilogy* and follow up to S E Grove's stunning debut *The Glass Sentence*. It is the summer of 1892, one year since Sophia Tims and her friend Theo embarked upon the dangerous adventure that rewrote the map of the world. Since their return home to Boston, she has continued searching for clues to her parents' disappearance, combing archives and libraries, grasping at even the most slender leads. Theo has apprenticed himself to an explorer in order to follow those leads across the country, but one after another proves to be a dead end. Then Sophia discovers that a crucial piece of the puzzle exists in a foreign Age. At the same time, Theo discovers that his old life outside the law threatens to destroy the new one he has built with Sophia and her uncle Shadrack. What he and Sophia do not know is that their separate discoveries are intertwined and that one remarkable person is part of both. There is a city that holds all of the answers, but it cannot be found on any map. Surrounded by plague, it can only be reached by a journey through darkness and chaos, which is at the same time the plague's cure. **The Golden Specific**: This delicious blend of magic, history, and science will continue to delight fans of intricate world building and rich storytelling. School Library Journal: Readers who have already read the first installment will gladly savor another journey with Sophia and marvel at the worlds they enter. Brilliantly imagined and full of wonder. A Bibliography of Modern Arthuriana (1500-2000) Ann F. Howey, Stephen Ray Reimer, 2006. Annotated bibliography of the Arthurian legend in modern English language fiction, not only in literary texts but in television, music, and art. The legend of Arthur has been a source of fascination for writers and artists in English since the fifteenth century, when Thomas Malory drew together for the first time in English a variety of Arthurian stories from a number of sources to form the *Morte Darthur*. It increased in popularity during the Victorian era, when after Tennyson's treatment of the legend, not only authors and dramatists but painters, musicians, and film makers found a source of inspiration in the Arthurian material. This interdisciplinary annotated bibliography lists the Arthurian legend in modern English language fiction from 1500 to 2000, including literary texts, film, television, music, visual art, and games. It will prove an invaluable source of reference for students of literary and visual arts, general readers, collectors, librarians, and cultural historians, indeed by anyone interested in the history of the ways in which Camelot has figured in post-medieval English-speaking cultures. ANN F. HOWEY is Assistant Professor at Brock University, Canada. STEPHEN R. REIMER is Associate Professor at the University of Alberta, Canada.
