of issues surrounding music and violence issues that cross political boundaries time periods and media and provide cross cultural case studies of musical practices ranging from large scale events to regionally specific histories Following the editors substantive introduction which lays the groundwork for conceptualizing new ways of thinking about music as it relates to violence three broad themes are followed the first set of essays examines how music participates in both overt and covert forms of violence the second section explores violence and reconciliation and the third addresses healing post memorials and memory Music Politics and Violence affords space to look at music as an active agent rather than as a passive art and to explore how music and violence are closely and often uncomfortably entwined CONTRIBUTORS include Nicholas Attfield Catherine Baker Christina Baade J Martin Daughtry James Deaville David A McDonald Kevin C Miller Jonathan Ritter Victor A Vicente and Amy Lynn Wlodarski

My Brother, My Land Sami Hermez, 2024-02-20 A riveting and unapologetic account of Palestinian resistance the story of one family s care for their land and a reflection on love and heartache while living under military occupation In 1967 Sireen Sawalha s mother with her young children walked back to Palestine against the traffic of exile My Brother My Land is the

story of Sireen's family in the decades that followed and their lives in the Palestinian village of Kufr Ra'i. From Sireen's early life growing up in the shadow of the 67 War and her family's work as farmers caring for their land to the involvement of her brother Iyad in armed resistance in the First and Second Intifada, Sami Hermez with Sireen Sawalha crafts a rich story of intertwining voices mixing genres of oral history, memoir, and creative nonfiction. Through the lives of the Sawalha family and the story of Iyad's involvement with the Palestinian Islamic Jihad, Hermez confronts readers with the politics and complexities of armed resistance and the ethical tensions and contradictions that arise as well as with the dispossession and suffocation of people living under occupation and their ordinary lives in such times. Whether this story leaves readers discomforted, angry, or empowered, they will certainly emerge with a deeper understanding of the Palestinian predicament.

The Politics of Teaching Palestine to Americans M. Knopf-Newman, 2011-11-21 Explores how American youth are indoctrinated with Zionist mythology and how to intervene in that process by teaching about Palestine. It argues that as the relationship between Zionist education and the Israel lobby continues to be strong, it is necessary to correct the misrepresentations that infiltrate Western culture.

Documentary Cinema in Israel-Palestine Shirly Bahar, 2021-07-01 Alongside the upsurge in violence that came with the downfall of the Oslo era in the early 2000s, a new wave of documentaries emerged that centered on Palestinians and Mizrahim's Jews of Middle Eastern origins, historical and lived experiences of pain and oppression across Israel, Palestine, and beyond. The documentaries challenge the systemic removal of self-represented Palestinian and Mizrahi pain from mainstream media and the public realm dominated by Israel. This book explores how Palestinians and Mizrahim perform their long-endured pain on screen. Analysing key documentary films from the first decade of the 2000s, Shirly Bahar offers a nuanced reading of the cinematic documentary corpus emerging from Israel, Palestine, as well as Palestinians and Mizrahim's different and unequal yet interrelated forms of oppression and racialization under Israeli rule. While pain sets them apart, the documentary representations of pain of Palestinians and Mizrahim invite us to consider reconnection by focusing on the very relational nature of pain.

Contemporary State Terrorism Richard Jackson, Eamon Murphy, Scott Poynting, 2009-09-10 This volume aims to bring the state back into terrorism studies and fill the notable gap that currently exists in our understanding of the ways in which states employ terrorism as a political strategy of internal governance or foreign policy. Within this broader context, the volume has a number of specific aims. First, it aims to make the argument that state terrorism is a valid and analytically useful concept which can do much to illuminate our understanding of state repression and governance and illustrate the varieties of actors, modalities, aims, forms, and outcomes of this form of contemporary political violence. Secondly, by discussing a rich and diverse set of empirical case studies of contemporary state terrorism, this volume explores and tests theoretical notions, generates new questions, and provides a resource for further research. Thirdly, it contributes to a critical, normative approach to the study of terrorism more broadly and challenges dominant approaches and perspectives which assume that states, particularly Western states, are primarily victims and not

perpetrators of terrorism Given the scarceness of current and past research on state terrorism this volume will make a genuine contribution to the wider field particularly in terms of ongoing efforts to generate more critical approaches to the study of political terrorism This book will be of much interest to students of critical terrorism studies critical security studies terrorism and political violence and political theory in general Richard Jackson is Reader in International Politics at the University of Wales Aberystwyth He is the founding editor of the Routledge journal Critical Studies on Terrorism and the convenor of the BISA Critical Studies on Terrorism Working Group CSTWG Eamon Murphy is Professor of History and International Relations at Curtin University of Technology in Western Australia Scott Poynting is Professor in Sociology at Manchester Metropolitan University

[The Israeli-Palestinian Conflict](#) R. Halwani, T. Kapitan, 2007-12-14 This book addresses the ongoing conflict among Israeli Jews and Palestinian Arabs from a philosophical perspective The authors argue that ignoring justice and failing to address violations of rights including the rights of both Palestinians and Israelis to live securely and freely then a lasting solution to the conflict will remain elusive

Pappe,2007-09-01 The book that is providing a storm of controversy from Israel's bravest historian John Pilger Renowned Israeli historian Ilan Pappé's groundbreaking work on the formation of the State of Israel Along with the late Edward Said Ilan Pappé is the most eloquent writer of Palestinian history NEW STATESMAN Between 1947 and 1949 over 400 Palestinian villages were deliberately destroyed civilians were massacred and around a million men women and children were expelled from their homes at gunpoint Denied for almost six decades had it happened today it could only have been called ethnic cleansing Decisively debunking the myth that the Palestinian population left of their own accord in the course of this war Ilan Pappé offers impressive archival evidence to demonstrate that from its very inception a central plank in Israel's founding ideology was the forcible removal of the indigenous population Indispensable for anyone interested in the current crisis in the Middle East Ilan Pappé is Israel's bravest most principled most incisive historian JOHN PILGER Pappé has opened up an important new line of inquiry into the vast and fateful subject of the Palestinian refugees His book is rewarding in other ways It has at times an elegiac even sentimental character recalling the lost obliterated life of the Palestinian Arabs and imagining or regretting what Pappé believes could have been a better land of Palestine TIMES LITERARY SUPPLEMENT A major intervention in an argument that will and must continue There's no hope of lasting Middle East peace while the ghosts of 1948 still walk INDEPENDENT [Come My Children](#) Hekmat Al-Taweel,2023-08-18 Hekmat Al Taweel 1922 2008 was a

which honours women's unique and underrepresented perspectives on the social material and political realities of Palestinian life Foreword by Ilan Pappé *Heroes and Martyrs of Palestine* Laleh Khalili, 2007-03-29 Many decades have passed since the Palestinian national movement began its political and military struggle In that time poignant memorials at massacre sites a palimpsest of posters of young heroes and martyrs sorrowful reminiscences about lost loved ones and wistful images of young men and women who fought as guerrillas have all flourished in Palestinian refugee camps in Lebanon and in the Occupied Palestinian Territories *Heroes and Martyrs of Palestine* tells the story of how dispossessed Palestinians have commemorated their past and how through their dynamic everyday narrations their nation has been made even without the institutional memory making of a state Bringing ethnography to political science Khalili invites us to see Palestinian nationalism in its proper international context and traces its affinities with Third Worldist movements of its time while tapping a rich and oft ignored seam of Palestinian voices histories and memories **Justice on the Cross** Kathleen Christison, 2023-03-09 At its heart liberation theology is a modern theology of resistance to the oppression imposed by colonialist and post colonialist systems and even by churches that cooperate with secular centers of power to oppress the poor and disadvantaged It is a grassroots social justice theology a *cri de c ur* that seeks to give spiritual succor and hope to those living in seemingly hopeless circumstances Palestinians a people whose suffering has largely been forgotten by the world since Israel's establishment and who are most often stereotyped as extremists and enemies of Israel with no legitimate claim to their own homeland are among the world's most marginalized populations The small Palestinian Christian community an indigenous population descended from Jesus's first followers has created a liberation theology for the Palestinian context that reaches out to its own Christian faithful and their Muslim compatriots This is a nonviolent political theological resistance that follows Jesus's teaching that God is present with all God's children and heeds Jesus's gospel injunctions to comfort the suffering and let the oppressed go free For Palestinians their very survival in the land is resistance to Israel's efforts to remove them and liberation theology sustains their resistance Jesus was the first liberation theologian

Globalization and Terrorism Jamal R. Nassar, 2009-07-16 Courageously stepping into charged terrain this book casts a clear light on globalization and terrorism for what they are not what some may wish them to be Jamal R Nassar carefully defines these twin concepts placing them in historical as well as political context Woven throughout the book is his central theme of the migration of dreams and nightmares As some are able to take advantage of the opportunities of globalization leaving others behind they leave behind a legacy of unrealistic dreams These unfulfilled hopes of the poor and oppressed often transform themselves into nightmares for the wealthy and powerful This vicious cycle the author argues is often enhanced by globalization and effected by terrorism Focusing on the key case studies of Palestine and Northern Ireland Nassar applies their lessons to other examples of conflict including Iraq Afghanistan the Congo Chechnya and Colombia in order to internationalize our understanding of how globalization and terrorism operate in a range of situations He also devotes a chapter to Islamist terrorism in a tour de force of incisiveness and balance This book considers globalization and terrorism not only from the perspective of the major powers but also introduces the views of those dominated by forces beyond their control Yet even as the author offers a profound critique of Western hegemony he conveys respect and hope for an enlightened global interdependence embracing the power of the dream over the nightmare
