*The House of Memory* John Freely, 2018-02-20 In this funny and tender memoir John Freely reflects on a remarkable life. Splitting his early childhood between the U.S. and Ireland inspired in Freely a lifelong desire to see the world and its inhabitants. At age six he settled in Brooklyn where he spent a sometimes tumultuous boyhood amidst a large extended family moving from house to house, the family's belongings packed in an uncle's hearse. Growing up poor in his teens, Freely took whatever jobs he could when times got tough, always shaking off his losses and moving on hungry for new experiences and adventures. He joined the U.S. Navy at seventeen to see the world and did just that. As a member of an elite commando unit, he was sent to one of the most remote places in Asia where he served alongside Chiang Kai-shek's Chinese forces during the last weeks of World War II. A vivid recollection on a world that now exists only in memory, *The House of Memory* is a lasting tribute to a life well lived and to all of the immigrant families who have struggled, endured, and enriched our country.

*Great War Britain Tyneside: Remembering 1914-18* Jo Bath, 2015-02-02 First World War claimed over 995,000 British lives and its legacy continues to be remembered today. *Great War Britain Tyneside* offers an intimate portrayal of the area and its people living in the shadow of the war to end all wars. A beautifully illustrated and highly accessible volume, it describes local reaction to the outbreak of war, the experience of individuals who enlisted, the changing face of industry, the work of the many hospitals in the area, the effect of the conflict on local children, the women who defied convention to play a vital role on the home front, and concludes with a chapter dedicated to how Tyneside and its people coped with the transition to life in peacetime. Once more, the Great War story of Tyneside is told through the voices of those who were there and is vividly illustrated with evocative images from the collections of Tyne Wear Archives, Museums, and other archives across the region.

**Virginia Woolf's Influential Forebears** Marion Dell, 2015-10-12 Virginia Woolf's *Influential Forebears* reveals under-acknowledged nineteenth-century legacies which shaped Woolf as a writing woman. Marion Dell identifies significant lines of descent from the lives and works of Woolf's great aunt Julia Margaret Cameron, the writer she called Aunt Anny Thackeray Ritchie, and her mother Julia Prinsep Stephen.

*Beyond Evidence* Julia Viebach, Dagmar Hovestädt, Ulrike Lühe, 2022-02-23 Drawing on conceptual debates in transitional justice and critical archival studies as well as empirical cases from various countries around the world, the contributions in this book critically examine how archives are produced by and used in transitional justice processes such as tribunals, truth commissions, and

remembrance processes This edited volume provides conceptual critiques of the transitional justice paradigm and innovations in providing a new lens on archival practices in transitional justice In doing so it offers in depth analyses of the relationship between archives and transitional justice in France Colombia Rwanda South Africa and Northern Ireland it highlights truth commission and international court archives as much as personal collections and oral histories The authors bring critical archival studies into dialogue with transitional justice discourses to highlight the activism and emancipatory potential but also the possibilities of injustices inherent in archives and archival practice Crucially the book goes beyond merely highlighting the evidentiary value of archives by linking them to a multitude of transitional justice processes goals and ideals including remembrance processes witnessing reconciliation non recurrence and various struggles against injustices and prevalent violence This collection contributes to and expands our understanding of archives in transitional justice and critically questions core assumptions being made about the inherently positive contributions archives and records make to dealing with a violent past The chapters in this book were originally published as a special issue of The International Journal of Human Rights

**The Last Paladin** P. T. Deutermann, 2022-07-19 Winner of the 2023 W Y Boyd Literary Award for Excellence in Military Fiction A gripping tale of anti submarine warfare in the World War II Pacific Theater by a master of military adventure fiction The Last Paladin by P T Deutermann is based on the true story of the USS Holland DE 24 a World War II Atlantic Fleet destroyer escort which has spent the past two years in the unforgiving battle for survival against the German U boats of the North Atlantic Summoned to relieve destroyers that are bogged down by escort duty in the escalating Pacific Theater the Holland is met with a rather cold reception In the eyes of Pacific Fleet sailors North Atlantic convoy duty pales in comparison to the bloody carrier sinking battles of Savo Island and Guadalcanal However Atlantic Fleet ships have had to specialize in one thing anti submarine warfare The Holland is sent off into remote South Pacific operating areas with orders to find and destroy Japanese submarines but with little expectation of success Her commanders take the mission literally using radio intercepts that are being ignored at higher levels they determine that the Japanese have set up a 1000 mile long picket line of six submarines an entire squadron's worth to act as a moveable barrier against the expected American advance into the next set of islands These submarines are poised to sink every American aircraft carrier and destroyer and to change the course of the war What happens next is one of the legendary stories of the US Navy The Last Paladin is high stakes naval warfare at its best told with utter authenticity and a former ship captain's understanding of dramatic intense combat P T Deutermann continues his acclaimed series of WWII thrillers in this unforgettable novel *The Branding Iron*, 1990
