Architecture of Ra Kyle Weyburne, 2023-07-06 This book was turned into a feature film which scooped international awards throughout Europe It finally solves that question that has vexed us for centuries Why did the Egyptians build their insane pyramids They were the World s first skyscrapers One of them in particular the Great Pyramid is the last of the Seven Wonders of the World and it s a miracle that it still stands Many have tried to destroy it even today ISIS sought to do the same And while Cleopatra seems remote to us she lived closer to our time than she did to that of the pyramid builders mammoths still roamed the Earth when the Great Pyramid was created Despite it being the most incredible structure that humans have ever built we still have no idea what its function was Most assume it was to be the tomb for King Khufu but then again most agree that he was never buried there So why then did they spend two decades building what was to be the

World's tallest building for the next 4 000 years Surely even the Ancient Egyptians weren't so vain as to devote so much time and effort to simply proving the greatness of Pharaoh Khufu Its measures are so precise that my distant ancestor Isaac Newton studied its dimensions to gauge the size of the planet Others are so overwhelmed by its exactitude and its immense size that they feel that they have to attribute it to aliens or Atlanteans It's understandable then that we struggle to understand its purpose This book though finally reveals the truth and its stranger than any fiction we could conjure they believed that their pyramids were necessary to save Pharaoh's life but also to turn him into a god **Sepher Rezial**

Hemelach Steve Savedow,2025-09-12 Sepher Rezial Hemelach is the long-awaited first English translation of this famous magical text a translation from the ancient Hebrew in the rare and complete 1701 Amsterdam edition According to Hebrew legend the Sepher Rezial was presented to Adam in the Garden of Eden given by the hand of God and delivered by the angel Rezial The myth thus suggests that this is the first book ever written and of direct divine provenance A diverse compendium of ancient Hebrew magical lore this book was quite possibly the original source for later traditional literature on angelic hierarchy astrology Qabalah and Gematria Moses Gaster mentions this in his introduction to *The Sword of Moses* 1896 suggesting that the Sepher Rezial could be a primary source for many magic and qabalistic books of the Middle Ages Sepher Rezial Hemelach is a compilation of five books The Book of the Vestment The Book of the Great Rezial The Holy Names The Book of the Mysteries and The Book of the Signs of the Zodiac It includes extensive explanatory text on the holy names of God the divisions of Heaven and Hell the names and hierarchy of the angels and spirits as well as symbolic interpretations of both the Book of Genesis and Sepher Yetzirah It also includes material on astronomy astrology gematria and various magical talismans most notably those used for protection during childbirth In his introduction Steve Savedow details the history bibliographical citations and lineage of this famous work He lists the old and rare manuscripts still in existence and provides a bibliography of other reference works for study of the Western esoteric tradition *The Complete Rags of Time: A Season in Prison* Jack Cook,2012-07-18 *The Complete Rags of Time A Season in Prison* Parts 1 and 2 publishes for the first time all the prison narrative I wrote in the six month period January 1971 June 1971 after my release from Federal Prison in November 1970 *Rags of Time A Season in Prison* Beacon 1972 was only part 1 of the narrative It was published because it was complete in itself and Beacon wanted it out as quickly as possible Beacon had just published in book form for the first time *The Pentagon Papers* and desired I think a more human face to put on their antiwar efforts I think too they hoped I would promote both books on tour I disappointed them in that effort I was not ready for a book tour and would not participate in such a venture The manuscript has gathered dust over the decades for at the time I held out hope that Beacon would publish it But in the pre Watergate days when *Rags* was published mainstream reviewers would not pick it up It did receive some positive reviews in alternative press venues had a wide library circulation here and in Canada and was taught in college and university courses on both coasts Before I too turn to dust I feel it necessary not only to complete the record

but to complete the story of my friends fellow prisoners of war who took their stand against the war to prison Now for all the victims of our war without end NSA surveillance the fascist Homeland Security apparatus and the unconscionable strip searches of the rights and bodies of old and young I feel the need to throw yet another book to the barricade **Seasons & Living Things (eBook)** Edward P.
