Sebastiao Salgado:

Sebastião Salgado: from My Land to the Planet Sebastião Salgado, 2022 Sebastião Salgado's photographs have been shown around the world. In From My Land to the Planet the photographer tells us the story of his most famous reportages from the black and white portraits of unknown men and women workers or refugees to the more recent Genesis project a portrait of the most uncontaminated places of our planet. With a kindness and a disarming simplicity Salgado rebuilds his path, exposes his beliefs, makes us witnesses of his emotions. In this volume his talent as a storyteller and the authenticity of a man who knows how to combine activism and professionalism talent and generosity clearly emerge. The reader will discover fascinating stories of every corner of the world both near and remote from Africa to the Americas and then again the birth of the Instituto Terra of the Genesis project of Magnum Photos and Amazonas Images. **Sebastião Salgado** Sebastião Salgado, 2008 From My Land to the Planet Sebastião Salgado, Isabelle Francq, 2014 *The Salt of the Earth* is an award winning documentary by Wim Wenders inspired by *From my Land to the Planet*. *Photographs by Sebastião Salgado*, 2002 Sebastiao Salgado Sebastiao Salgado, 2007-01-16 His images of the Sahel famine and his colossal project *Workers* would be enough to make his reputation and justify all the awards he has received. But there is more. A native of Brazil trained as an economist Sebastiao Salgado has shown a constant faith in mankind, a solidarity that never wavers or flinches in the face of pain, an ability to analyze extreme situations, a fierce drive to affirm what he truly is: a humanist photographer. About the series *The Classic Photofile* series brings together the best work of the world's greatest photographers in an attractive format and at a reasonable price. Handsome and collectible, the books are produced to the highest standards. Each volume contains some sixty full page photographs in duotone and or color plus an introduction and a bibliography. Now back in print the series was awarded the first annual prize for distinguished photographic books by the International Center of Photography. **Planting Hope** Philip Hoelzel, 2024-03-05 Sebastião adored exploring the paradise of his parents' farm in the Mata Atlântica forest of Brazil. From atop a hill he would look at the world from a new perspective and dream of what might lie beyond his view. Then when he went away to school Sebastião met Lia who showed him how to use a camera for the very first time. When Sebastião looked through the camera he realized he could use photography to organize how the world fit together. Because of his talent for seeing what others could not Sebastião traveled the world and took pictures for all kinds of news stories. But after witnessing too many painful images of environmental destruction and violence he put away his camera and returned with Lia to his childhood home. But when they arrived at the farm the land was in ruins. So Lia suggested they rebuild the rain forest and make their efforts an example to others. Through art and activism Sebastião and Lia would show that everyone was connected to a large ecosystem and responsible for its care and that all may not be lost if we take action. **Sebastiao Salgado Hb** PASCAL.
