distance interaction across Eurasia remained poorly studied Here ample attention is given to the journeys that notions and objects undertook to transmit spatial values to other civilizations In retracing the steps of four major circuits right across the many civilizations that shared the Silk Road The Journey of Maps and Images on the Silk Road traces the ways in which maps and images surmounted spatial historical and cultural divisions **The Album of the World Emperor** Emine Fetvacı,2020-01-07

The first study of album making in the Ottoman empire during the seventeenth century demonstrating the period s experimentation eclecticism and global outlook The Album of the World Emperor examines an extraordinary piece of art an album of paintings drawings calligraphy and European prints compiled for the Ottoman sultan Ahmed I r 1603 17 by his courtier Kalender Pa a d 1616 In this detailed study of one of the most important works of seventeenth century Ottoman art Emine Fetvacı uses the album to explore questions of style iconography foreign inspiration and the very meaning of the visual arts in the Islamic world The album s thirty two folios feature artworks that range from intricate paper cutouts to the earliest examples of Islamic genre painting and contents as eclectic as Persian and Persian influenced calligraphy studies of men and women of different ethnicities and backgrounds depictions of popular entertainment and urban life and European prints depicting Christ on the cross that in turn served as models for apocalyptic Ottoman paintings Through the album Fetvacı sheds light on imperial ideals as well as relationships between court life and popular culture and shows that the boundaries between Ottoman art and the art of Iran and Western Europe were much more porous than has been assumed Rather than perpetuating the established Ottoman idiom of the sixteenth century the album shows that this was a time of openness to new models outside sources and fresh forms of expression Beautifully illustrated and featuring all the folios of the original seventy page album The Album of the World Emperor revives a neglected yet significant artwork to demonstrate the distinctive aesthetic innovations of the Ottoman court *Publishers' Circular and General Record of British and Foreign Literature, and Booksellers' Record* ,1898 Persian Art Vladimir Lukonin,Anatoly Ivanov,2012-06-30 Housed in the Hermitage Museum along with other institutes libraries and museums in Russia and the republics of the former Soviet Union are some of the most magnificent treasures of Persian Art For the most part many of these works have been lost but have been catalogued and published here for the first time with an unsurpassed selection of colour plates In a comprehensive introduction Vladimir Lukonin Director of the Oriental Art section of the Hermitage Museum and his colleague Anatoli Ivanov have broadly documented the major developments of Persian Art from the first signs of civilisation on the plains of Iran around the 10th century BCE through the early 20th century In the second part of the book they have catalogued Persian Art giving locations origins descriptions and artist biographies where available Persian Art demonstrates a common theme which runs through the art of the region over the past three millennia Despite many religious and political upheavals Persian Art whether in its architecture sculpture frescoes miniatures porcelain fabrics or rugs whether in the work of the humble craftsmen or the high art of court painters displays the delicate touch and subtle refinement which has had a profound
