Orphans Destiny:

Orphan's Destiny Robert Buettner,2008-04-01 In the bold second installment of Buettner s military science fiction series that began with *Orphanage* 25 year old General Jason Wander is returning home after long years in space but to what Earth is now impoverished following the alien war The problem the first alien invasion was merely Plan A **Destiny's Voice** Marc Van pelt,2024-04-06 In this next installment of the Fate s Foe series the adventure continues for Mathen Cutter and his adopted son Jas Still settling into life together the pair visit Alix s gadget shop when 10 year old Jas cleverly thwarts a thief with his street smarts But soon tensions brewing between elves and the Necromian Kingdom put them all in peril Anti elf riots break out after attacks on industrial sites falsely blamed on the elves While trying to make peace Jas s true identity gets exposed catching the eye of the slave traders Mathen had rescued him from years ago Now Jas s life is again at risk from enemies determined to recapture him and leverage his secrets to instigate war To protect this boy fated for darkness Mathen and Alix must secretly whisk Jas away But can Mathen ensure this bright lad chooses a heroic path when ominous signs suggest Jas may yet embrace his shadowed beginnings Destiny's Story Mathilda No,2023-06-23 The story begins with Destiny sitting alone in her prison cell feeling completely detached In a solemn reflective state she mulls over her past actions bad decisions and life experiences Her parents had migrated from Africa to France before she was born marking the start of a life of movement spending her childhood living between Africa and France with her family Despite a visual impairment Destiny was successful academically Popular within her community sociable and creative she dreamt of becoming a famous singer or actress but drug and alcohol abuse began to darken her life This was the beginning of trouble misadventure and challenging relationships Realising that France was no longer the place for her Destiny finds herself on the move once more looking to improve her life An intriguing opportunity arrives when Destiny is offered a dream holiday to an idyllic tropical island Accepting this offer was a decision that she would forever regret This personal moving and emotional journey ends with an event that was foreshadowed at the start of the book the arrest of Destiny and her friend at an international airport **Black Children in Hollywood Cinema** Debbie Olson,2017-03-14 This book explores cultural conceptions of the child and the cinematic absence of black children from contemporary Hollywood film Debbie Olson argues that within the discourse of children s studies and film scholarship in relation to the conception of the child there is often little to no distinction among children by race the child is most often discussed as a universal entity as the embodiment of all things not adult not sexually corrupt Discussions about children of color among scholars often take place within contexts such as crime drugs urbanization poverty or lack of education that tend to reinforce historically stereotypical beliefs about African Americans Olson looks at historical conceptions of childhood within scholarly discourse the child character in popular film and what space the black child both African and African American occupies within that ideal **The Pope's Children** David McWilliams,2011-01-11 Named for the ironic coincidence of the Irish baby boom of the 1970s which peaked nine

months to the day after Pope John Paul II's historic visit to Dublin. The Pope's Children is both a celebration and biting funny portrait of the first generation of the Celtic Tiger, the beneficiaries of the economic miracle that propelled Ireland from centuries of deprivation into a nation that now enjoys one of the highest living standards in the world. **Glory** NoViolet Bulawayo, 2022-03-08 2022 BOOKER PRIZE FINALIST Manifoldly clever brilliant Glory is its own vivid world drawn from its own folklore. This is a satire with sharper teeth, angrier and also very very funny. Violet Kupersmith The New York Times Book Review Genius 1 New York Times bestselling author Jason Reynolds From the award winning author of the Booker prize finalist We Need New Names an exhilarating novel about the fall of an oppressive regime and the chaos and opportunity that rise in its wake. NoViolet Bulawayo's bold new novel follows the fall of the Old Horse, the long serving leader of a fictional country and the drama that follows for a rumbustious nation of animals on the path to true liberation. Inspired by the unexpected fall by coup in November 2017 of Robert G. Mugabe, Zimbabwe's president of nearly four decades, Glory shows a country's imploding narrated by a chorus of animal voices that unveil the ruthlessness required to uphold the illusion of absolute power and the imagination and bulletproof optimism to overthrow it completely. By immersing readers in the daily lives of a population in upheaval, Bulawayo reveals the dazzling life force and irresistible wit that lie barely concealed beneath the surface of seemingly bleak circumstances. And at the center of this tumult is Destiny, a young goat who returns to Jidada to bear witness to revolution and to recount the unofficial history and the potential legacy of the females who have quietly pulled the strings here. The animal kingdom, its connection to our primal responses and its resonance in the mythology, folktales and fairy tales that define cultures, the world over, unmasks the surreality of contemporary global politics to help us understand our world more clearly, even as Bulawayo plucks us right out of it. Although Zimbabwe is the immediate inspiration for this thrilling story, Glory was written in a time of global clamor with resistance movements across the world challenging different forms of oppression. Thus it often feels like Bulawayo captures several places in one blockbuster allegory, crystallizing a turning point in history with the texture and nuance that only the greatest fiction can. *One in Five* Micki Boas, 2020-08-11 Practical tips and advice for parents navigating the school system from a mom who's been there. One in five children have dyslexia, but too many parents feel isolated and defeated in their efforts to secure an equal chance for their children. After fighting the school system for four years to get the correct diagnoses and proper learning assistance for her two dyslexic sons, Micki Boas realized that parents need to hack the system, cutting through the invisible red tape of school funding, IEPs, specialized teacher training, and more. Drawing on insights from over 200 parents, educators, and experts, Boas delves into when children need to be diagnosed to get the help they need and why it doesn't always happen. What special education programs are mandated by law and why most schools fail to provide them. What parents can do to advocate for their children and help change the larger system. One in Five shares the secrets the professionals won't tell you, but that makes all the difference. *Memory Echoes: An Orphan's Retrospective* Pasquale De Marco, 2025-04-06 In the poignant
