Viola,2022-03-17 For decades American schoolchildren have learned only a smattering of facts about Native American peoples especially when it comes to service in the U S military They might know that Navajos served as Code Talkers during World War II but more often they learn that Native Americans were enemies of the United States not allies or patriots In **Warrior Spirit** author Herman J Viola sets the record straight by highlighting the military service and major sacrifices of Native American soldiers and veterans in the U S armed services American Indians have fought in uniform in each of our nation s wars Since 1775 despite a legacy of broken treaties cultural suppression and racial discrimination indigenous Americans have continued to serve in numbers that far exceed their percentage of the general U S population **Warrior Spirit** introduces readers to unsung heroes from the first Native guides and soldiers during the Revolutionary War to those servicemen and women who ventured to Vietnam Iraq and Afghanistan This outstanding record of service begs a question Why do American Indians willingly serve a country that has treated them so poorly Native veterans invariably answer that they are a warrior people who have a sacred obligation to defend their homeland and their families Written to be accessible to young adult readers **Warrior Spirit** is a valuable resource for any reader interested in Native American military history

**Young Sioux Warrior** Francis Lynde Kroll,2007-01-01 Little Bear sat far back in the great wigwam The warriors formed a circle around the council fire in front of him Little Bear had listened to the long debate wishing he dared speak Plainly two of the older warriors wanted this small hunting party to return to the main Sioux camp He bent forward to listen as Big Buffalo one of those two warriors stood up to speak It is foolish to stay longer Big Buffalo spoke slowly The Pawnees have driven the buffalo from our hunting grounds Next they will attack this small party The moment Big Buffalo sat down Flying Arrow leaped to his feet Let s drive the Pawnees out he roared Little Bear had to clap his hands over his mouth to keep from shouting his approval With deep disappointment he saw the heads around the circle shake in disagreement Even the young warriors whom he would have expected to approve Flying Arrow s words shook their heads Little Bear s eyes lighted with hope when he saw his grandfather Great Bear get to his feet The Pawnees on the other side of the river are many Great Bear pointed out We are too few to attack them We could send to the main camp for more warriors but that would take long Yet if

we are alert we can get meat to take back to the main camp When Great Bear sat down Rain Maker got to his feet Great Bear spoke words of wisdom Rain Maker agreed We can hunt buffalo on our way back to the main camp We may get much meat Little Bear looked expectantly at his grandfather He knew this wasn't the plan Great Bear had in his mind The old warrior would never suggest they should run from the Pawnees Little Bear expected Grandfather to jump up and angrily deny that this was his plan But Grandfather made no move to get to his feet Instead he waited to give others a chance to speak He meant we'd hunt buffalo here and not run from the Pawnees Little Bear was frightened when he realized he had spoken aloud He drew his blanket over his head and huddled down to make himself as small as possible He wanted to stand up and dash out of the wigwam but that would be still worse A Sioux boy must wait and follow the warriors He held himself quiet He had spoken in the warriors council without permission He must stay and take his punishment The small one with the big mouth has spoken truly Flying Arrow had stood and was talking Great Bear would not counsel us to run from the Pawnees Little Bear hung his head in shame He had been called the small one with the big mouth He knew he deserved the name It would not have seemed quite so bad if someone other than Flying Arrow had given it to him Nevertheless from then on the discussion changed There was no more talk of starting back to the main camp without meat The warriors agreed the Pawnees were not likely to attack while the Sioux were on their own hunting grounds They decided they would stay and hunt buffalo When they had enough meat they would start for the main camp Even though they were sure the Pawnees would not attack they decided they would have outriders scouts and sentinels on every hunting trip

*Warriors in Uniform* Herman J. Viola, 2008 Native Americans have willingly served in the U S military during every one of its wars and their numbers in the armed forces today exceed the percentage of any other ethnic group What inspires these young people to enlist One factor is the opportunity to continue a proud warrior tradition in which the deeds of battle are considered the highest form of bravery a cultural context that is detailed in *Warriors in Uniform* Author Herman J Viola sets this story against a chronology of conflict from the 1770s to the present revealing the roles of Native Soldiers in America's two wars with Britain the poignant reason 15 000 American Indians wore Confederate gray and the distinction with which they have served in both world wars as well as Korea Vietnam Afghanistan and Iraq Illustrated with archival images exhibit worthy photo essays and artifact galleries from museum events nationwide this special edition of *Warriors in Uniform* holds fascination for everyone interested in history culture biography and art as well as deeper truths for all of us about the way we view one another as fellow citizens of the nation and the world

Marginalisation and Aggression from Bullying to Genocide Stephen James Minton,2016-09-26 In this book the author proposes the existence of a continuum of aggressive marginalisation phenomena ranging from the unfortunately commonplace experiences of prejudice discrimination and bullying behaviour through to genocide Attempts made by researchers and practitioners to understand counter and prevent bullying behaviour are reviewed A key finding has been that the success that has been accrued has been limited especially when the case of those who belong to so called minority groups who are often the target of prejudice outside of the school gates is considered it is suggested that future anti bullying actions should meaningfully engage with prejudice as an underlying factor After a critical consideration of the various psychological understandings of

aggression aggressive behaviour and marginalisation has been made the author goes on to introduce and assess an eight stage model of physical genocide based primarily on insights from social cognitive psychology and exemplified in the history of the Lakota Cheyenne Campaign 1864 1890 This is followed by a consideration of the cultural genocide levelled against indigenous peoples exemplified in the Sami people in Norway and indigenous peoples of North America as implemented through the actions of educational systems and educators The book ends with some suggestions being made regarding our potential to address the One and Other mindset that is proposed as underlying the continuum of aggressive marginalisation phenomena through the psychological understandings that we can offer the educational practice that we can provide and in the conscious acts of the affirmation of humanity we can make in our individual and collective choices Stephen James Minton is a lecturer in the psychology of education at the School of Education Trinity College Dublin Ireland He has extensive experience in the fields of anti bullying research and practice and is interested in the histories and psychosocial situations and especially the educational experiences of marginalised people and groups
