*Memories of a Lost War* Subarno Chattarji, 2001 In this unique and significant addition to Vietnam studies *Memories of a Lost War* analyzes the poems written by American veterans protest poets and Vietnamese within political aesthetic and cultural contexts Drawing on a wealth of material often published in small presses and journals the book highlights the horrors of war and the continuing traumas of veterans in post Vietnam America In its inclusion of Vietnamese perspectives the book marks a departure from earlier works that have largely concentrated on Vietnam as a war rather than a country

**Here I Stand** Angela Joan Smith, 2017-10-03 John Beecher 1904 1980 never had the public prominence of his famous ancestors but as a poet professor sociologist New Deal administrator journalist and civil rights activist he spent his life fighting for the voiceless and oppressed with a distinct moral sensibility that reflected his self identification as the twentieth century torchbearer for his famous family While John Beecher had many vocations in his lifetime he always considered himself a poet and a teacher Some critics have compared the populist elements of Beecher's poetry to the work of Walt Whitman and Carl Sandburg but his writing never gained a broad audience or critical acclaim during his lifetime This book examines Beecher's writing and activism and places them in the broader context of American culture at pivotal points in the twentieth century

The Turning Andrew E Hunt, 1999-07-01 This extraordinary and deeply moving history reveals the untold story of the military veterans who protested the Vietnam War Mike Davis author of *City of Quartz* The anti Vietnam War movement in the United States is perhaps best remembered for its young counterculture student protesters However the Vietnam War was the first conflict in American history in which a substantial number of military personnel actively protested the war while it was in progress In *The Turning* Andrew Hunt reclaims the history of the Vietnam Veterans Against the War VVAW an organization that transformed the antiwar movement by placing Vietnam veterans in the forefront of the nationwide struggle for peace Misunderstood by both authorities and radicals alike VVAW members were mostly young men who had served in Vietnam and returned profoundly disillusioned with the rationale for the war and with American conduct in Southeast Asia Angry impassioned and uncompromisingly militant the VVAW posed a formidable threat to America's Vietnam policy Based on extensive interviews and in depth primary research including recently declassified government files *The Turning* is a vivid history of the men who risked censures stigma even imprisonment for a cause they believed to be an extended tour of duty

*The New Winter Soldiers* Richard R. Moser, 1996 Richard Moser uses interviews and personal stories of Vietnam veterans to offer a fundamentally new interpretation of the Vietnam War and the antiwar movement Although the Vietnam War was the most important conflict of recent American history its decisive battle was not fought in the jungles of Vietnam or even in the streets of the United States but rather in the hearts and minds of American soldiers To a degree unprecedented in American history soldiers and veterans acted to oppose the very war they waged Tens of thousands of soldiers and veterans engaged in desperate conflicts with their superiors and

opposed the war through peaceful protest creating a mass movement of dissident organizations and underground newspapers Moser shows how the antiwar soldiers lived out the long tradition of the citizen soldier first created in the American Revolution and Civil War Unlike those great upheavals of the past the Vietnam War offered no way to fulfill the citizen soldier's struggle for freedom and justice Rather than abandoning such ideals however tens of thousands abandoned the war effort and instead fulfilled their heroic expectations in the movements for peace and justice According to Moser this transformation of warriors into peacemakers is the most important recent development of our military culture The struggle for peace took these new winter soldiers into America rather than away from it Collectively these men and women discovered the continuing potential of American culture to advance the values of freedom equality and justice on which the nation was founded

**Radical Visions** Vicente F. Gotera, 1994 Although poets have written about warfare since at least the time of Homer the Vietnam war has struck many observers as being immune to the interpretations of poetry and myth Lyric poetry of a traditional kind writes one critic has proved inappropriate to communicate the character of the Vietnam war its remoteness its jargonized recapitulations its seeming imperviousness to aesthetics Nonetheless the past two decades have seen an unprecedented outpouring of poetry that seeks to describe and come to terms with that bitterly divisive conflict In *Radical Visions* Vince Gotera argues that poetry written by Vietnam veterans underlines the failure of traditional American myths to help Americans understand the war and its aftermath The book blends sociohistorical commentary with close readings of individual works by such poets as Michael Casey Walter McDonald and W D Ehrhart In the book's first section *The Nam* Gotera examines several key mythic structures the Wild West a violent extension of the mythic virgin land the machine in the garden the city on the hill regeneration through violence all of which helped delude Americans about Vietnam and the war being fought there In the second part *The World* Gotera shows how another myth the American Adam as an exemplar of ahistorical innocence proved unusable for returning veterans attempting to readjust to American life In addition to exposing these failed myths Gotera argues the poetry by Vietnam veterans reflects an effort to construct new myths most notably that of the warrior against war an oxymoronic structure arising from the difficulties faced by returning veterans In the book's final chapters Gotera examines the work of Bruce Weigl and Yusef Komunyakaa two poets whom the author considers most successful at portraying the moral absurdity of the Vietnam war without sacrificing lyrical aesthetics The first comprehensive study devoted exclusively to poetry by Vietnam veterans *Radical Visions* argues that this body of writing registers an important advance in the aesthetics and poetics of war literature and offers a cogent antiwar statement rooted in personal experience

*Earth Songs* Jan Barry, 2003 *Earth Songs* unveils extraordinary views of the world discovered by a soldier turned poet amid a bitter war and brittle peace From flowers blooming in battle zones to a dying love's parting words these poems crackle with life amid death a storyteller's own true song

**Herbert Woodward Martin and the African American Tradition in Poetry** Ronald Primeau,2004 Herbert Woodward Martin is a prize winning poet and performer an actor and playwright a singer and opera librettist a professor and a scholar Born in Alabama in 1933 and educated in Toledo and New York Martin has lived and worked most of his life in Ohio His parents appreciated literature and music and saw to it that their young son was immersed in the arts The family moved to Toledo Ohio when Herbert was twelve years old He began to write poetry during his undergraduate years at the University of Toledo from which he graduated in 1964 Herbert Woodward Martin and the African American Tradition in Poetry chronicles the writing and performing career of Herbert W Martin focusing on the way his life has informed his art and situating his creative work within the context of the African American tradition in poetry Author Ronald Primeau examines Martin s place in American literature with particular emphasis on his multidisciplinary talents and his contributions to the arts through his highly regarded performances of poetry especially that of Paul Laurence Dunbar and his acting playwrighting and composing Even though Martin s work is highly regarded has been anthologized *Behind the Lines* Philip Metres,2007-05 Whether Thersites in Homer s Iliad Wilfred Owen in *Dulce et Decorum Est* or Allen Ginsberg in *Wichita Vortex Sutra* poets have long given solitary voice against the brutality of war The hasty cancellation of the 2003 White House symposium *Poetry and the American Voice* in the face of protests by Sam Hamill and other invited guests against the coming shock and awe campaign in Iraq reminded us that poetry and poets still have the power to challenge the powerful Behind the Lines investigates American war resistance poetry from the Second World War through the Iraq wars Rather than simply chronicling the genre Philip Metres argues that this poetry gets to the heart of who is authorized to speak about war and how it can be represented As such he explores a largely neglected area of

scholarship the poet's relationship to dissenting political movements and the nation In his elegant study *Metres* examines the ways in which war resistance is registered not only in terms of its content but also at the level of the lyric He proposes that protest poetry constitutes a subgenre that by virtue of its preoccupation with politics history and trauma probes the limits of American lyric poetry Thus war resistance poetry and the role of what Shelley calls unacknowledged legislators is a crucial though largely unexamined body of writing that stands at the center of dissident political movements *Win* ,1981

**Samisdat** ,1981      **Vietnam War Literature** John Newman,1996 This third edition is greatly expanded with over 600 new entries to reflect the growing number of imaginative writings about the Vietnam War
