Dr. KH Kabi, Dr. S N Pattnaik

Peace Studies An Introduction To The Concept Scope And Themes:

Peace Studies Raṇabīra Samāddāra, 2004 This book addresses the concept and definition of peace and the purpose and meaning of peace studies from a regional perspective the book challenges the narrow approach that limits peace studies to studies of conflict resolution or conflict management It draws attention to the social and political realities of the colonial and post colonial world and the need for peace with justice Journal of Peace Research The exciting new Series South Asian Peace Studies has been conceived to showcase significant writings on peace studies from and about the region The emphasis will be on essays which demonstrate the importance of changing direction in various frameworks from conflict management to peace from national security to human security from revenge to reconciliation and from rights to justice This the inaugural volume in the Series introduces the concept scope and main concerns of peace studies The 19 essays are grouped in three broad sections The first discusses definitions of peace studies and its main themes The second section looks at recent cases of conflict in the region while the third considers new paths to conflict resolution based on dialogue and justice Peace Processes and Peace Accords Samir Kumar Das, 2005-11-05 The second volume in the South Asian Peace Studies series Peace Processes and Peace Accords looks at the political question of peace from three perspectives the process of peace the contentious issues involved in the peace process and the ideologies that come in conflict in this process Arguing that peace is not a one time event to be achieved and rejoiced over but a matter to be sustained against various odds the contributors show that the sustainability of peace depends on a foundation of rights justice and democracy Peace accords they maintain are only a moment in the process the very act of signing an accord could mark either a continuation of the same conflict or simply its metamorphosis Therefore as this volume shows negotiation should be redefined as joint problem solving on a long term sustained basis rather than one off hard bargaining **Peace and Conflict Studies** Anindya Jyoti Majumdar, Shibashis Chatterjee, 2020-08-09 This volume explores how we theorize politicize and practice peace and conflict discourses in the social sciences As concepts peace and conflict are intricately interwoven into a web of complementary discourses where states and other actors are able to negotiate deliberate and arbitrate their differences short of the overt and covert use of physical violence The essays in this volume reflect this eclecticism they reflect on concerns of contemporary conflicts in world politics the dissection of the ideas of peace and power the way peace studies join with global agencies peace and conflict in connection to geopolitics and identity the domestic basis of conflict in India and the South Asian theatre including class social cleavages and gender Further they also process elements like globalization media communication and films that help us engage with the popular tropes and discursive construction of the reality that play critical roles in how peace and violence are articulated and acted upon by the elites and the masses in societies This volume will be of great interest to scholars and researchers of political science international relations theory peace and conflict studies public policy and area studies It will also be a key resource for bureaucrats policy makers think tanks and practitioners working in the field of

international relations Peace in World History Peter Stearns, 2014-04-03 In Peace in World History Peter N Stearns examines the ideas of peace that have existed throughout history and how societies have sought to put them into practice Beginning with the status of peace in early hunter gatherer and agricultural societies and continuing through the present day the narrative gives students a clear view of the ways people across the world have understood and striven to achieve peace throughout history Topics covered include Comparison of the pax Romana and pax Sinica of Rome and China Concepts of peace in Buddhism Christianity and Islam and their historical impact The place of peace in the periods of expanding empires The emergence starting in the 19th century of formal schemes to promote peace amid increasingly destructive technologies for warfare Moving away from the view of history as a series of military conflicts Peace in World History offers a new way of looking at world history by focusing on peace Showing how concepts of peace have evolved over time even as they have been challenged by war and conflict this lively and engaging narrative enables students to consider peace as a human possibility

Peace Studies Ranabir Samaddar, 2004-08-19 Providing a new approach to understanding peace and conflict resolution in a comparative perspective this volume will attract the attention of students and scholars of international relations human rights politics and peace and security studies **BOOK JACKET** **Human Rights and Peace** Ujjwal Kumar Singh, 2009-01-06 Human Rights and Peace Ideas Laws Institutions and Movements redefines the ambit of peace presenting a radically different perspective of looking at its relationship with human rights It deals with the transformation of both the definition and practice of peace showing how it has now taken the domain of human rights into its fold Through experiential articles on the themes of ideas laws institutions and movements this collection reveals how people's struggles against specific forms of institutionalised violence take the form of calls for peace It brings together hitherto unpublished writings on peace and human rights It also includes some rare articles extracted from landmark published pieces This book is an insightful resource for students and researchers of Peace Studies Human Rights Politics and International Relations It is also an invaluable idea bank for activists think tanks and policy makers who seek to understand the evolving paradigm of peace and human rights

Peace Antony Adolf, 2013-05-08 How peace has been made and maintained experienced and imagined is not only a matter of historical interest but also of pressing concern Peace A World History is the first study to explore the full spectrum of peace and peacemaking from prehistoric to contemporary times in a single volume aimed at improving their prospects By focusing on key periods events people ideas and texts Antony Adolf shows how the inspiring possibilities and pragmatic limits of peace and peacemaking were shaped by their cultural contexts and in turn shaped local and global histories Diplomatic pacifist legal transformative non violent and anti war movements are just a few prominent examples Proposed and performed in socio economic political religious philosophical and other ways Adolf's presentation of the diversity of peace and peacemaking challenges the notions that peace is solely the absence of war that this negation is the only task of peacemakers and that history is exclusively written by military victors Without the victories of peacemakers and the resourcefulness of the

peaceful he contends there would be no history to write This book is essential reading for students scholars policy shapers activists and general readers involved with how present forms of peace and peacemaking have been influenced by those of the past and how future forms can benefit by taking these into account **Cultures of governance and peace** J. Peter Burgess, Oliver P. Richmond, Ranabir Samaddar, 2016-09-10 This volume brings together insights which look at the

intersection of governance culture and conflict resolution in India and the European Union **Politics: The Key Concepts** Lisa Harrison, Adrian Little, Ed Lock, 2015-02-11 Politics The Key Concepts is an up to date and broad ranging introduction to the terms that lie at the heart of political discourse Entries are drawn from areas such as political theory international politics political science and methodology As well as explaining core established principles this informative guide explores some of the more complex topical and contested concepts from the world of politics Concepts covered include Capitalism Class Identity Institutionalism Referendum Marxism Pluralism Postmodernism Socialism Social Constructivism In an accessible A Z format with helpful cross referencing and suggestions for further reading Politics The Key Concepts is an invaluable reference for all students of politics international relations and related courses Media, Conflict and Peace in

Northeast India Dr. KH Kabi, Dr. S N Pattnaik, 2015-07-01 The media have a special relationship with conflict situations external or internal which has been an integral part of the history of a country as well as the world Northeast India has been beset with insurgencies for more than half a century The Nagas rebelled in the early 1950s and since then insurgency in some form or the other has spread to all the states of the northeast popularly known as seven sisters While insurgency in the northeast India is taking a toll of the law and order peace stability progress and foreign relations it is also causing irreparable harm to the press the developments and the decision making process in administration So should it be the media s mission to promote peace democracy and growth in this region This edited volume contains ten essays written by prominent media persons with first hand experience of reporting on conflicts in northeast India It provides the broad range of factors including the manner in which media operates and their relationship to the various ethnic conflicts in the region This book is perhaps the first of its kind which explored many possibilities how to restore peace and public s confidence in the region by engaging media as facilitator in the process **Long walk of peace** UNESCO, 2018-05-28 How can the United

Nations best address the imperatives of peace Long Walk of Peace presents a fresh review of the conceptual and practical approaches to peace since the creation of the UN Through an in depth theoretical analysis combined with a presentation of innovative practices across 32 UN bodies it explores the long steady haul towards peace and provides inspiration for the way forward This book through its conceptual history and robust analysis shows that peace is a dynamic process and a continuous journey of discovery Thereby the book provides a unique understanding of the emerging priorities of sustaining peace and promoting a culture of prevention As such it is an expression of UNESCO s mandate to serve as a laboratory of ideas and thereby help advance the imperatives underscored by Agenda 2030 Partition and the South Asian Diaspora Papiya

Ghosh,2014-03-21 Preface Acknowledgements Introduction 1 Negotiating nations 2 Claiming Pakistan 3 Resisting Hindutva 4 Redoing South Asia 5 Conclusion Bibliography Index *Tribals Participation in Naxalite Movement* K. Anuradha,Jagannath Dash,2016-01-01 Role and Participation of tribals in Naxal movement is about the situational analysis of southern part of Orissa This is an empirical study to know the factors responsible for the participation The Naxal menace remained a serious concern for the government for the past ten to fifteen years Interestingly to note that this movement is growing its tentacles in the tribal areas in various forms The movement has changed its style character and ideology in the past three decades But as a result of fear it has been a major obstacle for development The tribal areas of south Orissa have been militarized in the past five years The research studied the causes and what could be the possible solutions The research has been presented in 12 chapters in total *Landscapes of Fear* Patrick Hoenig,Navsharan Singh,2014-07-04 Drawing on the findings of a comparative research project this volume tackles a set of intricate questions about the workings of impunity in India How do victims of abuse and survivors of sexual violence end up being denied justice What do those on the margins those with the wrong sex wrong identity markers wrong political leanings tell us about violence by state and non state actors Bringing together senior academics civil society leaders and fresh voices from across India the volume offers analysis contextual structural and gendered and breaks new conceptual ground on the underbelly of India Shining The volume contains testimonies that were collected during fieldwork in four Indian states Published by Zubaan **JAIR Journal of International Relations** Langpoklakpam Suraj Singh,Ghazali Bello Abubakar,Bishnupriya Roy Choudhury,Anindya Batabyal,Imankalyan Lahiri,Payel Sen,Swati Bhattacharya,Urbi Das,Rajeev Bhattacharyya,Avishek Jha,Gadadhar Chatterjee,2015-12-31 JAIR Journal of International Relations JAIR J Int Relat is a biennial peer reviewed refereed journal of International Relations published by The Jadavpur Association of International Relations with the financial assistance from the Indian Council of Social Science Research ICSSR New Delhi **Developmental Issues in Contemporary India** M. R. Biju,2010 *Deterritorialised Identity and Transborder Movement in South Asia* Nasir Uddin,Nasreen Chowdhury,2019-01-31 This volume is about migration across South Asia and the complex negotiation of borders by people and the states in the process A border is understood as a form of demarcation but it also opens up the flow of people goods and ideas of legality and illegality Borders are dynamic and dyadic in the interface of state and non state actors involved in border operations Consequently transborder movement becomes a complex web involving concerns of security trade militancy and questions of citizenship along with discourses of ghettoisation belonging and otherness Since the mid 20th century the South Asian region has witnessed growing social and political instability and breakdown of regional cooperation In this context the volume casts a wide interdisciplinary lens across South Asia and discusses economic migration as well as forced migration due to persecution and natural disasters It looks at how understandings of territoriality and border become blurred due to increasing transborder migration in the region how states in South Asia address transborder movements at

both policy level and on the ground and how borderlands become spaces for illegal trade and informal economy in South Asia and for negotiations between states and refugees on identity and citizenship This highly topical volume is for a wide group of scholars and students interested in South Asia ranging from sociology anthropology political science history to interdisciplinary fields like migration studies peace and conflict studies and development studies

JAIR Journal of International Relations Arnab Chakrabarty, Bijaya Kumar Das, Piyali Dutta, Moutusi Paul Choudhury (Naskar), Roshni Chaudhuri, Prosenjit Pal, Debjani Ghosal, Pratinashree Basu, 2016-12-31 JAIR Journal of International Relations JAIR J Int Relat is a biennial peer reviewed refereed journal of International Relations published by The Jadavpur Association of International Relations with the financial assistance from the Indian Council of Social Science Research ICSSR New Delhi

Women in State Politics in India Pam Rajput, Usha Thakkar, 2023-04-28 The dynamics of Indian politics is reflected in the flexible and fluctuating relations between the centre and the states as well as in the equations within the multiparty political system This book is one of the first to explore the participation of women in state politics in India and how women navigate the dynamic spaces and hierarchies of the Indian political system With the help of in depth studies of 16 states in India it analyses the gender profile of political parties and legislative bodies in these states the question of women s representation which is miniscule in legislative assemblies and women voters and their voting choices It also explores the roadblocks and barriers they face along with a study of women s participation in informal politics The chapters in this book underline the need for women s active participation both inside and outside the party system to make democracy more robust and meaningful Topical rich in empirical data this book will be an essential read for scholars and researchers of Indian politics gender studies political science sociology public administration and South Asia studies

The Rohingya in South Asia Sabyasachi Basu Ray Chaudhuri, Ranabir Samaddar, 2018-07-11 The Rohingya of Myanmar are one of the world s most persecuted minority populations without citizenship After the latest exodus from Myanmar in 2017 there are now more than half a million Rohingya in Bangladesh living in camps often in conditions of abject poverty malnutrition and without proper access to shelter or work permits Some of them are now compelled to take to the seas in perilous journeys to the Southeast Asian countries in search of a better life They are now asked to go back to Myanmar but without any promise of citizenship or an end to discrimination This book looks at the Rohingya in the South Asian region primarily India and Bangladesh It explores the broader picture of the historical and political dimensions of the Rohingya crisis and examines subjects of statelessness human rights and humanitarian protection of these victims of forced migration Further it chronicles the actual process of emergence of a stateless community the transformation of a national group into a stateless existence without basic rights
