Peace The Enemy Of Freedom:

Peace the Enemy of Freedom Terrence Webster-Doyle, 1991 The world is fragmented divided and hence in conflict My country versus your country my religion versus your religion my beliefs versus your beliefs This fragmentary way of living is destroying us Person against person nation against nation the world is being torn apart by conflict What is the root of this conflict Through inquiring into the nature and structure of conflict can we come into direct contact with all that which prevents peace Peace the Enemy of Freedom does not offer solutions methods conclusions or hopes about peace It does not advocate any political philosophical economic or religious reform to solve the problem of war This book raises essential questions concerning what prevents peace and by so doing evokes insight into that which created conflict individually and globally

We Are at Peace Vitalis Chi Nwaneri, 2014-02-17 In this Book the Author continues his reflections on the growing global crises between Faith in God and Peace on earth Having concluded his review of the global wars crises and conflicts between Christianity and Secularity in his ten Books on WE ARE AT WAR he turns in this Book to reflect on the Peace promised by Christ to His Followers Over two thousand years ago Christ said to His followers I have come to bring you peace the peace that the world cannot give He also said I have come to bring wars between father and mother brother and sisters daughters and in laws The Author reflects on these apparent contradictory statements He takes a journey across the world to view the state of Peace and Faith in the past half a century He concludes from the evidence of the global experience in the last fifty years period fully supports Christs statements He then wonders why the Secular world forgets this fact and continues to drive Christ and His teaching out of their lives and public governance He attributes this to the work of Satan Gods only enemy Enlightening the secular world on these facts is one of the challenges facing the Mission of the New Evangelization recently declared by Pope Emeritus Benedict XVI Through these Books the Author contributes to that Mission He brings into his Books his personal global experience gained from his travels to many of the nations across the world which are victims of the Global crises between Faith and Peace He provides the following examples In Europe the nation of Yugoslavia is no longer in the world map In the Muslim nations of the Middle East historic cities like Damascus and Bagdad are now in ruins while other nations like Egypt and Israel are under threat because of growing conflicts between Peace and Faith The Imperial nations before the coming of Christ like Persia Assyria Babylonia Egypt and Greece are mere dreams today of their global power before Christ Peaceful Governance continues to escape the nations of Afghanistan Pakistan Tunisia Sudan and Somalia In the advanced Nations of America and Europe millions of innocent children are killed every year by their own mothers before they can even see sunlight The Communist nations like North Korea continue with the Pre Christ rule of enslavement of their people and oppression and persecution of Christians The developing nations of Africa and Latin America continue to be devastated by political corruption and the reign of armed youth gangs that are victims of drug and human trafficking and assassinations Against these crises of Peace in the secular world the Author views the continuing

reign of Christ's Peace amongst His followers He concludes by reminding the world of their real enemy Satan who had been the enemy of God and man since creation of the world As we stated in these Books Satan cannot bring Peace to the world but only wars crises Lies Deceptions and False Promises as he did to Adam and Eve The Author therefore reminds the world through these Books that God is the true source of their Peace on earth The Author therefore calls on them to turn back to Faith in One Almighty and Loving God It is Satan that they should drive out of the secular square and not God **Peace Handbooks** Great Britain. us the lessons we can teach to the terrorists and the steps we and the terrorists can take to bring about lasting peace Is there an end to mindless violence Are we being buffeted by a terrible passing storm or are we in a never ending upward spiral of violence Is there daylight after the end of the worlds terrorist nightmare In answering these questions we have the opportunity to grow mentally and spiritually and leave a legacy of peace and prosperity Hearings United States.
