Peace And Conflict Resolution In Islam Precept And Practice:

Peace and Conflict Resolution in Islam Abdul Aziz Said, Nathan C. Funk, Ayse S. Kadayifci, 2001 Peace and Conflict Resolution in Islam steps beyond the limitations of the traditional scholarly framework used to evaluate the politics of Islamic societies and assembles a selection from the best available English language writings on a matter of central importance in Islamic precepts peace salam and conflict resolution The writings present diverse Muslim views on the nature of peace and the processes of conflict resolution giving expression to a range of syntheses or paradigms of Islamic precept and practice including power politics world order nonviolence and transformation of consciousness and character Sufism Attention is given to both the diversity and the underlying points of unity among Islamic perspectives on peace which accentuate variously an absence of war a presence of justice and ecological harmony Conflict Resolution and Peacemaking in Islam Harris Sadik Kirazli, 2024-05-26 The book explores Islamic perspectives on conflict resolution and peacemaking It delves into key topics such as the principles of Islamic conflict resolution historical examples of peaceful resolutions and contemporary challenges faced by Muslim societies By addressing these topics the book aims to provide insight into Islamic teachings and practices that can contribute to building bridges and fostering peace in diverse contexts The book is important and relevant due to the increasing need for understanding and promoting peaceful resolutions in today s world particularly in regions influenced by Islam It offers a comprehensive examination of the principles and methods of conflict resolution within an Islamic framework shedding light on the rich history of peacemaking within Muslim societies By highlighting Islamic perspectives on peace the book aims to bridge cultural divides and foster dialogue promoting a greater understanding and appreciation of the contributions Islam can make to conflict resolution The book seeks to address the prevalent misconceptions and stereotypes surrounding Islam s approach to conflict resolution It aims to challenge the notion that Islam is inherently associated with violence or lack of peaceful solutions By presenting authentic Islamic teachings and historical examples of peaceful resolutions the book endeavours to contribute to a more nuanced and accurate understanding of Islam s role in promoting conflict resolution and peacemaking It offers readers an opportunity to explore Islamic perspectives on resolving conflicts encouraging dialogue and cultivating a more peaceful world Reenvisioning Peacebuilding and Conflict Resolution in Islam Qamar-ul Huda, 2024-03-18 Reenvisioning Peacebuilding and Conflict Resolution in Islam examines the variety of strategic peacebuilding and conflict resolution activities conducted by Muslim practitioners and nongovernmental organizations in Muslim majority communities Qamar ul Huda explores ways that Muslim scholars civil society members and communities interpret violence and nonviolence peacebuilding and conflict resolution in an interconnected globalized age focusing on methods practices and strategies He shows how a faith based commitment can empower effective social political and intellectual action that results in meaningful change The book sheds light on a variety of vital topics including how the state utilizes hard and soft power in global religious diplomacy ways in which civil society organizations and NGOs maximize

networks to engage in peacebuilding and conflict resolution the role of civil society in soft power politics and how some peacebuilding organizations are out of step with local Muslim cultures religious customs and why that matters Qamar ul Huda charts a vision of contemporary ethics of peacebuilding pluralism reconciliation and dialogue *Arab Approaches to Conflict Resolution* Nahla Yassine-Hamdan, Frederic Pearson, 2014-07-11 fills a gap in the market on conflict resolution in the Arab world examines conflict management in the Arab world through comparative case study analysis will be of much interest to students of conflict resolution Middle Eastern politics peace and conflict studies security studies and IR **The Oxford Handbook of Religion, Conflict, and Peacebuilding** Atalia Omer, R. Scott Appleby, David Little, 2015 The book provides a comprehensive overview of the literature on religion conflict and peacebuilding With a focus on structural and cultural violence the volume also offers a cutting edge interdisciplinary reframing of the scope of scholarship in the field

Islamic Perspectives on International Conflict Resolution Shameer Modongal, 2022-12-30 Upturning the traditional view of religion as a source of conflict this book studies Islamic perspectives of international conflict resolution re interpreting the possibility of Israel Palestine reconciliation beyond traditional secular frameworks Beginning with an analysis of both classical and modern Islamic texts the book provides a theoretical overview of Islamic conflict resolution before exploring the Israel Palestine conflict in its historical social and political dimensions This framework allows for a real world examination of Islamic conflict resolution in the context of Israel Palestine theological debates The author also critically assesses differing ideological and political views among Islamic scholars divided by those supporting and those opposing a peace treaty between Israel and Palestine Ultimately it is argued that neglecting religion misses the opportunity to inject the spiritual dimension needed for reconciling the Israelis and Palestinians The book's multi disciplinary approach will be of interest to a range of academics and policymakers including those involved in International Relations and Islamic Studies However its accessible prose and engaging content will also appeal to undergraduates and general readers interested in Middle Eastern politics *Dangerous Religious Ideas* Rachel S. Mikva, 2020-11-03 Reveals how faith traditions have always passed down tools for self examination and debate because all religious ideas not just extremist ones can cause harm even as they also embody important moral teachings Scripture's abiding relevance can inspire great goodness such as welcoming the stranger and extending compassion for the poor But its authority has also been wielded to defend slavery marginalize LGBTQ individuals ignore science and justify violence Grounded in close readings of scripture and tradition in Christianity Islam and Judaism religious scholar Rachel Mikva shows us that the Abrahamic religions have always been aware of their tremendous power both to harm and to heal And so they have transmitted their sacred stories along with built in tools interpretive traditions to do the necessary work of taking on dangerous religious ideas and fostering self critical faith By exploring the themes of Scripture Election Reward and Punishment Mikva examines how the interpretive methodologies of these religions have identified and grappled with their perilous power and positive potential Many readers presume that

their understanding of scripture's meaning is absolute forgetting how these sacred texts and the history of interpretation have valued multiple perspectives and recognized ongoing rhythms of change. It's not a modern phenomenon to debate the nature of truth; hold space open for doubt; value humility and question our capacity to know things especially about God and God's will with certainty. In fact, none of the traditions could remain vital or thrive together without a sustained practice of self-critique. *Dangerous Religious Ideas* reframes the way we talk about faith to create a space where public discussion of religion is more constructive, nuanced and socially engaged.

"Islam" Means Peace Amitabh Pal, 2011-03-03 This decisive account of the role of nonviolence in Islam and Muslim societies both historically and in current times chronicles an often obscured but longstanding pacifist tradition. *Islam Means Peace: Understanding the Muslim Principle of Nonviolence* Today provides a rebuttal to general misperceptions about the religion by documenting its rich tradition of nonviolence. To that end, the book examines the sources of Islam: the Qur'an, the main religious text of Islam, and the Hadith, the deeds and sayings of the Prophet Muhammad. It contests the prevalent notion that Islam is built on violence in part by illuminating the role of the tolerant mystical tradition of Sufism in Islam while at the same time examining the misunderstood place of jihad in the religion. The book is not, however, a historical or theological treatise. Rather, it focuses on the tradition of nonviolence in modern Muslim societies. By spotlighting recent peaceful protest movements in Muslim communities, the book underscores the truly global and multicultural nature of the Islamic tradition of nonviolence. The findings here will be invaluable for Muslims and non-Muslims alike, revealing an alternative tradition both can embrace.

Integrated Peacebuilding Craig Zelizer, 2018-04-19 *Integrated Peacebuilding* addresses the importance of weaving peacebuilding methods into diverse sectors including development, humanitarian assistance, gender, business, media, health, and the environment—areas where such work is needed the most. Incorporating peacebuilding approaches in these fields is critical for transforming today's protracted conflicts into tomorrow's sustainable peace. Covering both theory and practice, Dr. Zelizer and his team of leading academics and practitioners present original essays discussing the infrastructure of the peacebuilding field, outlining key actors, donors, and underlying motivations, as well as the ethical dilemmas created by modern conflict. Exploring both the challenges and lessons to be found in this emerging field, *Integrated Peacebuilding* is perfect for courses on peacebuilding, conflict resolution, international development, and related fields.

Freedom Journeys Arthur Ocean Waskow, Phyllis Ocean Berman, 2011 Calling us to relearn and rethink the Passover story, Rabbi Arthur O. Waskow and Rabbi Phyllis O. Berman share the enduring spiritual resonance of the Hebrews' journey for our own time.

Islam, Peace and Social Justice A. Christian van Gorder, 2014-05-29 *Islam, Peace and Social Justice* examines the ways in which Islamic cultures have dealt with issues of social justice historically and culturally. With unwavering objectivity, the author helps readers of any faith to gain a nuanced and accurate understanding of the challenges that we face in contemporary multifaith engagements. Dr. van Gorder offers a comprehensive and sympathetic Christian insight into Islam. The contentious issues of social justice that are encountered in

this broad yet intricate study include the concept of Jihad poverty political oppression human rights genocide racism sexual injustice homophobia and environmental degradation The challenges are real and the problems are vast partnerships and solutions must be found people of faith Muslim Jewish and Christian must find ways to work together to address these shared challenges This work exposes misrepresentations and stereotypes about Islamic views of social justice that abound in Europe and North America The author encourages a deeper appreciation of how themes of social justice resound through Islamic texts and have been expressed both in the contemporary and historical life of various and diverse Islamic communities worldwide

Organ Donation in Islam Mahdiah Jaffer, Aasim I. Padela, Gurch Randhawa, 2022-12-13 A 2023 Choice Reviews Outstanding Academic Title *Organ Donation in Islam The Interplay of Jurisprudence Ethics and Society* delves into the complexities and nuances of organ donation in Muslim communities A diverse group of authors including Muslim jurists academic researchers clinicians and policy stakeholders engage with the multi faceted topic Contributions from Sunni and Shia scholars are positioned alongside each other giving the reader an appreciation of the different Islamic traditions and legal methodologies and qualitative research examining the views and potential concerns of Muslim families towards donating organs of loved ones is juxtaposed with the work of academicians and community advocates engaging diverse Muslim communities to equip them with the knowledge and tools to make informed donation decisions Taken together the collection yields new ethical empirical and sociological insights into how issues of body ownership the definition of death and community engagement interface with the act of donation Accordingly this wide ranging volume represents a invaluable resource for religious leaders healthcare professionals social scientists policy makers researchers and others interested in the interplay between contemporary healthcare religious tradition health policy and the topic of organ donation

The Palgrave Handbook of Disciplinary and Regional Approaches to Peace Oliver Richmond, Sandra Pogodda, Jasmin Ramovic, 2016-03-15 In this handbook a diverse range of leading scholars consider the social cultural economic political and developmental underpinnings of peace This handbook is a much needed response to the failures of contemporary peacebuilding missions and narrow disciplinary debates both of which have outlined the need for more interdisciplinary work in International Relations and Peace and Conflict studies Scholars students and policymakers are often disillusioned with universalist and northern dominated approaches and a better understanding of the variations of peace and its building blocks across different regions is required Collectively these chapters promote a more differentiated notion of peace employing comparative analysis to explain how peace is debated and contested

Peace-Building by, between, and beyond Muslims and Evangelical Christians Mohammed Abu-Nimer, David Augsburger, 2009-02-16 This timely work addresses sensitive issues and relations between Muslims and Christians around the world The book uniquely captures the opportunity for Christians and Muslims to come together and discuss pertinent issues such as pluralism governance preaching Christian missionary efforts and general misperceptions of Muslim and Christian communities Joint authorship and discussion within the book is

used to offer dialogue and responses between different contributors This dialogue reveals that Christians and Muslims hold many things in common while having meaningful differences It also shows the value of honestly sharing convictions while respecting and hearing the beliefs of another

Standing on an Isthmus Ayse S. Kadayifci, 2007-01-01 Standing on an Isthmus examines how religious beliefs commitments and traditions shape social action such as promoting either violent or peaceful behavior by analyzing different Islamic interpretations of war and peace in Palestine and seeks to answer the question What is the best strategy to empower those groups and individuals that support a nonviolent Islamic approach to actively pursue a just peace for all parties involved

Contemporary Islam Abdul Aziz Said, Mohammed Abu-Nimer, Meena Sharify-Funk, 2006-09-27 Contemporary Islam provides a counterweight to the prevailing opinions of Islamic thought as conservative and static with a preference for violence over dialogue It gathers together a collection of eminent scholars from around the world who tackle issues such as intellectual pluralism gender the ethics of political participation human rights non violence and religious harmony This is a highly topical and important study which gives a progressive outlook for Islam s role in modern politics and society

Islam and Peacebuilding Ishan Yilmaz, 2013-02-27 The exploration of the contributions is made with regards to the title in hand by the thought and practice of the global movement associated with the Turkish Muslim scholar Fethullah Gulen The importance and distinctiveness of teaching of Gulen and the practice of the movement is that it is rooted in a confident Turkish Islamic heritage while being fully engaged with modernity It offers the possibility of a contextualised renewal of Islam for Muslims in the modern world while being fully rooted in the teachings of the Qu ran and the Sunnah of the Prophet It advocates the freedom of religion while making an Islamic contribution to the wider society based on a commitment to service of others

Reconstructing Jihad amid Competing International Norms H. Rane, 2009-04-26 This book examines the Israel Palestine conflict from a constructivist perspective It argues that in the context of international norms and identity factors a contemporary methodology for the reconstruction of jihad is essential for achievement of a just peace

The Highest of All Mountains Samuel K. Sarpiya, 2021-03-18 This book is for people who believe that the gospel is a message of peace and this gospel of peace is relevant for our time Peacemaking is a core part of our Christian discipleship just as we learn how to pray just as we learn how to love our neighbors just as we learn how to feed the hungry We can also learn how to be peacemakers Sarpiya believes that peacemaking is central to the Christian faith and practice This book will serve as a guide that will offer a scriptural guide with practical stories and applications Readers will be challenged by Scripture to take the call to peacemaking into their communities The fact that numerous peace treaties have collapsed serves to show how difficult it is to transcend cycles of violence and foster a sustained durable peace The one place that one could look to for answers about how to move toward peace is within faith communities and sometimes not just one faith acting alone but working alongside other faiths in concert with other faiths taking an interreligious approach The Highest of All Mountains shows how Sarpiya s Christian peacemaking backed by the interreligious approach brings the

monotheistic faiths together as they all agreed on one denominator to their faith's origin Abraham **Peace on Earth**
Thomas Matyók, Maureen Flaherty, Hamdesa Tusó, Jessica Senehi, Sean Byrne, 2013-12-16 Peace on Earth The Role of Religion
in Peace and Conflict Studies provides a critical analysis of faith and religious institutions in peacebuilding practice and
pedagogy The work captures the synergistic relationships among faith traditions and how multiple approaches to conflict
transformation and peacebuilding result in a creative process that has the potential to achieve a more detailed view of peace
on earth containing breadth as well as depth Library and bookstore shelves are filled with critiques of the negative impacts of
religion in conflict scenarios Peace on Earth The Role of Religion in Peace and Conflict Studies offers an alternate view that
suggests religious organizations play a more complex role in conflict than a simply negative one Faith based organizations
and their workers are often found on the frontlines of conflict throughout the world conducting conflict management and
resolution activities as well as advancing peacebuilding initiatives
