**When Peace Kills Politics** Sharath Srinivasan, 2021-12-14 Why have war and coercion dominated the political realm in the Sudans a decade after South Sudan s independence and fifteen years after the Comprehensive Peace Agreement This book explains the tragic role of international peacemaking in reproducing violence and political authoritarianism in Sudan and South Sudan Sharath Srinivasan charts the destructive effects of Sudan s landmark north south peace process from how it fuelled war in Darfur the Nuba Mountains and the Blue Nile to its contribution to Sudan s failed political transformation and South Sudan s rapid descent into civil war Concluding with the conspicuous absence of peace when non violent revolutionary political change came to Sudan in 2019 Srinivasan examines at close range why outsiders peace projects may displace civil politics and raise the political currency of violence This is an analysis of the perils of attempting to build a non violent political realm through neat designs and tools of compulsion where the end goal of peace becomes caught up in idealised constitutional texts technocratic templates and deals on sharing spoils When Peace Kills Politics shows that these methods ultimately anti political will be resisted often violently by dissatisfied local actors
