Peace Processes And Peace Accords:

Peace Processes and Peace Accords Samir Kumar Das, 2005-11-05 The second volume in the South Asian Peace Studies series *Peace Processes and Peace Accords* looks at the political question of peace from three perspectives the process of peace the contentious issues involved in the peace process and the ideologies that come in conflict in this process Arguing that peace is not a one time event to be achieved and rejoiced over but a matter to be sustained against various odds the contributors show that the sustainability of peace depends on a foundation of rights justice and democracy Peace accords they maintain are only a moment in the process the very act of signing an accord could mark either a continuation of the same conflict or simply its metamorphosis Therefore as this volume shows negotiation should be redefined as joint problem solving on a long term sustained basis rather than one off hard bargaining *Peace Processes and Peace Accords* Samir Kumar Das, 2005 While positing peace as a universal value this book locates it in the specifics of both the internal and international contexts of South Asia and provides a useful morphology of violence and conflicts It also raises the question How gender equitable is the peace we seek to achieve Critiquing the dominant principles and protocols of peace accords and peace processes of the region this volume also reinforces the importance of dialogue in the democratic theory of peace It will attract the attention of students and scholars of political science international relations conflict resolution and defence studies anthropology and political philosophy It will also be of interest to human rights lawyers activists and NGOs Jacket

Contemporary Peacemaking Roger Mac Ginty, Anthony Wanis-St. John, 2022-02-17 This fully updated third edition of *Contemporary Peacemaking* is a state of the art overview of peacemaking in relation to contemporary civil wars It examines best and worst practice in relation to peace processes and peace accords The contributing authors are a mix of leading academics and practitioners with expert knowledge of a wide arrays of cases and techniques The book provides a mix of theory and concept building along with insights into ongoing cases of peace processes and post accord peacebuilding The chapters make clear that peacemaking is a dynamic field with new practices in peacemaking techniques changes to the international peace support architecture and greater awareness of key issues such as gender and development after peace accords The book is mindful of the intersection between top down and bottom up approaches to peace and how formal and institutionalized peace accords need to be lived and enacted by communities on the ground **Comparing Peace**

Processes Alpaslan Özerdem, Roger Mac Ginty, 2019-03-18 This book offers a comparative survey of 18 contemporary peace processes conducted by leading international scholars There is no standard model of peace processes and all will vary according to the context type of conflict timing national and global economic climate and factors like natural disasters Therefore making comparisons between peace processes is difficult but it is beneficial indeed imperative and is the principal motivation behind this volume What works in one context may not work in another but it can be modified and adapted to fit another context The book is structured to maximise comparison between processes and the case studies chosen are topical

and span the major regions of the world The concluding chapter systematically compares the case studies around 11 variables that cover the conflict context peace process procedures the responsiveness of the peace process to demands and levels of participation and inclusion Each peace process is then given a numeric score according to each of these variables and the book thereby reaches judgements on whether each case can be termed a success or a failure This book will be essential reading for students of peace studies conflict resolution war and conflict studies security studies and IR

Contemporary Peacemaking J. Darby, Roger Mac Ginty, 2008-06-11 Contemporary Peacemaking draws on recent experience to identify and explore the essential components of peace processes The book is organized around five key themes in peacemaking planning for peace negotiations violence on peace processes peace accords and peace accord implementation and post war reconstruction *Ceasefire Agreements and Peace Processes* Malin Akebo, 2016-11-10 This book analyses and compares ceasefire agreements as part of peace processes in intrastate armed conflicts Research repeatedly underscores the importance of ceasefire agreements in peace processes but suggests that they can influence such processes in fundamentally different ways However despite contradictory expectations remarkably few studies have so far been devoted to systematic and in depth analysis of ceasefire agreements in contemporary intrastate armed conflicts This book contributes to filling this gap by using a process oriented conflict dynamics approach to analyse and explain how ceasefire agreements are being influenced by and in turn influences the broader dynamics of peace processes Empirically the book focuses on the armed conflicts in Aceh Indonesia and Sri Lanka Based on document studies and 57 interviews with key actors it presents comparative insights and in depth knowledge about ceasefire agreements in different contextual settings The book problematizes the common assumption in the literature that ceasefire agreements create momentum in peace processes and pave the way to peace and it provides a more nuanced analysis and understanding based on two empirical cases analysed within a comparative framework In contrast to conventional wisdom it demonstrates how ceasefires on the contrary also can have negative implications on peace processes This book will be of much interest to students of conflict resolution peace studies intra state conflict security studies and IR in general Peace Processes John D. Brewer, 2013-04-25 Peace processes are mostly very fragile This engagingly written book takes a bold new approach to the topic by beginning from the premise that sociology can identify those factors that help to stabilize them The book draws a distinction between the political and social dimensions of peace processes arguing that each is dependent on the other Consideration of the social peace process neglected in conventional treatments of the subject is made central to this volume While complementing current approaches that emphasize institutional reform in politics law and economics it pays due attention to sociological factors such as gender civil society religion the deconstruction of violent masculinities restorative justice emotions hope forgiveness truth recovery social memory and public victimhood These important themes are fully illustrated with examples and in depth case studies from across the globe The book locates itself within the growing debate

about the positive impact of global civil society on peace and identifies the new forms of peace work engendered by globalization It will be essential reading for students and scholars of peace studies in politics international relations and sociology departments Peace Process in North East India Shukhdeba Sharma Hanjabam,Aheibam Koireng Singh,2016-01-01 The situation of armed conflict has escalated in the region of North East India with overt militarization over the years thereby posing a challenge to one s life livelihood chances and human rights India s engagement to forge peace by using four models of peace such as peace talks Suspension of Operation accord making and granting of autonomy are replete with structural weaknesses and insincerity The book brings out the limitations of such peace initiatives and provides an understanding to the entire spectrum of peace processes for peaceful conflict resolution **No War, No Peace** Roger Mac Ginty,2016-01-06 This book investigates stalled and dysfunctional peace processes and peace accords in societies experiencing civil wars Using a critical and comparative perspective it offers strategies for rejuvenating and re orientating stalled peace processes and peace accords so that they are more able to foster sustainable and inclusive peace The Middle East Peace Process J. Ginat,Edward Joseph Perkins,Edwin G. Corr,2002 Political stability is a crucial precondition for peace in the Middle East In The Middle East Peace Process Vision versus Reality Joseph Ginat Edward J Perkins and Edwin G Corr have assembled a comprehensive overview of the complex peace negotiations taking place among Middle Eastern nations to resolve the Israeli Palestinian conflict and forge normal relations between Arab nations and Israel More than thirty academics and practitioners probe discuss and engage themselves with issues concerning the peace process The volume focuses first on the Oslo Agreement and the Palestinian Track then addresses Israeli relations with Egypt Jordan Lebanon Syria and Iraq and concludes with an examination of relations between Israelis and Palestinians in Jerusalem The Middle East Peace Process is the result of the Center for Peace Studies conference The Peace Process in the Middle East cosponsored by the International Program Center at the University of Oklahoma and the University of Haifa in Israel The volume features a foreword by HRH Prince El Hassan bin Talal of Jordan and a preface by David L Boren President of the University of Oklahoma **Comparative Peace Processes in Latin America** Cynthia Arnson,1999 This book is about ending guerrilla conflicts in Latin America through political means It is about peace processes aimed at securing an end to military hostilities in the context of agreements that touch on some of the principal political economic social and ethnic imbalances that led to conflict in the first place The book presents a carefully structured comparative analysis of six Latin American countries Nicaragua El Salvador Guatemala Mexico Colombia and Peru which experienced guerrilla warfare that outlasted the end of the Cold War The book explores in detail the unique constellation of national and international events that allowed some wars to end in negotiated settlement one to end in virtual defeat of the insurgents and the others to rage on The aim of the book is to identify the variables that contribute to the success or failure of a peace dialogue Though the individual case studies deal with dynamics that have allowed for or impeded successful negotiations the contributors also

examine comparatively such recurrent dilemmas as securing justice for victims of human rights abuses reforming the military and police forces and reconstructing the domestic economy Serving as a bridge between the distinct literatures on democratization in Latin America and on conflict resolution the book underscores the reciprocal influences that peace processes and democratic transition have on each other and the ways democratic space is created and political participation enhanced by means of a peace dialogue with insurgent forces The case studies by country and issue specialists from Latin America the United States and Europe are augmented by commentaries of senior practitioners most directly involved in peace negotiations including United Nations officials former peace advisers and activists from civil society

The International Criminal Court and Peace Processes in Africa Line Gissel, 2018-01-19 The book investigates how involvement by the International Criminal Court ICC affects efforts to negotiate peace It offers an interpretive account of how peace negotiators and mediators in two peace processes in Uganda and Kenya sought to navigate and understand the new terrain of international justice while also tracing how and why international decision making processes interfered with the negotiations narrated the conflicts and insisted on a narrow scope of justice Building on this interpretive analysis a comparative analysis of peace processes in Uganda Kenya and Colombia explores a set of general features pertaining to the judicialisation of peace Line Engbo Gissel argues that the level and timing of ICC involvement is key to the ICC's impact on peace processes and explains why this is the case a high level of ICC involvement during the negotiation phase of a peace process delegates politico legal and discursive authority away from peace process actors while a low level of ICC involvement during the negotiation phase retains such forms of authority at the level of the peace process As politico legal authority enables the resolution of sticking points and discursive authority constructs the conflict and its resolution the location of authority is important for the peace process Furthermore judicialisation also affects the negotiation and implementation of a justice policy with a narrowing scope for justice accompanying increasing levels of ICC involvement

Four Arab-Israeli Wars and the Peace Process Sydney D. Bailey, 2016-07-27 In focusing on four major wars in the Arab Israeli conflict from 1947 to 1979 all of them ending in agreed ceasefires truces or armistices this book concentrates on the external efforts after each war to help resolve the conflict

The Korean Peace Process and the Four Powers Tae-Hwan Kwak, 2018-12-20 This title was first published in 2003 After the inter Korean Summit in 2000 the Korean peace process gained a new momentum and the two Koreas

increased mutual contacts and exchanges However in 2001 the peace process stalled and was further hindered by Bush s hard line policy towards Pyongyang and North Korea s inflexible attitudes towards Seoul Interest in the Korean peninsula by the US Russia Japan and China for geo strategic and geo economic reasons means that peace and unification will inevitably become an international problem Against this backdrop this original volume deals with the problems and prospects of the inter Korean peace process and the interests attitudes and policies of these major powers **Negotiating justice ? :**
