Accounts From the First Exploration in 1793 of the Peace River Region of British Columbia, Including the Finlay and the Parsnip River Basins. Selected and Edited by Gordon E. Bowes Gordon E. Bowes (Ed),1963      **Carving the Western Path**

R. G. Harvey,2011-06-15 The history of British Columbia s transportation systems north of the Canadian National Railway s mainline may not be well known but it certainly is colourful Continuing the story he began in the first volume of Carving the Western Path R G Harvey describes the development of river road and rail routes that crossed the northern two thirds of BC This was a land of dreams and schemes that seemed to feed on each other It started with the Collins Overland Telegraph a communication link that was to connect Europe and America in the 1860s Though this plan collapsed with the success of the trans Atlantic cable the telegraph surveyors established patterns for future roads and settlement They also sparked the Omineca gold rush It was a land full of larger than life characters including Charles Hays who dreamed of a major seaport at Prince Rupert but died on the Titanic before he could realize his vision Charles Bedaux who in the 1930s carved his 416 mile path into the northern Rockies Railway promoters Warburton Pike Sir Edward Phillipps Wolley William Mackenzie and Donald Mann who got gifts of land and money but couldn t always meet their promises Their stories mingle with those of the Grand Trunk Pacific Railway the Alaska Highway the White Pass and Yukon Railway and those of the sternwheelers fur traders gold miners and other adventurers who were drawn to this last frontier      Western Canada's Book of the Year!

Peace River Chronicles ,19??      Finlay's River R. M. Patterson,2011-07-06 Adventures on wild waters In Finlay s River R M Patterson whose style was described by noted author Bruce Hutchison as a a mixture between Thoreau and Jack London tells the story of his 1949 trip up this wild river in remote northern British Columbia Patterson uses his own journey as a framework to recount the adventures of explorers who went there before All had struggled up the Finlay for different reasons and all left spirited accounts of that challenging doomed river which Patterson brings to vivid life again Much of the Finlay a river of whitewater rapids that flowed through a magnificent country of dense forests and high mountains disappeared

forever under the waters of Williston Lake with the completion of the W A C Bennett Dam in 1968 In this engaging book Patterson preserves the memory of this wilderness and the long gone adventurers who first told the world about its existence

81 eye-witness accounts from the first exploration in 1793 of the Peace River Region of British Columbia including the Finlay and the Parsnip River Basins. Peace River Chronicles ,1963      **Breaching the Peace** Sarah Cox,2018-05-01 From award winning journalist Sarah Cox comes the inspiring and astonishing story of the farmers and First Nations who stood up against the most expensive megaproject in BC history and the government sanctioned bullying that propelled it forward In 2010 the BC government announced its plan to build a third hydroelectric dam on the Peace River Although Site C would flood land of great significance to First Nations and some of Canada s best farmland BC Hydro Premier Gordon Campbell and his successor Christy Clark insisted it was necessary to generate jobs and clean energy In this powerful work Cox reveals the true costs and hidden dangers of the project as told to her by the local farmers ranchers and First Nations leaders who tried to stop the dam and the wholesale destruction of their valley in courts of law and the court of public opinion This modern day David and Goliath story told in frank and moving prose stands as a much needed cautionary tale during an era when concerns about global warming have helped justify a renaissance of environmentally irresponsible hydro megaprojects around the world      *Peace Country Heritage* Earl Clifford Stacey,1974      The Peace in Peril Christopher Pollon,2016-11-26 In the next decade a 60 metre high wall of compacted earth will stretch more than a kilometre across the main stem of the Peace River causing the waters behind it to swell into a 93 square kilometre artificial lake drowning the best topsoil left in the BC north The waters will swallow fifty islands and a valley that is home to farmers ranchers trappers and habitat to innumerable creatures big and small Over four days in late September 2015 Christopher Pollon paddled the 83 kilometre section of the river that will be destroyed by the Site C dam reservoir accompanied by photojournalist Ben Nelms Their goal was to witness the very first steps of construction for the almost 8 8 billion project the most expensive infrastructure project in BC history They concluded their trip by touring the same stretch by land interviewing and photographing the locals who stand to lose everything Equal parts travel adventure history and journalistic exploration *The Peace in Peril* is a story about the dubious trade off of hydro power for resources like timber and farmland but also far more the Peace valley has been a prosperous home to people for eleven thousand years How will lives human and otherwise be erased or irrevocably altered when the next great flood rises up to engulf the Peace River valley      **Chronicles of Canada: Pioneers of the Pacific Coast : a chronicle of the sea rovers and fur hunters** George McKinnon Wrong,Hugh Hornby Langton,1915      **The Frontier World of Edgar Dewdney** Brian Titely,2011-11-01 *The Frontier World of Edgar Dewdney* is a biographical study of a man who played a key role in the cataclysmic events which marked the political social and economic transformation of western Canada in the latter half of the nineteenth century An immigrant adventurer seeking his fortune in the colonies Dewdney was embroiled in the gold rushes of the 1860s the B C debates on Confederation the Riel Rebellion of 1885 political

evolution in the North West Territories and the Klondike gold rush For several years Dewdney held important public offices such as Indian commissioner of the North West Territories and Minister of the Interior positions which allowed him to shape the course of events In many ways Dewdney s career is a metaphor for the maturing western frontier In following his exploits we follow the story of a region experiencing breathtaking change Brian Titley s purpose in this book is not to praise but to offer a critical appraisal of Dewdney as a type a representative of that class of adventurer who saw in the new land an unprecedented opportunity for self aggrandisement *The Forgotten North* , *Bounty and Benevolence* Arthur J. Ray,James Rodger Miller, Frank Tough, 2000 The authors explain how Saskatchewan treaties were shaped by long standing First Nations Hudson s Bay Company diplomatic and economic understanding treaty practices developed in eastern Canada before the 1870s and the changing economic and political realities of western Canada during the nineteenth and early twentieth centuries *Where Happiness Dwells* Robin Ridington, Jillian Ridington, 2013-02-25 The Dane zaa people have lived in BC s Peace River area for thousands of years Elders documented their peoples history and worldview passing them on through storytelling Language loss however threatens to break the bonds of knowledge transmission At the request of the Doig River First Nations anthropologists Robin and Jillian Ridington present a history of the Dane zaa people based on oral histories collected over a half century of fieldwork These powerful stories not only preserve traditional knowledge for future generations they also tell the inspiring story of how the Dane zaa learned to succeed and flourish in the modern world

Wrigley, 1918 **The Forgotten Explorer** Samuel Prescott Fay, 2011-02-15 North of Jasper in the Canadian Rockies is a large roadless and spectacular wilderness of alpine flower meadows glaciated peaks canyons waterfalls and abundant wildlife Compared to the millions each year who visit Banff and Jasper national parks immediately to the south this northern area sees few visitors Fewer still have ever attempted to travel through this wilderness in one continuous trip The first to do so was Samuel Prescott Fay in 1914 To this day his exact route has never been duplicated Fay and his party set out from Jasper on June 26 1914 with five saddle horses and 16 pack horses After a treacherous slogging journey of 1 200 kilometres through

wild uncharted country they reached their destination on October 15 1914 with the outfit completely intact During his expedition Fay kept a detailed journal currently held at the Smithsonian Institution Washington DC which he provided to the US Biological Survey now known as the US Fish Wildlife Service and to various Canadian government authorities He also published several magazine articles about his discoveries However the journal in its entirety with all his day to day observations struggles and concerns has never been published Similarly his maps photographs and wildlife records have been preserved in various Canadian and US archives but never exhibited to a wider audience Brought together for the first time in book form they provide an early and dynamic record of an area that remains little known to this day Complete with a large selection of never before published photos and maps The Forgotten Explorer is destined to become a classic of North American exploration history
