## **Peachs Australian Cities:**

**Peach's Australian Cities: From the ABC TV Series** Bill Peach, *Behind the Scenes* Michael Llewellyn-Smith, 2012 Behind the Scenes examines planning in the City of Adelaide from 1972 until 1993 within the historical framework of City State relations from 1836 when the Province of South Australia was founded During this 21 year period the City had its own planning and development control legislation separate from the rest of the State Dr Llewellyn Smith examines why this situation came about why it continued for this particular period and why it ceased in 1993 when the separate legislation was repealed and the City became part of the State system under the new Development Act 1993 Behind the Scenes includes original interviews with many of the key individuals in the City and State who played influential roles during this period Dr Llewellyn Smith himself was the City Planner from 1974 until 1981 and then the Town Clerk Chief Executive Officer of the Adelaide City Council from 1982 until 1993 this book then is both a work of scholarship and an insider's account With a joint foreword by The Hon Jay Weatherill MP Premier of South Australia and The Rt Hon the Lord Mayor of Adelaide Mr Stephen Yarwood *Peach's Australia* Bill Peach, William Peach, 1976 Mentions Aborigines of Nullarbor Plain Tommy guide of Giles Expedition Torres Strait Islanders **Peach's Australian Cities** Bill Peach, 1980 **Australian Film & TV Companion** Tony Harrison, 2005 Everything you ever wanted to know about 4 000 Australian films and TV productions Includes details on every feature film made in Australia since 1930 every Australian made TV production since 1956 and biogs for 450 casts and crews Introduction by Geoffrey Rush The bible for film buffs DVD buyers and hirers TV fans and media communications students *The Australian Country Girl: History, Image, Experience* Catherine Driscoll, 2016-03-23 The Australian Country Girl History Image Experience offers a detailed analysis of the experience and the image of Australian country girlhood In Australia country girl names a field of experiences and life stories by girls and women who have grown up outside of the demographically dominant urban centres But it also names a set of ideas about Australia that is surprisingly consistent across the long twentieth century despite also working as an index of changing times For a long period in Australian history well before Federation and long after it public and popular culture openly equated Australian character with rural life This image of Australian ness sometimes went by the name of the bush man now a staple of Australian history This has been counterbalanced post World War II and increased immigration by an image of sophisticated Australian modernity located in multicultural cities These images of Australia balance rather than contradict one another in many ways and the more cosmopolitan image of Australia is often in dialogue with that preceding image of the bush This book does not offer a corrective to the story of Australian national identity but rather a fresh perspective on this history and a new focus on the ever changing experience of Australian rural life It argues that the country girl has not only been a long standing counterpart to the Australian bush man she has more importantly figured as a point of dialogue between the country and the city for popular culture and for public sphere narratives about Australian society and identity Who's who of Australian Writers
