What's Wrong with the Liberal Party? Greg Barns, 2003-10-07 This thoroughly absorbing book examines the current state and future of the Australian Liberal Party Its author Greg Barns the only member of the Liberal Party to be disendorsed for his outspoken views on asylum seekers draws upon his insider's knowledge and his outsider's freedom to objectively examine the major problems facing the Liberal party today

Virgin River Richard S. Wheeler, 2008-03-04 Barnaby Skye agrees to guide a wagon train of seriously ill children through the desert in hopes of a cure He must deal with other immigrant trains that fear the plague and angry Mormon settlements in conflict with the government over polygamy

The Life of the Party Christopher Ames, 2010-08-01 Critics have long recognized the links between community festivals and literary art The comedies and tragedies of the ancient Greeks grew out of their festivals Anglo Saxon poetry was often read at festival occasions and the structural patterns of renaissance drama are inseparable from their festive origins In *The Life of the Party* Christopher Ames argues that the private party has become the festival of modern culture and has served as a shaping force in the fiction of many important twentieth century writers Drawing upon and extending theories of Mikhail Bakhtin and others Ames contends that parties have inherited much of the spirit and social function of festivals and carnivals In these controlled transgressions ordinary rules of behavior are set aside for a short time permitting excess and including usually in veiled form a ritual encounter with death as well as a cathartic return to the normal social order when the party ends In the experimental fiction of James Joyce and Virginia Woolf the mingling of many voices at the party challenges both social and narrative decorum For F Scott Fitzgerald Evelyn Waugh and Henry Green the party becomes a microcosm of a decadent society and informs a festive vision characteristic of the literature that emerged between the wars And in postmodern works by Thomas Pynchon and Robert Coover the novelists celebrate the disruptive and liberating force of parties even as they illustrate the dangers of chaos through scenes of the party gone wild With its creative application of literary theory and ethnographic studies of festival *The Life of the Party* demonstrates the persistence of the festive vision and its significance in the evolution of modern fiction

John Winston Howard Peter Van Onselen, Wayne Errington, 2008 A portrait of one of Australia's longest serving prime ministers this biography goes behind the public image to find neither the strong willed man of principle his supporters like to imagine nor the cunning opportunist painted by his foes The discussion covers Howard's suburban middle class upbringing and his success at implementing his policies concluding that although the image of the ordinary bloke has helped his enduring popularity heandmdash like George Bushandmdash possesses a number of uncommon strengths that have made him one of the most formidable leaders in Australian political history

The Victorian Premiers, 1856-2006 Paul Strangio, Brian J. Costar, 2006 In the century and a half since Victoria

was granted responsible government in 1856 44 premiers have presided over the state and colony from Honest William Haines to Steve Bracks Here is their story For the first time this book brings together a comprehensive collection of biographical and political portraits of the Victorian premiers written by leading Australian historians and political scientists The result is a compelling journey through a turbulent occasionally anarchic political landscape A cast of fascinating characters is brought to life the mercurial Graham Berry who in the 1870s threatened broken heads and flaming houses in his heroic struggle to tame the colony's intractably conservative upper house the roguish Tommy Bent the turn of the century can do premier whose development enthusiasms were unhindered by probities of office the bohemian Tom Hollway who conducted Victoria's affairs from his suite in the Windsor Hotel the accidental leader Henry Bolte who became Victoria's longest serving premier and the larrikin metropolitan Jeff Kennett who turned the state into a neo liberal laboratory in the 1990s A tale of premiers the book is also a narrative of politics in a state that has vied with New South Wales as Australia's most prosperous and powerful It recounts many extraordinary episodes the precocious development of democracy in a fledgling colony turned upside down by gold immigrants the titanic bicameral struggles of the 1860s and 1870s that brought Victoria to the brink of insurrection the bank crashes of the 1890s the police strike of 1923 the great Labor split of the 1950s the hanging of Ronald Ryan in 1967 the social democratic adventurism of the Labor decade of the 1980s brought to a shuddering halt by another era of financial collapses and the neo liberal experimentalism of the Kennett government This carefully researched and engagingly written book will leave the reader in no doubt that politics in the Garden State has seldom been sedate and its premiers rarely predictable **Talking Animals in British Children's Fiction, 1786-1914**

Tess Cosslett, 2017-03-02 In her reappraisal of canonical works such as Black Beauty Beautiful Joe Wind in the Willows and Peter Rabbit Tess Cosslett traces how nineteenth century debates about the human and animal intersected with or left their mark on the venerable genre of the animal story written for children Effortlessly applying a range of critical approaches from Bakhtinian ideas of the carnivalesque to feminist postcolonial and ecocritical theory she raises important questions about the construction of the child reader the qualifications of the implied author and the possibilities of children's literature compared with literature written for adults Perhaps most crucially Cosslett examines how the issues of animal speech and animal subjectivity were managed at a time when the possession of language and consciousness had become a vital sign of the difference between humans and animals Topics of great contemporary concern such as the relation of the human and the natural masculine and feminine child and adult are investigated within their nineteenth century contexts making this an important book for nineteenth century scholars children's literature specialists and historians of science and childhood

Television Policies of the Labour Party 1951-2001 Des Freedman, 2004-08-02 Des Freedman explores Labour

s divided response to the development of commercial television in the 1950s and assesses the impact of Wilson's governments on television in the 1960s His key argument is that Labour has always been a vigorous but ultimately unreliable advocate of television

So Many Firsts Margaret FitzHerbert, 2009 Inspiring and informative So Many Firsts examines the political lives of women in the Liberal Party from Enid Lyons to today Annabelle Rankin Margaret Guilfoyle Helen Coonan and Julie Bishop are among the pioneering women who achieved so many firsts in their achievements as women and for women They had many hurdles to overcome including the long fight to extend child endowment the battle to remove the legislative barriers to married women working in the public service equal work equal opportunity and equal pay along with the notion that they could do more than only represent women's issues In 1948 The Mail helpfully declared of Senator Annabelle Rankin She tackles men's problems too In the Turnbull era women are occupying many of Party's key positions and continue to applying their spirit and talent to achieving even more firsts for the nation

On the Record Laurie Oakes, 2010-11-01 ON THE RECORD is a collection of the very best of Laurie Oakes reporting over more than forty years He is a legend in the Canberra press gallery for breaking the big stories and asking the difficult questions Some of the decisive points of the 2010 election campaign are classic examples of this Some issues haven't changed a Liberal Party report into the 1983 federal election loss that concluded the Fraser government was too often seen to be inconsistent too pragmatic and finally too expedient would ring true today Others have had a different course over 25 000 Vietnamese boat people were calmly and peacefully accepted in the late 1970s with bipartisan support

Santamaria Gerard Henderson, 2015-08-03 B A Santamaria was one of the most controversial Australians of our time An ardent anti Communist and devout Catholic he was fiercely intelligent and a natural leader polarising the community into loyal followers and committed opponents In the 1940s Santamaria created the anti Communist organisation The Movement In the 1950s he was a key figure in the tumultuous split of the Australian Labor Party He subsequently enjoyed great influence as a public commentator on his television program Point of View and in his weekly column in The Australian Santamaria had a strong social conscience and spent much of his time helping the underprivileged Although he began as an advocate and champion of the Catholic Church he spent much of his last decades opposing some of its activities Published for the 100th anniversary of Santamaria's birth Santamaria A Most Unusual Man is an authoritative biography from Gerard Henderson a close colleague until a disagreement saw the two men estranged and never reconciled

The Transformation of Urban Liberalism James Moore, 2017-11-30 The Transformation of Urban Liberalism re evaluates the dramatic and turbulent political decade following the Third Reform Act and questions whether the Liberal Party's political heartlands the urban boroughs really were in decline In contrast to some recent studies it does not see electoral reform the Irish Home Rule crisis and the challenge of socialism as representing a fundamental threat to the integrity of the party Instead this book illustrates using parallel case studies how the party gradually began to transform into a social democratic organisation through a re evaluation of its role and policy direction

This process was not one directed from the centre despite the important personalities of Gladstone and Rosebery but rather one heavily influenced by grass roots politics Consequently it suggests that late Victorian politics was more democratic and open than sometimes thought with leading urban politicians forced to respond to the demands of party activists Changes in the structure of urban rule produced new policy outcomes and brought new collectivist forms of New Liberalism onto the political agenda Thus it is argued that without the political transformations of the decade 1885 1895 the radical liberal governments of the Edwardian era would not have been possible

Carry a Big Stick Tim Ferguson,2013-09-24

A funny poignant and inspirational story of widely acclaimed comedian writer and producer Tim Ferguson Tim Ferguson was a star of the international comedy circuit Along with Paul McDermott and Richard Fidler he was part of the edgy provocative and very funny Doug Anthony Allstars DAAS In 1994 they were at the height of their powers performing in a season at the Criterion Theatre on Piccadilly Circus The three mates who began busking on the streets of Canberra a decade earlier had achieved their ambition to become the self styled rock stars of comedy Then all of a sudden Tim woke up one morning and his whole left side wouldn't work He'd had a lurking suspicion that something was wrong and after more episodes he went to a doctor thinking he'd be told to change his diet and get more sleep It wasn't so simple An eventual diagnosis of multiple sclerosis MS meant an end to the frenetic high energy life he was living Carry a Big Stick is a chance for Tim to tell his story He wants to make people laugh but also give inspiration to all the people doing it hard A lot of people keep MS to themselves because it's invisible In Tim's case he has the stick It's such a visible sign that something's happened it's just easier if people know Carry a Big Stick meanders through Tim's life and explains how the boy who went to nine schools in 13 years got used to saying Hi I'm the new kid It will detail his ambitions to become an actor and how the Doug Anthony Allstars were born and went on to become what Rolling Stone called The 3 amigos from hell Diagnosis changed a lot of things but Tim's quick wit and sense of humour weren't affected This inspiring memoir shows us that you can laugh in the face of adversity

Party Thieves

Barrie Cassidy,2010-10-13 Barrie Cassidy picked a hell of an election to cover changes of leaders on both sides of politics Australia's first female Prime Minister a hung parliament and a country not knowing who its Prime Minister was for nearly three weeks But in the beginning were the Party Thieves Malcolm Turnbull and Kevin Rudd Turnbull's manic desire to get his own way in the party and because he simply stopped listening led to his demise Rudd stole the party through his authoritarian approach to government and a cabinet that felt alienated from the job of governing In both cases the members of their respective parties came at the Party Thieves to reclaim what was rightfully theirs and set the stage for the ascension of Tony Abbott and Julia Gillard And all that before we even get to the 2010 election campaign The Party Thieves is more than just a campaign diary of the extraordinary 2010 election and its aftermath it is a rip roaring incisive analysis of a tumultuous nine months in politics that even surprised veteran journalists such as Cassidy This is a must read for anyone interested in Australian politics of any persuasion
