Peasant Nationalism and Communist Power. The Emergence of Revolution China, 1937-1945 Chalmers A. Johnson, 1962

China in Revolution Joseph W. Esherick, 2022-08-04 This book includes eleven seminal essays by one of America's leading authorities on modern Chinese history with an illuminating preface by Prof Elizabeth Perry of Harvard University it covers a range of topics from the impact of imperialism to the 1989 protests that led to the Tiananmen massacre Chapters include an explanation of how China expanded its borders far beyond the Han Chinese heartland and maintained those borders in the transition from empire to nation how Sun Yat sen unexpectedly emerged as the Father of the Country and how a series of unexpected and contingent events brought the empire down in 1911 Despite conventional representations of a static and unified China this book proves Chinese society to be diverse and constantly changing especially after the Communist revolution which was a transformative event in modern Chinese history Esherick denounces traditional imagery of cultural uniformity which derives from excessive attention to the unitary state through chapters that explore the impact of the 1937-45 War of Resistance against Japan the dramatic wartime transformation of Chinese society in both Communist and Nationalist Guomintang areas and the nature of the new Communist regime in Northwest China In his book Esherick examines both the Marxist Leninist theory behind Mao's notion of the restoration of capitalism against which he waged the Cultural Revolution of the 1960s and the political theater of the 1989 protest movement Throughout the book the contingency of history the need for careful empirical research and the important yet limited role of history is highlighted as the key to understanding the present or predicting the future of China

Blowback Chalmers Johnson, 2001-01-23 An explosive account of the resentments American policies are sowing around the world and of the payback that will be our harvest in the twenty first century Blowback a term invented by the CIA refers to the unintended consequences of American policies In this sure to be controversial book Chalmers Johnson lays out in vivid detail the dangers faced by our overextended empire which insists on projecting its military power to every corner of the earth and using American capital and markets to force global economic integration on its own terms From a case of rape by U S servicemen in Okinawa to our role in Asia's financial crisis from our early support for Saddam Hussein to our actions in the Balkans Johnson reveals the ways in which our misguided policies are planting the seeds of future disaster In the wake of the Cold War the United States has imprudently expanded the commitments it made over the previous forty years argues Johnson In Blowback he issues a warning we would do well to consider it is time for our empire to demobilize before our bills come due

Twentieth-Century China Jeffrey N. Wasserstrom, 2013-10-14 Twentieth Century China New Approaches is an

important revisionist study of China's recent past. The chapters throw light on a variety of subjects within the field which has recently undergone considerable change. The three major parts of this reader take into account the historical shape of the century, local perspectives on national history and reflections on cultural history. The chapters in this volume reflect a move away from a Western-centred analysis of Chinese history as well as the new wealth of archival material made accessible over the last decade. They highlight in challenging ways important topics that have generated considerable excitement among historians. Subjects discussed include the watershed date of 1949, feminism, the revolutions, the discourse of the communist party and political theatre in modern China.

Nationalism and the International Labor Movement

Michael Forman, 2007-06-05. The resurgence of nationalism accompanying the decline of Communism has been taken to indicate the failure of socialist theory to grasp the nature of this phenomenon. Against both those who argue that the radical tradition has ignored and underestimated nationalism and those who accuse it of economic reductionism, this careful analysis of the idea of the nation as it was developed in the work of the major thinkers of the international labor movement reveals evidence of how seriously they grappled with nationalism. Each of the main sections of the book focuses on the most influential theorists of the international labor movement as it became organized and grew: Bakunin, Marx and Engels and the concern of the First International, 1864; Lenin, Luxemburg and Bauer and the preoccupation of the Second International, 1889-1914, with socialism in ethnically plural societies; Stalin and Gramsci in relation to the substitution by the Third International, 1919-1943, of nation building and national liberation for the old class project. In the conclusion, the author examines the relationships among ethnic and civic nationality, national self-determination, republican institutions and the process of globalization from the perspective of the post-Soviet era and in the light of social theory and Kant's ideas about cosmopolitan right.

The Cambridge History of the Second World War: Volume 3, Total War: Economy, Society and Culture Michael Geyer, Adam Tooze, 2015-04-23. The conflict that ended in 1945 is often described as a total war unprecedented in both scale and character. Volume 3 of *The Cambridge History of the Second World War* adopts a transnational approach to offer a comprehensive and global analysis of the war as an economic, social and cultural event. Across twenty-eight chapters and four key parts, the volume addresses complex themes such as the political economy of industrial war, the social practices of war, the moral economy of war and peace and the repercussions of catastrophic destruction. A team of nearly thirty leading historians together show how entire nations mobilized their economies and populations in the face of unimaginable violence and how they dealt with the subsequent losses that followed. The volume concludes by considering the lasting impact of the conflict and the memory of war across different cultures of commemoration.

Civil Society in China Karla W. Simon, 2013-04-26. This is the definitive book on the legal and fiscal framework for civil society organizations (CSOs) in China from earliest times to the present day. *Civil Society in China* traces the ways in which laws and regulations have shaped civil society over the 5,000 years of China's history and looks at ways in which social and economic history have affected the legal changes that have

occurred over the millennia This book provides an historical and current analysis of the legal framework for civil society and citizen participation in China focusing not merely on legal analysis but also on the ways in which the legal framework influenced and was influenced in turn by social and economic developments The principal emphasis is on ways in which the Chinese people as opposed to high ranking officials or cadres have been able to play a part in the social and economic development of China through the associations in which they participate Civil Society in China sums up this rather complex journey through Chinese legal social and political history by assessing the ways in which social economic and legal system reforms in today s China are bound to have an impact on civil society The changes that have occurred in China s civil society since the late 1980 s and most especially since the late 1990 s are nothing short of remarkable This volume is an essential guide for lawyers and scholars seeking an in depth understanding of social life in China written by one of its leading experts

Telling Chinese History Frederic E. Wakeman, 2009-03-10 Frederic Wakeman s scholarship is impeccable and the breadth of learning in this book is astounding I repeatedly found myself slowing down to savor the material Many of the essays in this collection are no longer easily accessible and placing them together in a single volume will be a great benefit to the next generation of students and scholars Joseph W Esherick author of *The Origins of the Boxer Uprising* This book brings together the best of Frederic Wakeman s articles all of which are beautifully written and represent the remarkable breadth of Wakeman s research The opportunity to read them together sheds new light on Chinese history and on the thought processes of one of the West s greatest historians Madeleine Zelin Director of the East Asian National Resource Center at Columbia University **The Japanese Informal Empire in China, 1895-1937** Peter Duus, Ramon H. Myers, Mark R.

Peattie, 2025-03-11 Volume two of the acclaimed three volume series on modern Japanese colonialism and imperialism This book brings together essays by leading experts on the history of Japan to examine the period from 1895 to 1937 when Japan s economic social political and military influence in China expanded so rapidly that it supplanted the influence of competing Western powers They discuss how Japan s informal empire emerged in China after Japan entered the Treaty Port system in 1895 and how it shaped Japan s own internal development How did Japan s informal empire expand in size and importance so that Japanese economic and security interests became heavily dependent on China What influence did Japanese business groups China experts and military have on their government s China policy How did the Japanese in China deal with the threatening rise of Chinese nationalism Exploring these and other questions these essays show how the pursuit of an informal empire in China played a profound role in the emergence of modern Japan The contributors are Banno Junji Barbara J Brooks Alvin D Coox Peter Duus Albert Feuerwerker Kitaoka Shin ichi Sophia Lee Mizoguchi Toshiyuki Ramon H Myers Nakagane Katsuji Mark R Peattie Douglas R Reynolds and William D Wray This is the second volume of a series on modern Japanese colonialism and imperialism Volume one is *The Japanese Colonial Empire 1895 1945* Volume three is *The Japanese Wartime Empire 1931 1945* **Popular Protest And Political Culture In Modern China** Jeffrey N

Wasserstrom, 2018-02-07 This innovative and widely praised volume uses the dramatic occupation of Tiananmen Square as the foundation for rethinking the cultural dimensions of Chinese politics Now in a revised and expanded second edition the book includes enhanced coverage of key issues such as the political dimensions of popular culture addressed in a new chapter on Chinese rock and roll by Andrew Jones and the struggle for control of public discourse in the post 1989 era discussed in a new chapter by Tony Saich Two especially valuable additions to the second edition are art historian Tsao Tsing yuan's eyewitness account of the making of the Goddess of Democracy and an exposition of Chinese understandings of the term revolution contributed by Liu Xiaobo one of China's most controversial dissident intellectuals The volume also includes an analysis by noted social theorist and historical sociologist Craig C Calhoun of the similarities and differences between the new social movements of recent decades and the old social movements of earlier eras

TEXT CONCLUSION To facilitate classroom use the volume has been reorganized into groups of interrelated essays The editors introduce each section and offer a list of suggested readings that complement the material in that section

New Perspectives on the Chinese Communist Revolution Tony Saich, Hans J. Van de Ven, 1995 The result of a conference cosponsored by the Sinological Institute Leiden U and the International Institute of Social History Amsterdam and held during January 1990 this collection of essays presents new perspectives on the history of the Chinese Communist Party CCP between its founding in 1920 and its conquest of China in 1949 Employing the voluminous primary sources that have become available in the last decade and a half the authors draw attention to events and places that until now have suffered historiographical neglect or offer revisionist interpretations of the signal events and leading figures of CCP history in many cases relating them to new theoretical perspectives on culture and local society including language and gender relations

Paper edition unseen 32 50 Annotation copyright by Book News Inc Portland OR

Developmental and Cultural Nationalisms Radhika Desai, 2013-10-18 Premature announcements of the eclipse of nation states under globalization and empire stand exposed as the 21st century's first economic crisis underlines their continuing importance A predominantly cultural study of nationalism was unable to resist the globalization thesis Focusing on selected Asian cases this book argues that nationalisms have always contained political economies as well as cultural politics Placing nation states centrally in our understanding of modern capitalism it challenges the globalization thesis Rather than eclipse nations and nationalisms have undergone changes under the impact of neoliberalism since the 1970s Classical 20th century developmental nationalisms emphasised citizenship economy and future orientations Later cultural nationalisms Asian values Hindutva Confucianism or Nihonjiron stressed identity culture and past orientations Amid neoliberalism's flagrantly unequal political economy not primarily concerned with material production or productivity they glorified static conceptions of original cultures and identities whether religious ethnic or other and justified inequality as cultural difference In contrast to the popular mobilizations which powered developmental nationalisms cultural nationalisms thrive on neoliberalism's disengagement and disenfranchisement albeit partially compensated by the political

baptism of newly enriched groups Extremist wings of cultural nationalism in some countries were a function of this lack of popular support This book was published as a special issue of Third World Quarterly **China at War** Xiaobing Li,2012-01-10 This comprehensive volume traces the Chinese military and its experiences over the past 2 500 years describing clashes with other kingdoms and nations as well as internal rebellions and revolutions As the first book of its kind China at War An Encyclopedia expands far beyond the conventional military history book that is focused on describing key wars battles military leaders and influential events Author Xiaobing Li an expert writer in the subjects of Asian history and military affairs provides not only a broad chronological account of China s long military history but also addresses Chinese values concepts and attitudes regarding war As a result readers can better understand the wider sociopolitical history of the most populous and one of the largest countries in the world and grasp the complex security concerns and strategic calculations often behind China s decision making process This encyclopedia contains an introductory essay written to place the reference entries within a larger contextual framework allowing students to compare Chinese with Western and American views and approaches to war Topics among the hundreds of entries by experts in the field include Sunzi s classic The Art of War Mao Zedong s guerrilla warfare in the 20th century Chinese involvement in the Korean War and Vietnam War and China s nuclear program in the 21st century *Collective Killings in Rural China during the Cultural Revolution* Yang Su,2011-02-21 The violence of Mao s China is well known but its extreme form is not In 1967 and 1968 during the Cultural Revolution collective killings were widespread in rural China in the form of public execution Victims included women children and the elderly This book is the first to systematically document and analyze these atrocities drawing data from local archives government documents and interviews with survivors in two southern provinces This book extracts from the Chinese case lessons that challenge the prevailing models of genocide and mass killings and contributes to the historiography of the Cultural Revolution in which scholarship has mainly focused on events in urban areas **Understanding Peasant China** Daniel Little,1989-01-01 In this innovative book Daniel Little compares the positions of various social scientists regarding debates in China studies Little focuses on four topics the relative importance of individual rationality and community values in explaining traditional peasant behavior the role of marketing and transportation systems in Chinese society the causes of agricultural stagnation in traditional China and the reasons for peasant rebellions in Qing China He not only makes a constructive contribution to these controversies but also provides examples of the diversity of social science research China Under Mao Andrew G. Walder,2015-04-06 China s Communist Party seized power in 1949 after a long guerrilla insurgency followed by full scale war but the revolution was just beginning Andrew Walder narrates the rise and fall of the Maoist state from 1949 to 1976 an epoch of startling accomplishments and disastrous failures steered by many forces but dominated above all by Mao Zedong The Revolutions of 1989 Vladimir Tismaneanu,2005-07-28 The Revolutions of 1989 is a collection of both classic and recent articles examining the causes and consequences of the collapse of communism in East

and Central Europe the most important event in recent world history It includes discussion of the economic political and social nature of revolutions the role of dissidents and civil society in encouraging the breakdown of eastern European communist regimes comparisons with other revolutions the extent of the collapse of Leninist regimes in East Central Europe European historians scholars and students will want to make this an integral part of their studies
