Soto,2010-01-01 A race based oppositional paradigm has informed Chicano studies since its emergence In this work Sandra K Soto replaces that paradigm with a less didactic more flexible framework geared for a queer analysis of the discursive relationship between racialization and sexuality Through rereadings of a diverse range of widely discussed writers from Am rico Paredes to Cherr e Moraga Soto demonstrates that representations of racialization actually depend on the sexual and that a racialized sexuality is a heretofore unrecognized organizing principle of Chican literature even in the most unlikely texts Soto gives us a broader and deeper engagement with Chican representations of racialization desire and both

inter and intracultural social relations While several scholars have begun to take sexuality seriously by invoking the rich terrain of contemporary Chicana feminist literature for its portrayal of culturally specific and historically laden gender and sexual frameworks as well as for its imaginative transgressions against them this is the first study to theorize racialized sexuality as pervasive to and enabling of the canon of Chican literature Exemplifying the broad usefulness of queer theory by extending its critical tools and anti heteronormative insights to racialization Soto stages a crucial intervention amid a certain loss of optimism that circulates both as a fear that queer theory was a fad whose time has passed and that queer theory is incapable of offering an incisive politically grounded analysis in and of the current historical moment **Negotiating**

Feminisms Eilidh AB Hall, 2021-03-04 Negotiating Feminisms examines intergenerational feminism in Chicana family life It analyses literary representations of the ways that Chicanas negotiate feminisms in the family across generations through the maintenance contestation and adaptation of traditional gender roles Using an original theoretical lens of negotiation to read the works of Ana Castillo and Sandra Cisneros this book unpacks intergenerational resistance to patriarchal oppression This book shows how the works of Cisneros and Castillo articulate a politics of negotiation that critiques the gendered ideologies and roles of the family In doing so the book's discussion not only engages with literary representations but also connects these representations to the contextual experience of Chicana family life This book calls for a rethinking of women characters beyond limited and limiting familial roles and uses the framework of feminist negotiation as a means to explore the empowering possibilities of intergenerational female relationships **Latino Literature** Christina Soto van der Plas, Lacie Rae Buckwalter Cunningham, 2023-03-31 Winner 2024 RUSA Outstanding Reference Award Offers a comprehensive overview of the most important authors movements genres and historical turning points in Latino literature More than 60 million Latinos currently live in the United States Yet contributions from writers who trace their heritage to the Caribbean Central and South America and Mexico have and continue to be overlooked by critics and general audiences alike Latino Literature An Encyclopedia for Students gathers the best from these authors and presents them to readers in an informed and accessible way Intended to be a useful resource for students this volume introduces the key figures and genres central to Latino literature Entries are written by prominent and emerging scholars and are comprehensive in their coverage of the 19th 20th and 21st centuries Different critical approaches inform and interpret the myriad complexities of Latino literary production over the last several hundred years Finally detailed historical and cultural accounts of Latino diasporas also enrich readers' understandings of the writings that have and continue to be influenced by changes in cultural geography providing readers with the information they need to appreciate a body of work that will continue to flourish in and alongside Latino communities **Chicana Portraits** Norma Elia Cantú, 2023-10-10 This innovative collection pairs portraits with critical biographies of twelve key Chicana writers offering an engaging look at their work contributions to the field and major achievements Artist Raquel Valle's portraits bring visual dimension while essays delve deeply into the authors' lives
