Peeping Tom Kiri Bloom Walden, 2020-12-12 Reviled on its release *Peeping Tom* 1960 all but ended the career of director Michael Powell previously one of Britain's most revered filmmakers The story of a murderous cameraman and his compulsion to record his killings Powell's film stunned the same critics who had acclaimed him for the work he'd made with writer producer Emeric Pressburger *The Life and Death of Colonel Blimp* 1943 *A Matter of Life and Death* 1946 resulting in the film falling out of circulation almost as soon as it was released It took the 1970s Movie Brat generation to rehabilitate the director and the film which is now regarded as a masterpiece In this *Devil's Advocate* published to coincide with the film's 60th anniversary Kiri Walden charts the origins production and devastating critical reception of *Peeping Tom* comparing it to the treatment meted out to its contemporary horror classic Alfred Hitchcock's *Psycho* 1960

Hidden in Plain Sight Nathan Abrams, 2016-08-15 *Hidden in Plain Sight* Jews and Jewishness in British Film Television and Popular Culture is the first collection of its kind on this subject The volume brings together a range of original essays that address different aspects of the role and presence of Jews and Jewishness in British film and television from the interwar period to the present It constructs a historical overview of the Jewish contribution to British film and television which has not always been sufficiently acknowledged Each chapter presents a case study reflective of the specific Jewish experience as well as its particularly British context with cultural representations of how Jews responded to events from the 1930s and 40s including World War II the Holocaust and a legacy of antisemitism through to the new millennium

Shocking Representation Adam Lowenstein, 2005 How the modern horror film has represented the social conflicts left in the wake of national trauma

Recovering 1940s Horror Cinema Mario DeGiglio-Bellemare, Charlie Ellbé, Kristopher Woofert, 2014-12-11 The 1940s is a lost decade in horror cinema undervalued and written out of most horror scholarship This collection revises reframes and deconstructs persistent critical binaries that have been put in place by scholarly discourse to label 1940s horror as somehow inferior to a classical period or canonical mode of horror in the 1930s especially as represented by the monster films of Universal Studios The book's four sections re-evaluate the historical political economic and cultural factors informing 1940s horror cinema to introduce new theoretical frameworks and to open up space for scholarly discussion of 1940s horror genre hybridity periodization and aesthetics Chapters focused on Gothic and Grand Guignol traditions operating in forties horror cinema 1940s proto slasher films the independent horrors of the Poverty Row studios and critical reevaluations of neglected hybrid films such as *The Vampire's Ghost* 1945 and slippery auteurs such as Robert Siodmak and Sam Neufield work to recover a decade of horror that has been framed as having fallen victim to repetition exhaustion and decline

Smirk, Sneer and Scream Mark Clark, 2003-12-31 While you may think the old adage about oil and water being unable to mix applies perfectly to the cinema of terror and the craft of great acting many a grease painted scare and fluid performance have been combined in the strange alchemy that is the horror film From the silent mastery of Lon Chaney's *The Phantom of the Opera*

to the cultured cannibalism of Anthony Hopkins in *The Silence of the Lambs* the genre has seen an impressive number of noteworthy portrayals far removed from the stereotypical leering monster and terrified maiden Part One of this work highlights the stars of this screen style those whose numerous roles and outstanding performances made their names synonymous with horror cinema Part Two covers actors who although not normally associated with the genre still contributed to its history Part Three covers the great actresses in horror films and highlights their acting achievement An appendix lists all the Academy Award nominations and winners in the horror genre [Horror Film](#) Steffen Hantke,2004 Essays on the rise of the horror film and on how moviemakers package and promote fright [Surveillance and Film](#) J. proliferating mode of digitally enhanced surveillancinema **Reading Phinehas, Watching Slashers** Brandon R. Grafius, 2018-03-20 The tale of the zeal of Phineas expressed when he killed an Israelite man and a Midianite woman having sex and thus stopped a plague of consorting with idolatrous neighbors in the Israelite camp Numbers 25 has long attracted both interest and revulsion Scholars have sought to defend the account to explain it as pious fiction or to protest its horrific violence Brandon R Grafius seeks to understand how the tale expresses the latent anxieties of the Israelite society that produced it combining the insights of historical criticism with those of contemporary horror and monster theory Grafius compares Israelite anxieties concerning ethnic boundaries and community organization with similar anxieties apparent in horror films of the 1980s then finds confirmation for his method in the responses of Roman period readers who reacted to the tale of Phineas as a tale of horror The combination of methods allows Grafius to illumine the concern of an ancient priestly class to control unsettled and unsettling community boundaries and to raise questions of implications for our own time **A Grammar of Murder** Karla Oeler, 2009-12-15 The dark shadows and offscreen space that force us to imagine violence we cannot see The real slaughter of animals spliced with the fictional killing of men The missing countershot from the murder victim s point of view Such images or absent images Karla Oeler contends distill how the murder scene challenges and changes film Reexamining works by such filmmakers as Renoir Hitchcock Kubrick Jarmusch and Eisenstein Oeler traces the murder scene s intricate connections to the great breakthroughs in the theory and practice of montage and the formulation of the rules and syntax of Hollywood genre She argues that murder plays such a central role in film because it mirrors on multiple levels the act of cinematic representation Death and murder at once eradicate life and call attention to its former existence just as cinema conveys both the reality and the absence of the objects it depicts But murder shares with cinema not only this interplay between presence and absence movement and stillness unlike death killing entails the deliberate reduction of a singular subject to a disposable object Like cinema it involves a crucial choice about what to cut and what to keep

Ghouls, Gimmicks, and Gold Kevin Heffernan, 2004-03-25 The history of horror films and the horror film industry in the 1950s and 1960s *Male Bodies Unmade* Jongwoo Jeremy Kim, 2023-11-14 Male Bodies Unmade explores white men s disunified physicality in modern and contemporary art while attending to erotic polysemy that questions the visual ethos of Occidental patriarchy Art historian Jongwoo Jeremy Kim s approach is informed by his own status as an immigrant a polyglot queen drawn to extravagant fantasies of misbehaving bodies that are in truth foreign territories colonies of misbelief In six case studies focusing on configurations of irrational anatomy and horny self extinction this book celebrates the lessons and pleasures of disrupting art history s hegemonically Western narratives *Envisaging Death* Michele Aaron, 2014-07-18 *Envisaging Death* Visual Culture and Dying enters the expanding field of Death Studies and connects some of its key interpretive frameworks such as issues of internment practice trauma or end of life care to visual culture and more than that to visual culture s socio political geographic and aesthetic specificities Where the prevailing picture of death within this field

is as a Western experience framed by its denial on one side and its sensationalism on the other this collection confronts the specifics of death's marginalisation its experience as local rather than universal and the precise relationship between the context and the cultural mediation of death Who and where you are which part of the world you live in whether you are famous or wealthy subject to natural catastrophe civil unrest or high tech healthcare has enormous influence on how your death is marked imaged and imagined As such this book addresses the socio cultural factors permeating and styling the visual and inevitably material treatment of death and dying in a broad array of personal and national settings Advanced society has been characterised by an increased distancing of death from the everyday and its distortion or invisibility within the public sphere The essays collected here return some shape and context and geo politics to the treatment of death and dying within contemporary culture and specifically within contemporary visual culture which provides an ever more dominating forum for society's depiction of and dealings with death Charting important new interdisciplinary terrain scholars and practitioners from a wide range of fields address an assortment of cultural mediations of real fictional or fictionalised death They navigate in different ways the fraught policed but always relative distance between the living and the dead which characterises these mediations a distance which works inevitably to reassure and re secure those supposedly untouched by death and dying Envisaging Death whether through discussion of the cemetery landscape the still or moving image the therapeutic or educational art practice addresses how such a distance is reinforced It also crucially explores countless cases of and increasing possibilities for the disruption of this distance With the various crises of current times be they economic environmental or regional such possibilities for this disruption and the altered dynamics of human connection that they represent can only gain in significance
