Buddies Elissa Ewald, 2020-12-07 Each pair of buddies represents the preciousness of life Buddies is a collection that represents the fact that every living thing needs companionship by using happy colors to emphasize the feelings of joy that comes with having a friend by your side Using simple stories that effect our lives as children and how being young with differences sometimes makes us feel incomplete and uncomfortable Buddies reminds us we are all different yet the same and it is okay to be different because we are all special and we all have meaning in life We can all inspire each other every day to be better at whatever it is that makes us different *The Alphabet Marches On* Cinder Albright, 2023-04-05 About the Book The Alphabet Marches On contains one story for every letter of the alphabet emphasizing that letter in different ways some stories more than others The stories are unique in characters fun entertaining happy and mildly educational What the author hopes for her readers is to be entertained relaxed in attitude with a calm sense that God and his goodness are always with us and around us bringing joy to our lives in the smallest of ways and the biggest She hopes to bring a bit of God's light to hearts happiness and fun About the Author Cinder Albright has raised her family mostly being a stay at home wife and mother She had different jobs while her husband was in school and when her family was older She has always wanted to be a homemaker and mother She taught religious education classes for many years and was involved with pro life efforts and awareness in her church She is enjoying these years by spending time devoting her gifts in the way of writing to others She has always hoped to be able to do this and here she is happy and thankful *Sex Worker and Pig Struggle for Liberation* Alpha Lamb, This story is about two minorities struggling for liberation from human bondage Sex Worker better known as Prostitute is often described as the world's oldest profession or among the oldest Sadly for herself if not for all others she has been persecuted from pre history ever since She may have been tolerated as an exception but never widely accepted Does society owe her the obligation of rescue from fallen slavery or should she be deterred from practising her trade by stiff punishment in order to maintain the hygiene of the social fabric What does she think and does it matter what she thinks The story begins with a girl forced into prostitution by destitution until she fights back together with her fellow sister mates against inherent frustration cruelty and prejudice Her argument is that she has an inalienable human right to dispose her body and sex in private in whichever way she desires especially when such disposal is essential to earn a living The imposition of public morality as her personal responsibility is what she cannot accept and endure But it is more than that since she is also in the other minority She is a Pig an itinerant animal dominated no shorter and no less by human civilization than what has been suffered by Prostitute It is a moot point whether Prostitute or Animal has suffered more or considered more despicable Presumably Animal could have it easier since they are supposed to be of the lower order with no intelligence whatsoever until the relatively recent advent of animal right Perhaps Animal should be grateful to human civilization for survival and multiplication too whereas Prostitute can always be found in human survival The story brings up the coincidence

of Prostitute Struggle and Pig Struggle initially each on its own until reaching the stage when each finds the need to join force and cause though a common front is anything but a smooth ride The first public confrontation against the establishment as can be expected proves to serve not much more than a learning curve However the seed once buried and unburied would be allowed time and space to take root Nourished non stop by where they come from the denizens of the joint struggle will not waver or lose hope for an eventual outcome The author does not pretend to be entirely on their side morally Take the story as a science fiction if you like Whether it will come to pass is a matter of opinion A Guinness World Record The True Story of Cedric the Oldest Pig in the World Faye Fyfe, **Peggy's Playhouse** Clara Whitehill Hunt,1924

Illustrated Joel Chandler Harris,2021-11-23 Joel Chandler Harris was an American journalist fiction writer and folklorist best known for his collection of Uncle Remus stories Harris wrote novels narrative histories translations of French folklore

children's literature and collections of stories depicting rural life in Georgia. As fiction writer and folklorist, he wrote many Brer Rabbit stories from the African American oral tradition. He realized the literary value of the stories he had heard from the slaves of Turnwold Plantation. Harris set out to record the stories and insisted that they be verified by two independent sources before he would publish them. The stories, mostly collected directly from the African American oral storytelling tradition, were revolutionary in their use of dialect, animal personages, and serialized landscapes.
