ARTS,CRAFTS AND TRADITIONAL INDUSTRIES DR. ASIM K. DASGUPTA,2014-01-31 In his second book of Arts and Crafts Dr Asim K Dasgupta takes us on another fascinating voyage of discovery exploring some of the most important achievements of human ingenuity across many centuries and many thousands of miles In these pages you can learn some of the secrets of bee keeping and thrill to the dangerous adventure of wild honey gatherers find out how to get salt from seawater and penetrate some of the secrets of the whisky distillers You can visit the little known worlds of the jute miller and the silk weaver and find out how an umbrella a comb a clock or a cork is made You can follow a hardwood tree from forest to wood work and a stone from quarry to carving This book tells us how hand made cards mosaic fine jewellery gemstones and many other crafts are created or produced In addition Dr Dasgupta provides an expert guide to the health risks attending each craft The book is illustrated throughout with superb photographs showing how the arts and crafts are practised in various parts of the world The Youngest Doll ,1991-01-01 A gentle maiden aunt who has been victimized for years unexpectedly retaliates through her talent for making life sized dolls filled with honey The Youngest Doll based on a family anecdote is a stunning literary expression of Rosario Ferr s feminist and social concerns It is the premier story in a collection that was originally published in Spanish in 1976 as Papeles de Pandora and is now translated into English by the author The daughter of a former governor of Puerto Rico Ferr portrays women loosening the constraints that have bound them to a patriarchal culture Anger takes creative rather than polemical form in ten stories that started Ferr on her way to becoming a leading woman writer in Latin America The upper middle class women in The Youngest Doll mostly married to macho men rebel against their doll like existence or retreat into fantasy those without money or the right skin color are even more

oppressed In terms of power and influence these women stand in the same relation to men as Puerto Rico itself does to the United States and Ferr stretches artistic boundaries in writing about their situation The stories moving from the realistic to the nightmarish are deeply felt full of irony and black humor often experimental in form The imagery is striking an architect dreams about a beautiful bridge that would open and close its arches like alligators making love a Mercedes Benz shines in the dark like a chromium rhinoceros One story The Sleeping Beauty is a collage of letters announcements and photo captions that allows chilling conclusions to be drawn from what is not written The collection includes Ferr s discussion of When Women Love Men a story about a prostitute and a society lady who unite in order to survive and one that illustrates the woman writer s art of dissembling anger through irony In closing she considers how her experience as a Latin American woman with ties to the United States has brought to her writing a dual cultural perspective
