these founding fathers would not recognize the present rivers nor the hills upon which Clarksville has grown Clarksvillians have kept an awareness of their rich past bridging their lives with those of the early frontiersmen Today Clarksville eclectically blends both metropolitan and rural settings to offer residents the best of both worlds **Postcards from the Front 1914-1919** Kate J. Cole,2016-05-15 Postcards from the Front 1914 1919 captures the essence of this medium in a unique and fascinating way bringing to life the pathos the trauma and the mud and the blood of Flanders and France as the embattled Tommies wrote home to their loved ones **Postcards from the Trenches** Irene Guenther,2018-11-01 German art student Otto Schubert was 22 years old when he was drafted into the Great War As the conflict unfolded he painted a series of postcards that he sent to his sweetheart Irma During the battles of Ypres and Verdun Schubert filled dozens of military issued 4 x 6 cards with vivid images depicting the daily realities and tragedies of war Beautifully illustrated with full color reproductions of his exquisite postcards as well as his wartime sketches woodcuts and two lithograph portfolios Postcards from the Trenches is Schubert s war diary love journal and life story His powerful artworks illuminate and document in a visual language the truths of war Postcards from the Trenches offers the first full account of Otto Schubert soldier artist of the Great War rising art star in the 1920s prolific graphic artist and book illustrator one of the degenerate artists defamed by the Nazis and a man shattered by the Second World War and the Cold War Created in the midst of enormous devastation Schubert s haunting visual missives are as powerful and relevant today as they were a century ago His postcards are both a young man s token of love and longing and a soldier s testimony of the Great War **Postcards from the Trenches** Allyson Booth,1996 She links for example the modernist representation of an unstable self to soldiers familiarity with corpses the modernist mistrust for fact to the competing nationalist discourses of August 1914 and the modernist description of buildings as having shaken off the past to a desire to forget the war Booth argues that the dislocations of war often figure centrally in modernist forms even when the war itself seems peripheral to modernist content

Letters, Postcards, Email Esther Milne,2012-02-27 In this original study Milne moves between close readings of letters postcards and emails and investigations of the material technological infrastructures of these forms to answer the question How does presence function as an aesthetic and rhetorical strategy within networked communication practices As her work reveals the relation between old and new communication systems is more complex than allowed in much contemporary media theory Although the correspondents of letters postcards and emails are not

usually present to one another as they write and read their exchanges this does not necessarily inhibit affective communication Indeed this study demonstrates how physical absence may in some instances provide correspondents with intense intimacy and a spiritual almost telepathic sense of the other's presence While corresponding by letter postcard or email readers construe an imaginary incorporeal body for their correspondents that in turn reworks their interlocutor's self presentation In this regard the fantasy of presence reveals a key paradox of cultural communication namely that material signifiers can be used to produce the experience of incorporeal presence

New Philadelphia in Vintage Postcards Erin L. VanFossen, 2004 In 1772 Native Americans granted land in the Tuscarawas Valley to Moravian missionary David Zeisberger and he established the Christian community of Schoenbrunn Village which remained until 1777 when members were forced to relocate Then in late 1804 John Knisely his family and other pioneers braved the western frontier and settled on the Tuscarawas River near the Schoenbrunn Village site On October 23 1804 John Knisely founded the town of New Philadelphia He was a great philanthropist donating land to the city for future public buildings guaranteeing its selection as the Tuscarawas County Seat In Schoenbrunn Village which has been partially excavated and rebuilt as a historic site in New Philadelphia missionaries lived in harmony with Native Americans and so it seems fitting that New Philadelphia through the influence of John Knisely's generosity has maintained its

image as the new city of brotherly love Two hundred years later the city strives to keep Knisely's dream alive with its generous allocation of resources and commitment to those in need *Altmann's Tongue*, 2002-01-01 Brian Evenson has added an O Henry Award winning short story Two Brothers to this controversial book and a new afterword in which he describes the troubling aftermath of the book's publication in 1994
