**The Revelatory Text** Sandra Marie Schneiders,1991      *Revelation, Scripture and Church* Richard R.

Topping,2016-04-08 How does God's involvement with the generation of Holy Scripture and its use in the life of the Christian church figure into the human work of Scripture interpretation This is the central question that this book seeks to address In critical conversation with the influential hermeneutic programs of James Barr Paul Ricoeur and Hans Frei Topping demonstrates how God's agency has been marginalized in the task of Scripture interpretation Divine involvement with the Bible is bracketed out Barr rendered in generic terms Ricoeur or left implicit Frei in these depictions of the hermeneutic field The result is that each of these hermeneutic programs is less than a realist interpretative proposal Talk of God is eclipsed by the terminal consideration of human realities Topping argues for the centrality of doctrinal description in a lively theological understanding of Scripture interpretation for the life of the church      Beyond Dogmatism and Innocence Anthony J.

Godzieba,Bradford E. Hinze,2017 Behind every important development in Catholic doctrine and practice since the beginning of the modern period have been debates about the interpretation of Christianity's classic texts and traditions and their ideological and practical implications Over the past century there have been breakthroughs in retrieving the origins of beliefs and practices recovering the rich myriad and multifaceted literary forms and recognizing the ways these venerable traditions have been received applied and negotiated in the lives of reading audiences with their contrasting worldviews The essays in this volume by leading figures in Catholic theology suggest what might be called a third naivete that blends deeply contextual interpretations with a critical theological analysis of the roles of power and grace in church and society The abilities and skills to grapple with basic issues in hermeneutics and critical theory remain necessary and fundamental for Catholic theology At stake is nothing less than how the good news of God's salvation can be grasped and lived today This volume provides a trustworthy map and compass for negotiating these debates and options Contributors include Sandra M Schneiders Francis Schussler Fiorenza Robert J Schreiter John E Thiel Dominic Doyle Fernando F Segovia Andrew Prevot Ormond Rush Judith Gruber Susan Abraham Anthony J Godzieba and Bradford E Hinze      **Confronting a Controlling God**

Catherine M. Wallace,2016-08-24 Christianity has lost control of its brand That matters even for nonbelievers because Christian symbolism permeates Western culture It shapes the source code for how we think about ourselves and what we expect from one another If God is all controlling then human control is divinely sanctioned Our efforts to control one another have cosmic legitimacy the legitimacy claimed by fundamentalists pursuing a political agenda that has nothing to do with Jesus of Nazareth But if God is defined as compassion and loving kindness then Christianity calls the faithful to compassion and radical hospitality Wallace traces the backstory of this vitally important tension all the way back to competing translations of Moses's argument with the burning bush arguing for a Copernican turn in which the spiritual encounter with compassionate Presence lies at the heart of Christianity      The Bloomsbury Guide to Pastoral Care Bernadette

Flanagan,2014-01-30 The Bloomsbury Guide to Pastoral Care provides a framework for reflection on pastoral care practice and identifies frontier learning from the new and challenging practical contexts which are important in pastoral care research today In this collection of essays from leading practitioner scholars Bernadette Flanagan and Sharon Thornton set out core principles underpinning professional identity and the practice of pastoral care in rapidly changing social settings Such pastoral challenges as developing compassionate and effective companioning to those who have suffered trauma torture catastrophic events social disintegration the moral wounds of war and cultural dislocation are treated with insight and deep care The new frontiers of pastoral care in more familiar circumstances such as family health settings where patients facing life challenging medical events and multi cultural communities are also explored With contributions from Kevin Egan Michael O Sullivan SJ Rita Nakashima Brock and Julia Prinz VDMF The Bloomsbury Guide to Pastoral Care is an essential reference for the theory and practice of pastoral care

*Hermeneutics, Linguistics, and the Bible* Stanley E. Porter,2024-01-25 The volume presents Stanley E Porter s considered thoughts and reflections on key questions of meaning and context addressing the problems of biblical interpretation and how a close collaboration between hermeneutics and linguistics can help to solve them The chapters display Porter s work in both fields examining how hermeneutics functions as a field in modern biblical studies and how the quest for meaning in biblical texts is underpinned by the study of linguistics The volume focuses on context for understanding the meanings of biblical texts Porter suggests that linguists can learn more from the philosophical questions around meaning that hermeneutics apply in their study of biblical texts and that there is more fruitful work to be done in the field of hermeneutics using insights from linguistics

**Many Roads Lead Eastward** Robert D. Miller,2016-10-27 Is there a gap between the academic study of the Bible and the work of theologians What lies behind this gap And most important how have biblical scholars tried to bridge the gap with hermeneutical methods This book addresses the exegesis vs theology impasse and categorizes the most important attempts to bridge it over the past century especially those of the last decades These attempts are assessed and evaluated so that readers can see the philosophies undergirding each and the potential each has for a true theological interpretation of the Bible

*Rhetoric, Scripture and Theology* Stanley E. Porter,Thomas H. Olbricht,1996-09-01 Rhetoric Scripture and Theology aptly describe the contents of this collection of essays from the 1994 Pretoria Rhetoric Conference The conference marked a significant dialogue among scholars gathered from many nations to consider how rhetoric engages with the study

of scripture and theology South Africa provided a suitable context for such discussion Although the contributors are not only from South Africa the addressing of issues pertinent to a South African context shows through in many of the essays Those that do not address particularly South African issues raise equally important issues regarding the topic of rhetoric and its relation to contemporary theological discourse *Chasing Mystery* Carey Walsh,2012 *Chasing Mystery* is an exploration into how the Bible negotiates the presence and absence of God in the hopes of forging a path in the modern situation where absences often seem more pressing than presences Amid the prevailing skepticism and restlessness says Walsh we must relearn the skill of trust in reading Scripture The aim is to experience God through holy writing **Divine Providence in the Bible** John H. Wright,2010-11 Presents a thoughtful masterly well organized investigation of Divine Providence as seen by the authors of the New Testament Advances the claim that the NT authors do not support Augustine s highly influential predestinarian view of Providence The New Cambridge Companion to Biblical Interpretation Ian Boxall,Bradley C. **Wisdom in the World** Brian C. Hughes,2024-10-31 How can an ancient text written far from a contemporary Christian

in time and space be taken up as life transforming Scripture today This book seeks to address that question in a study of Proverbs 8 a passage that was central to the Christological debates of the fourth century but for many contemporary Christians seems remote and irrelevant In the course of the study the instincts and insights of pre modern Christians and modern critical methods are taken up to understand the passage Additionally the text is placed in conversation with contemporary philosophical reflection on the nature of reading and meaning In this latter endeavor Charles Taylor Paul Ricoeur Nicholas Lash and George Lindbeck are all drawn into engagement with the passage Emerging from this conversation is a sense of Wisdom in the world beckoning the Christian into a particular mode of being in the world

*Reading the Bible Theologically* Darren Sarisky, 2019-01-17 Examines what theological reading is and how it shapes the interpretation of Biblical text through explicit focus on the reader      **Lectio Divina as Contemplative Pedagogy** Mary Keator, 2017-12-14 Offering an original application of the ancient monastic practice of lectio divina to the humanities this book demonstrates the need for further emphasis on deep reading reflection and contemplation in contemporary university classrooms Each chapter provides readers with an historical overview of the four movements of this monastic method lectio reading meditatio interpreting oratio responding and contemplatio experiencing wisdom and suggests ways to incorporate these practices in humanities courses Keator demonstrates that the lectio divina method is a viable pedagogical tool to guide students slowly and methodically through literary texts and into a subjective experience of wisdom and meaning

Introduction to Biblical Studies Steve Moyise, 2013-06-20 This is an ideal introduction to modern biblical studies Readers are introduced to questions of inspiration canon and authority This is followed by chapters on historical approaches to the Bible such as source form and redaction criticism Comparisons with other literature such as ancient flood stories or Egyptian psalms help to set the context for this Moyise also asks such questions as How did we get the Bible and why do modern versions of the Bible differ among themselves Moyise considers a number of approaches to the Bible Beginning with literary criticism he shows how texts speak to readers and influence their attitudes emotions and behaviour This is followed by liberation feminist and finally a variety of theological approaches used by those who consider the Bible to be sacred scripture For the third edition Moyise has added two sections one giving a basic outline of the biblical story together with a timeline and key dates and another on dating the New Testament      **The Beatitudes through the Ages** Rebekah
