Scientific And Medical Studies On The Apparitions:

Medjugorje and the Supernatural Daniel Maria Klimek, 2018-03-01 In 1981 six young people in the village of Medjugorje in what was then Yugoslavia now Bosnia Herzegovina reported that the Virgin Mary had appeared to them The Medjugorje visionaries say that Mary has returned every day since then bringing them important messages from heaven to convey to the world Over the past three decades the Medjugorje visionaries have been subjected to extensive medical psychological and scientific examination even while undergoing their visionary experiences Daniel Klimek analyzes the scientific studies on the visionaries in juxtaposition with the major scholars and debates surrounding religious experience and concludes that a multidisciplinary approach grants a more holistic and deeper understanding of such extraordinary religious experiences

Research in the Social Scientific Study of Religion.v.10 Joanne Marie Greer, David O. Moberg, 2001-04-01 Various articles are presented covering psychological sociological and cross cultural topics or relevance to religious spiritual researchers and academics

Mariology: A Guide for Priests, Deacons, Seminarians and Consecrated Persons Dr. Mark Miravalle, 2013-09-10 Some of the best minds in Mariology today have collaborated to produce this monumental anthology in honor of Our Lady and in complete fidelity to the Magisterium Buy this book and make a present of it to your parish priest the religious sister you know the seminarian from your diocese or the consecrated person or educated layperson at your parish It is a Mariological must read especially for our priests and seminarians Dr Scott Hahn Author and Professor of Theology at Franciscan University of Steubenville

Our Lady of the Nations Chris Maunder, 2016-02-18 *Our Lady of the Nations* is a detailed and scholarly overview of the apparitions of Mary in 20th century Catholic Europe Chris Maunder discusses apparitions in general and how they are interpreted in Catholicism by for example Karl Rahner and Benedict XVI The role of women and children as visionaries is considered including issues concerning changing views of gender children's spirituality and the protection of minors He covers cases that are well known and approved by the Church Fatima Beauraing Banneux and Amsterdam others that are well known but not approved such as Garabandal and Medjugorje and many that are neither well known nor approved such as those in Belgian Flanders or Nazi Germany in the 1930s or in France Italy or Germany after the Second World War Resources include academic studies of particular apparitions some Catholic theological and devotional literature and occasionally travel writing There is also coverage of material in French which is not known to the English reader Shrines and visionaries are believed to be indicators of the presence of Mary In the visionary perspective she has appeared in order to reassure her followers and to warn of divine judgement Her messages echo doctrinal Catholic Mariology with some innovations but also express a deep dissatisfaction with the events and trends of the 20th century from communism to Nazism to liberalism and religious indifference While the Marian cult evolves according to new templates for apparitions and developments in Mariology the fundamental message of presence consolation and admonition remains constant

Meetings with Mary Janice T. Connell, 2015-03-18

Through the centuries and across the world the Virgin Mary has appeared to ordinary people of every race and culture from scholars to illiterates from the devout to the unbelieving from young children to the dying In this exquisite and inspiring volume Janice T Connell chronicles authenticated Marian apparitions and messages Mary has brought from God as mother comforter Queen of Angels and Prophet of the Apocalypse Drawn from scripture legend and never before published eyewitness accounts these are personal stories the author's own and her interviews with other visionaries filled with beauty wonder and joy Meetings with Mary ranges from Elijah's vision of Mary eight hundred years before her birth to the world famous children of Medjugorje in Bosnia whose encounters with her began in 1981 and continue daily Here also are lesser known deeply touching encounters with the Mother from an office worker in Holland to a Japanese nun from a Jewish banker in Rome to an awe-struck crowd of visionaries few of them Christians or of any other faith in Egypt Meetings with Mary asks also as the millennium draws near shadowed by disasters disease and brutal civil warfare are Mary's frequent appearances a signal to the faithful Perhaps she is calling us all to join her now on a voyage toward the eternal shores of peace joy and abiding love Connell is passionate about prayer and sharing her love of Jesus mother She has a way of simplifying complex theology Rocky Mountain News *Meet Mary* Mark I. Miravalle, 2007 Meet Mary teaches you everything the Bible says about her what the early Christians believed and all of the Church's key Marian teachings of 2 000 years [The Messages of Medjugorje: The Complete Text, 1981-2014](#) Medjugorje-Apologia.com, 2015-09-04 A complete corpus of all the messages of the apparitions of Medjugorje from the beginning to the present day Book size is A5 with a compact type font for ease of portability **Revelations** Xavier Reyes-Ayral, 2022-05-31 From 1846 to the present day the Vatican has maintained quite the same message brought forth from Heaven by different messengers across time and across vast distances and continents This message echoes the gravest of admonitions and calls mankind to convert and find refuge through the knowledge of the truth which today threatens the very basis of world peace Today in 2022 the message of La Salette La Fraudais Tilly Fatima Garabandal Akita and Medjugorje and their secrets take a meaning of the greatest importance as the admonitions brought forth by the Blessed Virgin Mary warn of a cataclysmic global disaster which has now become imminent The Church's apprehension of frightening the masses inspired inaction and Rome's decision to silence founded more on fear than on caution led millions of faithful to the darkness of ignorance and therefore to a lack of necessary conversion prayers and intercession for peace This book proposes unveiling the light and thus asking humanity to respond to the call of a warm and loving mother who merely seeks the salvation of her children **Theism and Explanation** Gregory W. Dawes, 2012-09-10 In this timely study Dawes defends the methodological naturalism of the sciences Though religions offer what appear to be explanations of various facts about the world the scientist as scientist will not take such proposed explanations seriously Even if no natural explanation were available she will assume that one exists Is this merely a sign of atheistic prejudice as some critics suggest Or are there good reasons to exclude from science explanations that invoke a supernatural agent On the

one hand Dawes concedes the bare possibility that talk of divine action could constitute a potential explanation of some state of affairs while noting that the conditions under which this would be true are unlikely ever to be fulfilled On the other hand he argues that a proposed explanation of this kind would rate poorly when measured against our usual standards of explanatory virtue
