

RUSSELL BEDFORD - THOUGHT LEADERSHIP: ESG RISK AND REPORTING

## The impact of climate change and how organisations can move towards sustainability

Senior leaders at Russell Bedford International analyse risks associated with climate degradation and evaluate how a hard-hit insurance industry can prepare, respond and educate through Centres of Excellence to protect communities and economies towards a sustainable future.

The World Economic Forum's Global Risks Perception Survey (GRPS) of nearly 1,500 global experts ranked extreme weather events as the second-most significant risk in the short term and predicted it would be the top risk in ten years.
