Scientology A New Slant On Life:

Scientology La Fayette Ron Hubbard,2007 What are your goals Where are you going Why are you here What are you

Hubbard,1968 *A new slant on life* L. Ron Hubbard,2009 *Scientology* James R. Lewis,2009-03-11 Scientology is
arguably the most persistently controversial of all contemporary New Religious Movements James R Lewis has assembled an
unusually comprehensive anthology incorporating a wide range of different approaches In this book a group of well known
scholars of New Religious Movements offers an extensive and evenhanded overview and analysis of all of these aspects of
Scientology including the controversies to which it continues to give rise **Scientology The Big Lie** Mitch
Brisker,2023-11-24 When Mitch Brisker first arrived at the doorstep of Scientology s infamous Celebrity Centre in Los
Angeles he was a 23 year old heroin addicted film school drop out He survived addiction only to become entangled in the
identity stealing cult known as Scientology Earning a degree in cinema from California Institute of the Arts Mitch went on to
become a successful commercial director His work caught the eye of Scientology s notorious leader David Miscavige and he
ultimately became the chief architect of Scientology s global propaganda machine Three decades later he left the cult and
began speak out about the abuses he witnessed and experienced Mitch describes Scientology as a global crime scene
happening in real time This is his story **Free Zone Scientology** Aled Thomas,2021-04-08 In this novel academic study
Aled Thomas analyses modern issues surrounding boundaries and fluidity in contemporary Scientology By using the
Scientologist practice of auditing as a case study this book explores the ways in which new types of Scientologies can emerge
The notion of Free Zone Scientology is characterised by its horizontal structure in contrast to the vertical hierarchy of the
institutional Church of Scientology With this in mind Thomas explores the Free Zone as an example of a developing and fluid
religion directly addressing questions concerning authority leadership and material objects This book by maintaining a
double focus on the top down hierarchy of the Church of Scientology and the horizontal fluid nature of the Free Zone breaks
away from previous research on new religions which have tended to focus either on new religions as indices of broad social
processes such as secularization or globalization or as exemplars of exotic processes such as charismatic authority and
brainwashing Instead Thomas adopts auditing as a method of providing an in depth case study of a new religion in transition
and transformation in the 21st century This opens the study of contemporary and new religions to a series of new questions
around hybrid religions sacred and secular and acts as a framework for the study of similar movements formed in recent
decades **Among the Scientologists** Donald A. Westbrook,2019 The Church of Scientology is one of the most
recognizable American born new religions but perhaps the least understood With academic and popular interest on the rise

many books have been written about Scientology and surely more will follow Although academics have begun to pay more attention to Scientology the subject has received remarkably little qualitative attention Indeed no work has systematically addressed such questions as what do Scientologists themselves have to say about their religion s history theology and practices How does Scientology act as a religion for them What does lived religion look like for a Scientologist This is not so much a book about the Church of Scientology its leaders or its controversies as it is a compilation of narratives and histories based on the largely unheard or ignored perspectives of Scientologists themselves Drawing on six years of interviews fieldwork and research conducted among members of the Church of Scientology this groundbreaking work examines features of the new religion s history theology and praxis in ways that move discussion beyond apostate driven and expos accounts
