Scoring in Heaven ,1991 **The Source** Loretto Dennis Szucs,Sandra Hargreaves Luebking,2006 Genealogists and other historical researchers have valued the first two editions of this work often referred to as the genealogist s bible The new edition continues that tradition Intended as a handbook and a guide to selecting locating and using appropriate primary and secondary resources The Source also functions as an instructional tool for novice genealogists and a refresher course for experienced researchers More than 30 experts in this field genealogists historians librarians and archivists prepared the 20 signed chapters which are well written easy to read and include many helpful hints for getting the most out of whatever information is acquired Each chapter ends with an extensive bibliography and is further enriched by tables black and white illustrations and examples of documents Eight appendixes include the expected contact information for groups and institutions that persons studying genealogy and history need to find Shy of the Squirrel's Foot Andy Martrich,2024-11-12 The Jargon Society a boundary pushing publisher of poetry and experimental writing was founded by Jonathan Williams 1929 2008 in 1951 Jargon quickly gained a reputation as the home of the poetic and literary avant garde including noted midcentury poets like Charles Olson and Lorine Niedecker Williams himself looms large in this story as the publisher at Jargon until his death making this book as much about his life and work as the press he founded which today operates through the Black Mountain College Museum in Asheville North Carolina Andy Martrich authors this story in a manner befitting Jargon s ethos of literary experimentation by focusing on the books the Society cataloged but never published While it s not uncommon for a small press to plan for books that don t make it to publication Martrich argues that Jargon s incessant financial difficulties coupled with Williams s impressive network makes its trail of unfinished projects unique and an ideal way to chronicle the press itself Using archival research interviews with volunteers at Jargon and more Martrich gives readers not only an intimate look into a Southern press and publisher but also an important history of modern and experimental literature in twentieth century America Shy of the Squirrel s Foot includes an epilogue by Anne Midgette an afterword by Nicole Raziya Fong and Jargon s complete annotated bibliography which details every book the press published compiled in one place for the first time Exposing Mississippi Annette Trefzer,2022-03-25 WINNER OF THE 2022 EUDORA WELTY PRIZE Internationally known as a writer Eudora Welty has as well been spotlighted as a talented photographer The prevalent idea remains that Welty simply took snapshots before she found her true calling as a renowned fiction writer But who was Welty as a photographer What did she see How and why did she photograph And what did Welty know about modern photography In Exposing Mississippi Eudora Welty s Photographic Reflections Annette Trefzer elucidates Welty s photographic vision and answers these questions by exploring her photographic archive and writings on photography The photographs Welty took in the 1930s and 40s frame her visual response to the cultural landscapes of the segregated South during the Depression The photobook One Time One Place which was selected curated and shaped into a

visual narrative by Welty herself serves as a starting point and guide for the chapters on her spatial hermeneutic The book is divided into sections by locations and offers how the framing of these areas reveals Welty's radical commentary of the spaces her camera captured There are over eighty images in *Exposing Mississippi* including some never before seen archival photographs and sections of the book draw on over three hundred more The chapters on institutional leisure and memorial landscapes address how Welty's photographs contribute to reflect on and intervene in customary visual constructions of the Depression era South

The Old, Weird America Greil Marcus, 2011-04-26 Previously published as *Invisible Republic* and already considered a classic of modern American cultural criticism this is an updated edition of Greil Marcus's acclaimed book on the secret music made by Bob Dylan and the Band in 1967 which introduced a phrase that has become part of the culture the old weird America Marcus's widely acclaimed book is about the secret music the so called Basement Tapes made by Bob Dylan and the Band while in seclusion in Woodstock New York in 1967 a folksy yet funky furious yet hilarious music that remains as seductive and baffling today as it was more than half a century ago As Mark Sinker observed in *The Wire* Marcus's contention is that there can be found in American folk a community as deep as electric as perverse and as conflicted as all America and that the songs Dylan recorded out of the public eye in a basement in Woodstock are where that community as a whole gets to speak But the country mapped out in this book as Bruce Shapiro wrote in *The Nation* is not Woody Guthrie's land for made for you and me It's what Marcus calls the old weird America This odd terrain this strange yet familiar backdrop to our common cultural history which Luc Sante in *New York magazine* termed the playground of God Satan tricksters Puritans confidence men illuminati braggarts preachers anonymous poets of all stripes is the territory that Marcus has discovered in Dylan's most mysterious music And his analysis of that territory reads like a thriller Ken Tucker *Entertainment Weekly* and exhibits a mad sparkling brilliance David Remnick *The New Yorker* throughout This special edition includes a new introduction an updated discography and never before seen photographs of the legendary recording sessions This book is terminal goes deeply into the subconscious and plows through that period of time like a rake Greil Marcus has done it again Bob Dylan

Pioneer Cemeteries Annette Stott, 2008-11-01 As pioneers attempted to settle and civilize the Wild West cemeteries became important cultural centers Filled with carved wooden headboards inscribed local stones and Italian marble statues cemeteries functioned as symbols of stability and progress toward a European inspired vision of Manifest Destiny As repositories of art and history these pioneer cemeteries tell the story of communities and visual culture emerging together within the developing landscape of the Old West Annette Stott traces this story through Rocky Mountain towns on the western frontier from the unkempt boot hills of the early mining

camps and cattle settlements to the more refined fair mounts She shows how people from Asia Europe and the Americas contributed to the visual character of the mountain cemeteries and how the sepulchral garden functioned as an open air gallery of public sculpture at once a site for relaxation learning and social ritual Here widespread participation in a variety of ceremonies brought mountain communities together with a frequency almost unimaginable today Illustrated with eighty three striking photographs this book shows how the pioneer cemetery emerged as a site of public sculpture and cultural transmission in which each carved or molded monument played dual and sometimes conflicting public and private roles recording the community s history and values while memorializing individuals and events **The Southern Register** ,1991

Epitaph Culture in the West Karl Siegfried Guthke,2003 This book examines a number of facets of Western epitaph culture since antiquity with particular emphasis on post medieval developments in the major European countries as well as in North America Various epitaphic sub cultures are analyzed among them the time honored custom of composing one s own tomb inscription as well as the ancient and modern convention of honoring animals with epitaphs It also examines epitaph collecting epitaph lies humorous epitaphs and the change in social and religious attitudes toward suicides The book concludes with a cultural and intellectual history of epitaphs An epilogue addresses the question of the supposed disappearance of epitaph culture at the present time
