SignMates Bernie Ashman,2012-07-08 Somehow your relationship that started out so wonderfully is having problems Or perhaps you d like to anticipate what problems could occur in a potential relationship More importantly you need to know how to resolve the problems Problems of interpersonal relationships are most often caused because everyone has conscious and unconscious needs and behaviors that can conflict with those of another Recognizing and dealing with them can save relationships You ll find out how to do this in Bernie Ashman s *SignMates* Contrary to what some people think your astrological sign doesn t force you to do anything It is simply an indicator of what you are By understanding how the signs relate you can better understand relationships and how to overcome problems that may arise In a nutshell that is what this book will do for you The book relates potential problems in a relationship between every sign of the zodiac For example if you are a Virgo and your partner is a Scorpio you may play the Sabotage Game where you make it difficult for your partner to reach goals because of unresolved anger or jealousy To deal with this you need to become aware of negative unproductive comments and support your partner Two other games and coping strategies are given Or perhaps you are a Libra and your partner is an Aquarius You may experience the Lovers and Strangers Game where your sense of closeness vacillates between extremes This is a test to see if you can handle emotional heat You have to be willing to simply and honestly discuss your feelings Again two more games and strategies for dealing with the conflicts that cause them are given No matter what sign you and your partner are this book will pinpoint the potential pitfalls and how to deal with them Also included for each pairing is the good news a rainbow at the end of the difficulties which indicates how great such a relationship can be Ideal for both non astrologers and astrological pros this book can help save your relationship

Josephine-De-France,2016-04-30 What Makes a Bitch or a Bully I have to ask the question The bitch versus the bully or are they one of the same thing So let s start to think take a moment and assess what s it all about well here we go the bitch the one big thing that gives a bitch away is the huddles in the corner of the room or office whispering and looking across at you making you feel intimidated dont you just hate that As an individual you become paranoid for a while however I was slightly deaf when I was younger I had learnt a little skill of lip reading so I could tell every word the huddles were saying Not many people know I can do this and sometimes it is an advantage but actually on this occasion it was not as what I heard was a lot crueller than what I could have ever imagined This is what inspires me to write this book and include some descriptions of bullies because I really feel that the bitch is a form of bullying in disguise You will see that I sense that bullying does not have to be physical as you will hopefully become aware as it can be mental and or verbal causing much more upset not just at the time but for some time going forward into the future
