Scotland In Film:

Scotland in Film Forsyth Hardy, 1990-01 From Whisky Galore and Edge of the World to Local Hero and Highlander Scotland has been presented on film in various degrees of reality by both Hollywood and British film makers This book gives an illustrated analysis of the myth and reality in Scottish films over the last 60 years It surveys and summarizes each film in chronological order and places it in historical context Production details of the more important films are discussed and the difficulties of funding in Britain are outlined The book also examines the whole problem of presenting a realistic and recognizable picture of national life and achievement in Scotland Scotland in feature film Sandra-Elisabeth Haider, 2002-11-22 Inhaltsangabe Abstract At Glasgow s University Library I discovered a book about Scotland on film Scotch Reels Originally Scotch Reels is the title of a research carried out in 1982 about the depiction of Scotland on screen It was revealed then that the predominant image of Scotland was very much engaged with stereotypes defined as the heather and haggis image by one of the book s critics and had obviously nothing to do with the contemporary reality of Scotland Not surprisingly that radical view has found a lot of stern critics On superficial examination when I think of all the recent films set in Scotland ranging from the historical epos Braveheart to the contemporary fast paced drug story Trainspotting to mention two of the more popular examples it seems to me that contemporary films set in Scotland show a wider spectrum of Scottish life than they apparently did before the 1980s when the stories were mostly with a few exceptions only set in the Highlands or on an island in a community far away from contemporary modern and industrial life As a classic example of those films one can mention the musical Brigadoon by Vicente Minnelli from the year 1954 However in my thesis I want to concentrate on films set in the City of Glasgow since there would be far too much material concerned if I considered every single available recent film set in Scotland I would like to find out whether the image of Glasgow has improved or widened in its conception through the release of recent films compared to its depiction in older movies As I could not analyse all recent feature films set in Glasgow in this context I decided to concentrate on a few examples By taking a closer look at these films I hope to be able to demonstrate how varied or one sided as will be determined the contemporary portrayal of the city is I do not want to omit mentioning my awareness of the fact that my selection is very subjective Had I selected other movies the result would naturally have been a different one Also I have not taken into account television films or series set in the Glasgow area Especially in recent years a whole range of series has been produced and broadcasted for instance the surreal hospital drama Psychos starring Douglas Henshall the controversial Tinsel Town set in Glasgow s lively clubbing scene or Glasgow Kiss which portrays the city as a modern airy place inhabited by sympathetic educated middle class people
