

Scots Guard On The Western Front 19151918

Sir Cuthbert Headlam

Scots Guard On The Western Front 1915-1918:

Scots Guard Wilfrid Ewart, 2001 **Tommy's Ark** Richard van Emden, 2011-06-06 For soldiers in the Great War going over the top was a comparatively rare event much more frequently they were bored and lonely and missing their families at home. Needing an outlet for their affection many found it in the animal kingdom. Tommy's Ark looks at the war through the eyes of the soldiers who were there and examines their relationship with a strange and unexpected range of animal life from horses, dogs and cats to monkeys and birds. Even in one case a golden eagle. Animals became mascots: some Welsh battalions had goats as mascots, some of the Scots had donkeys. And then there were the animals and insects that excited curiosity amongst men drawn into the army from the industrial heartlands of Britain, men who had little knowledge of let alone daily contact with wildlife. Civilians turned soldiers observed the natural world around them from the smallest woodlouse to voles, mice and larger animals such as deer and rabbit. Richard van Emden explores his subject far more radically than previous attempts, revealing how for example a lemur was taken on combat missions in the air, a lion was allowed to pad down the front line trenches and how a monkey lost its leg during the fighting at Delville Wood on the Somme. Illustrated with more than sixty previously unseen or rarely published photographs drawn mainly from the author's own extraordinary collection.

British Widows of the First World War Andrea Hetherington, 2018-04-30 Widows of the Great War is the first major account of the experience of women who had to cope with the death of their husbands during the conflict and then rebuild their lives. It explores each stage of their bereavement from the shock of receiving the news that their husband had been killed through grief and mourning to the practical issues of compensation and a widow's pension. The way in which the state and society treated the widows during this process is a vital theme running through the book as it reveals in vivid detail how the bureaucracy of war helped and hindered them as they sought to come to terms with their loss. Andrea Hetherington also describes often overlooked aspects of bereavement and she features many telling first hand accounts from the widows themselves which show how they saw their situation and how they reacted to it. Her study gives us a fascinating insight into the way in which the armed services and the government regarded war widows during the early years of the twentieth century.

History of the Guards Division in the Great War, 1915-1918 Cuthbert Morley Headlam, 1924 **Beyond Holy Russia** Michael Hughes, 2014-02-19 This biography examines the long life of the traveller and author Stephen Graham. Graham walked across large parts of the Tsarist Empire in the years before 1917 describing his adventures in a series of books and articles that helped to shape attitudes towards Russia in Britain and the United States. In later years he travelled widely across Europe and North America meeting some of the best known writers of the twentieth century including H G Wells and Ernest Hemingway. Graham also wrote numerous novels and biographies that won him a wide readership on both sides of the Atlantic. This book traces Graham's career as a world traveller and provides a rich portrait of English, Russian and American literary life in the first half of the twentieth century. It also examines how many aspects of his life and writing

coincide with contemporary concerns including the development of New Age spirituality and the rise of environmental awareness Beyond Holy Russia is based on extensive research in archives of private papers in Britain and the USA and on the many works of Graham himself The author describes with admirable tact and clarity Graham s heterodox and convoluted spiritual quest The result is a fascinating portrait of a man who was for many years a significant literary figure on both sides of the Atlantic

Survivors of a Kind Brian Bond,2008-10-20 In this collection of essays Brian Bond brings a lifetime s study of the Western Front to the analysis of some of the best known memoirs of the campaign Literary and military historians alike will find the result of great value for their own studies while for the general reader it should help destroy many long standing myths It is a worthy climax to a long and distinguished career Sir Michael Howard This is a unique study of World War One memoirs from a historical perspective It explores the tremendous effect that war experience had on writers lives and how they came to terms with it after 1918 in deeply moving and often brilliant writing As well as such famous literary figures as Robert Graves and Siegfried Sassoon it includes historically significant writers such as Lord Reith Anthony Eden and Harold Macmillan It challenges the view that memoir writers were in any clear sense anti war While many were appalled by heavy losses and awful conditions they were however determined to achieve victory and proud of their regimental service and comrades Above all they constitute a brilliant source for understanding the war on the Western Front

British Popular Culture and the First World War Jessica Meyer,2008-05-31 Much of the scholarship examining British culture of the First World War focusses on the high culture of a limited number of novels memoirs plays and works of art and the cultural reaction to them This collection by focussing on the cultural forms produced by and for a much wider range of social groups including veterans women museum visitors and film goers greatly expands the debate over how the war was represented by participants and the meanings ascribed to it in cultural production Showcasing the work of both established academics and emerging scholars of the field this book covers aspects of British popular culture from the material cultures of food and clothing to the representational cultures of literature and film The result is an engaging and invigorating re examination of the First World War and its place in British culture Contributors are Keith Grieves Rachel Duffett Jane Tynan Krisztina Robert Lucy Noakes Stella Moss Carol Acton Douglas Higbee John Pegum Eugene Michail Victoria Stewart Virginie Renard Claudia Sternberg Richard Espley and Stephen Badsey Erratum Introduction Jessica Meyer page 11 in the first sentence of the second paragraph for talke read talk

Memory, Narrative and the Great War David Taylor,2013 This is a detailed study of an important figure whose differing perceptions of the Great War throw valuable light on the way in which war is remembered and narrated

History of the Guards Division in the Great War 1915-1918 Vol. II Sir Cuthbert Headlam,2017-07-11 First published in 1924 this is Volume 1 of a two volume set covering the history of the Guards Division during the First World War The Guards Division was an infantry division of the British Army that was formed in the Great War in France in 1915 from battalions of the elite Guards regiments from the Regular Army From its formation in August

1915 to the Armistice in November 1918 the division served on the Western Front and took part in all the great battles of the war with the exception of that of Arras Its troops had a great tradition to maintain and very faithfully they maintained it To the Guards Division attached the prestige that had been so gallantly won in the first year of the war by the battalions of Guards which formed part of the original Expeditionary Force The high standard of discipline and the devotion to duty which had characterized those splendid troops were gloriously upheld by their successors And the loyalty patriotism and keen esprit de corps which inspired the infantry were fully shared by the other arms of the Service belonging to the Guards Division The record of the Guards Division is very fully described by Colonel Headlam in the following pages He has told his story dispassionately and without making any attempt to give undue prominence to the part played by the Guards in the Great War He has thus succeeded I think in giving to those who may read his book a true picture of the life and work of the Guards Division and has handed down to future generations of Guardsmen a record of military achievement which should be a guide and inspiration to them for all time

History of the Guards Division in the Great War 1915-1918 Vol. I Sir Cuthbert Headlam, 2017-07-11 First published in 1924 this is Volume 1 of a two volume set covering the history of the Guards Division during the First World War The Guards Division was an infantry division of the British Army that was formed in the Great War in France in 1915 from battalions of the elite Guards regiments from the Regular Army From its formation in August 1915 to the Armistice in November 1918 the division served on the Western Front and took part in all the great battles of the war with the exception of that of Arras Its troops had a great tradition to maintain and very faithfully they maintained it To the Guards Division attached the prestige that had been so gallantly won in the first year of the war by the battalions of Guards which formed part of the original Expeditionary Force The high standard of discipline and the devotion to duty which had characterized those splendid troops were gloriously upheld by their successors And the loyalty patriotism and keen esprit de corps which inspired the infantry were fully shared by the other arms of the Service belonging to the Guards Division The record of the Guards Division is very fully described by Colonel Headlam in the following pages He has told his story dispassionately and without making any attempt to give undue prominence to the part played by the Guards in the Great War He has thus succeeded I think in giving to those who may read his book a true picture of the life and work of the Guards Division and has handed down to future generations of Guardsmen a record of military achievement which should be a guide and inspiration to them for all time
