Scribblers Writing Tablet:

The Scribbler's Writing Tablet M. L. Dettmer, 1979-01-01 *Tientsin Scribbles* Clara M. Cushman, 1925 *The Story of Vijanti* J Anvari, 2024-05-23 India 1946 a time of violent turbulence and change in a country on the brink of independence from the British Raj A time when an innocent love between a beautiful young Anglo Indian girl from an impoverished village and an infatuated young British soldier stationed in India is put to the ultimate test Ensnared in the British Empire's end of rule in India their tender love is swiftly torn apart by stringent military regulations grim cultural traditions and opposing caste prejudices deep rooted in rural India Into the story are woven horrors of the commoditization of women the outrageous poverty of the lower caste and the existence of antiquated traditions like dowries virginity as a bargaining chip It reverberates with the present ferocious discrimination against women all over the world It is a riveting saga of love that knows no borders which transcends tragic events patriarchal compulsions and domestic violence a love that is enshrined as eternal memories of a magical time and place **Seekers of the Soul** Sherry Ward, 2009-02 When doctors discovered a mass in Sherry Ward's kidney they could not say whether it was malignant Apprehensive about radical surgery and concerned by their uncertainty she turned elsewhere Armed with information from five psychics she went against the medical odds When the psychics proved correct Ward's interest in psychic work intensified Seekers of the Soul is the result of Ward's inquisitive journey into the world of psychics visionaries and intuitives who gain information using more than the traditional senses Here Ward presents detailed profiles of seven individuals with exceptional abilities to sense and translate what to others is not there After interviewing numerous psychics Ward chose the most principled unique and skillful among them for Seekers of the Soul Each person profiled uses his or her gifts to provide seekers with spiritual insight emotional wisdom or perhaps a connection to a loved one who has crossed over Although each psychic or intuitive divines his or her information differently their clients benefit from the guidance finding information relevant to their lives For all who are intrigued by the extra sensory realm and want to know how to take your soul to its highest potential you'll find Ward's research and engaging profiles replete with insight and meaning The Collected Prose Elizabeth Bishop, 1984-11 A compilation of fiction and nonfiction includes both previously published and hitherto unpublished stories such as In the Village The Housekeeper and Gwendolyn and nonfiction works discovered among the author's papers after her death Art or Scribbles? In the Eye of the Beholder: The Evolutionary Emergence of Visual Communication Iain Davidson, 2025-08-07 The book is about how art arose and how it became what we call art today How did art emerge from the relationships between people and the things they produce and the ideas of producers How do people manipulate those relationships in their own society How do outsiders work out the ways in which those relationships were used to make art What is art and why are all people engaged with it in one way or another From its very beginning and everywhere art has always been embedded in its cultural context the contexts of the people who made and see it and that context has often been ritual The

history of art confused social and institutional changes of view because western critics or artists sought to define the boundaries of art so tightly that ritual purposeful or utilitarian works were excluded from it In their definition art only existed if the rituals of the original producers were stripped from the works or if the objects were appropriated away from the situation in which they were produced The objects stripped from their context could then only be valued for their aesthetics Art consists of relationships between people things and ideas in quite specific ways Those relationships are discussed at length in this book The book is aimed at artists art historians and archaeologists but also at the general public interested in art It is intended both for people whose interest in art comes from knowledge of the art of all continents and for those who have no knowledge

Carnal Thoughts Vivian Sobchack, 2004-10-02 A group of sophisticated essays on how we experience film with all five senses and our sense of history

Northrop Frye's Uncollected Prose Northrop Frye, 2015-01-01 The present volume includes talks Frye gave that were tape recorded but for which there is no extant manuscript taped interviews and responses to questions not included in the volume of interviews of the Collected Works a previously undiscovered notebook and portions of others including an extensive series of notes on romance 93 000 words a brief in opposition to the Macpherson Report on undergraduate education at the University of Toronto an address about the contribution of Victoria College to Canadian culture reviews that were until recently unknown to me and the other editors of the Collected Works a reply to a questionnaire from the American Scholar and an early essay on poetic diction Page xiii
