Scribing The Center Organization And Redaction In Deuteronomy 14 1 17 13 Sbl Monograph Series 49:

Congress Volume Basel 2001 André Lemaire, 2014-09-03 This volume publishes the papers given by invitation at the 17th Congress of the International Organization for the Study of the Old Testament which was held in Basel from 5 10 August 2001 It presents a state of the art of the current exegesis of the Hebrew Bible taking into account the latest research in general linguistics and semitic philology as well as textual criticism Massora Magna Septuagint Qumran manuscripts ethno sociology and archaeology Feminist biblical studies are duly represented as well as the last research on literary criticism on the Pentateuch especially in its relation to other ancient Near Eastern texts Neo assyrian and Aramaic inscriptions Finally two contributions throw light on the problem of religious interpretation of the Bible Resurrection of the Dead and Biblical Theology

Three Times a Year Shimon Gesundheit, 2012 The festival calendars in the Pentateuch have made up the heart of critical biblical research from the beginning Each of the calendars was thought to have taken shape against its own specific historical background and to accurately reflect a distinct stage in the development of Israel s cultic and social institutions Classical hypotheses used them to distinguish the different legal codes in the Pentateuch from each other to define the original compositions and to arrange them relative to each other in an historical chronological sequence Shimon Gesundheit challenges the classical historical reconstructions and the methodology driving them He presents an alternate point of view according to which the festival laws do not simplistically reflect the specific cultic or social realities of actual historical periods Rather through their legal discourse they shape and promote new ideas by textual revision and redaction in the lemmatic style of midrash and they represent a process of progressive literary development Justice for the Poor?

Walter J. Houston, 2020-03-09 Can the Old Testament help us in keeping the excesses of capitalism in check How can a book that goes on about justice and righteousness but says there will always be poor people in the land and accepts slavery have anything to say to us about social justice Did kings of Israel draft their subjects and which subjects for forced labor What does it mean when the Psalms say God is coming to judge the world Is charity justice or is justice more than charity Does Genesis give us the right to use the earth and its creatures as we like These are some of the questions that Walter Houston asks and tries to answer in this book of essays from his work over the last twenty five years
