Scrimmage Of Appetite:

Scrimmage of Appetite Jon Davis, 1995 If Walt Whitman had come back to face America at the end of the 20th Century these are the poems he might have written Whether adapting the long Whitmanian line reinventing the prose poem or alternating lyric and prose meditations Jon Davis has taken the measure of these times and found a world where virtue has been devoured by appetite where the private and familial have been invaded by the tawdry the commercial and the vicious as if our lives were hotwired to our television sets our minds crackling with the loose electricity of an experiment gone wrong In poems that are ambitious and political without being sententious or partisan Davis turns to the power of words for a way to reconcile the irreconcilable praising language as a rich entangled and inexhaustible source of solace and meaning With Scrimmage of Appetite Jon Davis has fulfilled Wallace Stevens's image of a poet merciless To accomplish the truth in his intelligence

My Lost Poets Philip Levine, 2018-04-03 Now in paperback essays speeches and journal entries from one of our most admired and best loved poets that illuminate how he came to understand himself as a poet the events and people that he wrote about and the older poets who influenced him In prose both as superbly rendered as his poetry and as down to earth and easy as speaking Levine reveals the things that made him the poet he became In the title essay originally the final speech of his poet laureate year he recounts how as a boy he composed little speeches walking in the night woods near his house and how he later realized these were his first poems He wittily takes on the poets he studied with in the Iowa Writers Workshop John Berryman who was his great teacher and lifelong friend and Robert Lowell who was neither His deepest influences jazz Spain the working people of

Detroit are reflected in many of the pieces There are essays on the Spanish poets he admires on William Carlos Williams Wordsworth Keats and others A wonderful moving collection of writings that add to our knowledge and appreciation of Philip Levine both the man and the poet **Requiem for the Orchard** Oliver De la Paz,2010 These are vivid visceral poems about coming of age in a place where the Ferris Wheel was the tallest thing in the valley where a boy would learn to fire a shotgun at nine and wring a chicken s neck with one hand by twirling the bird and whipping it straight like a towel In spite of such hardscrabble crueltiesor because of themthere is also a real tenderness in these poems the revelations of bliss driving along an empty highway like opening a heavy book letting the pages feather themselves and finding a dried flower The poet has a gift for rendering his world in cinematic images In short these poems are the stuff of life itself ugly and beautiful wherever or whenever we happen to live it Martin Espada The Collected Poems of Delmore Schwartz Delmore Schwartz,2024-04-02 The first complete collection of the poetry of Delmore Schwartz the most underrated poet of the twentieth century John Berryman When Delmore Schwartz published his first short story In Dreams Begin Responsibilities in Partisan Review in 1937 he became an instant literary celebrity After the appearance of his first book by the same name he was inundated with praise The famed poet Allen Tate wrote to him Your poetic style is beyond any doubt the first real innovation that we ve had since Eliot and Pound and T S Eliot himself wrote Schwartz a letter asking him to compose more poetry The brilliant start of his career is matched perhaps only by its tragic end a lonely death after an extended period of alcoholism depression and derangement Today more than fifty years after his death in 1966 Schwartz is often remembered for the tragedy of his life rather than for the innovation and sad brilliance of his greatest work This book brings together all of Schwartz s poetry for the very first time from his groundbreaking debut collection to his unpublished late work which he kept writing until his death Accompanied by Ben Mazer s illustrative notes and introduction The Collected Poems of Delmore Schwartz offers readers the long awaited opportunity to rediscover one of the most influential and original poets of the twentieth century As Mazer writes in his introduction It is the poems that count now And it is the glory of the poems that survives here awaiting new life **Creative Spirituality** Robert Wuthnow,2001 Creative Spirituality is a fascinating brilliant and suggestive book to be read and appreciated both for its spiritual insights and for the author s astute observations on artistic creativity and spiritual practice Robert Wuthnow explores the intimate engagements of art and spirituality in their common quests for meaning This volume represents a substantial contribution to the growing literature on art and religion in the United States and an intelligent appeal to the artist and the truth seeker in each of us Sally M Promey is author of Painting Religion in Public and coauthor of The Visual Culture of American Religions Wuthnow s careful listening to the voices of working artists speaking of their work and his analysis of the rich variety of their experiences show the universally human transforming power of creativity Creative practice reveals itself here as a primary spiritual practice While some of these artists follow a traditional religious path and make fascinating connections between their working experience and their religious faith others

speaking directly of spirituality as a discovering of the power of Spirit. Whether religious or not, their voices are witness to the holy power of human creativity and to the mystery in which it leads. Reverend Donald Schell, St Gregory of Nyssa Episcopal Church, San Francisco. Robert Wuthnow has written a brilliant insightful exploration of how contemporary artists struggle to express their deepest spiritual yearnings. At a time when the notion of spirituality seems inchoate, artists, writers, and musicians can often eloquently articulate the mysterious otherness of our lives. Especially powerful are the personal testimonials which reveal the empowerment of transcendence over alienation and disbelief. Marci Whitney Schenck, Publisher and Editor, Christianity and the Arts. Here one finds wonderful stories about artists and of the creative spirituality arising out of their work. Wuthnow goes beyond telling us simply that these are people living at the edges of our culture, suggesting that they are spiritual models for our time: people who cultivate spiritual depth through sustained practice or doing something that is fresh, expressive, and worthwhile. The book addresses the serious, many-sided aspects of their search, indeed of our search for moments of transcendence today. Wade Clark Roof, J. F. Rowley, Professor of Religion and Society, University of California at Santa Barbara, and author of *Spiritual Marketplace*. *In the Country of the Young*, Daniel Stern, 2013-09-24. DIVDIV: An important and rewarding collection. Houston Chronicle. DIVDIV: The short stories from *In the Country of the Young* feature characters struggling to find hope and connection or just escape through art work and love. The title story, a moving account of an angst-ridden seventeen-year-old nearly overwhelmed by his family's aspirations for him, is a paean to the brief moment when the promise of youth and selfhood are untarnished by the disenchantments of life. In *Fox*, a widower travels to LA to find a porn actress though the movie he saw her in was shot decades earlier. Lunch with Gottlieb captures a young man of ambition hunting for the legendary advertising genius Gottlieb lost in the jungles of business lunch. DIVDIV: Garnering comparisons to the work of Bernard Malamud and Saul Bellow, the stories of *In the Country of the Young* are written with the rare empathy and skill of a short fiction master. DIV DIV: [A History of American Literature 1900 - 1950](#), Christopher MacGowan, 2024-05-13. A look at the first five decades of 20th-century American literature covering a wide range of literary works, figures, and influences. *A History of American Literature 1900-1950* is a current and well-balanced account of the main literary figures, connections, and ideas that characterized the first half of the twentieth century. In this readable, highly informative book, the author explores significant developments in American drama, fiction, and poetry and discusses how the literature of the period influenced and was influenced by cultural trends in both the United States and abroad. Considering works produced during America's rise to prominence on the world stage from both regional and international perspectives, MacGowan provides readers with keen insights into the literature of the period in relation to America's transition from an agrarian nation to an industrial power, the racial and economic discrimination of Black and Native American populations, the greater financial and social independence of women, the economic boom of the 1920s, the Depression of the 1930s, the impact of world wars, massive immigration, political and ideological clashes, and more.

Encompassing five decades of literary and cultural diversity in one volume *A History of American Literature 1900-1950* covers American theater, poetry, fiction, non-fiction, memoirs, magazines, and literary publications and popular media. It discusses the ways writers dramatized the immense social, economic, cultural, and political changes in America throughout the first half of the twentieth century. It explores themes and influences of Modernist poets, expatriate novelists, and literary publications founded by women and African Americans. It features the work of Black writers, Native Americans, Asian Americans, and Jewish Americans. *A History of American Literature 1900-1950* is essential reading for all students in upper-level American literature courses as well as general readers looking to better understand the literary tradition of the United States.
