Eastern Orthodox Mission Theology Today James J. Stamoolis, 2001-11-02 The purpose of the ASM Series is to publish without regard for disciplinary national or denominational boundaries scholarly works of high quality and wide interest on missiological themes from the entire spectrum of scholarly pursuits e.g. theology history anthropology sociology linguistics health education art political science economics and development to articulate but a partial list Always the focus will be on Christian mission By mission in this context is meant a cross cultural passage over the boundary between faith in Jesus Christ and its absence In this understanding of mission the basic functions of Christian proclamation dialogue witness service fellowship worship and nurture are of special concern How does the transition from one cultural context to another influence the shape and interaction of these dynamic functions Missiologists know that they need the other disciplines And other disciplines we dare to suggest need missiology perhaps more than they sometimes realize Neither the insider's nor the outsider's view is complete in itself The world Christian mission has through two millennia amassed a rich and well documented body of experience to share with other disciplines Interaction will be the hallmark of this Series It desires to be a channel for talking to one another instead of about one another Secular scholars and church related missiologists have too long engaged in a sterile venting of feelings about one another often lacking in full evidence Ignorance of and indifference to one another's work has been no less harmful to good scholarship The promotion of scholarly dialogue among missiologists may at times involve the publication of views and positions that other missiologists cannot accept and with which members of the Editorial Committee do not agree The manuscripts published reflect the opinions of their authors and are not meant to represent the position of the American Society of Missiology or the Editorial Committee of the ASM Series We express our warm thanks to various mission agencies whose financial contributions enabled leaders of vision in the ASM to launch this new venture The future of the ASM series will we feel sure fully justify their confidence and support

The Oxford Handbook of the Septuagint Alison G. Salvesen, Timothy Michael Law, 2021-01-26 The Septuagint is the term commonly used to refer to the corpus of early Greek versions of Hebrew Scriptures The collection is of immense importance in the history of both Judaism and Christianity The renderings of individual books attest to the religious interests of the substantial Jewish population of Egypt during the Hellenistic and Roman periods and to the development of the Greek language in its Koine phase The narrative ascribing the Septuagint's origins to the work of seventy translators in Alexandria attained legendary status among both Jews and Christians The Septuagint was the version of Scripture most familiar to the writers of the New Testament and became the authoritative Old Testament of the Greek and Latin Churches In the early centuries of Christianity it was itself translated into

several other languages and it has had a continuing influence on the style and content of biblical translations The Oxford Handbook of the Septuagint features contributions from leading experts in the field considering the history and manuscript transmission of the version and the study of translation technique and textual criticism The collection provides surveys of previous and current research on individual books of the Septuagint corpus on alternative Jewish Greek versions the Christian daughter translations and reception in early Jewish and Christian writers The Handbook also includes several conversations with related fields of interest such as New Testament studies liturgy and art history

Practices, Politics, and Performance Michael G. Cartwright, 2006-06-01 Drawing on the hermeneutical reflections of John Howard Yoder Stanley Hauerwas and Mikhail Bakhtin Cartwright challenges the way twentieth century American Protestants have engaged the problem of the use of scripture in Christian ethics and issues a summons for a new debate oriented by a communal approach to hermeneutics By analyzing particular ecclesial practices that stand within living traditions of Christianity the politics of scriptural interpretation can be identified along with the criteria for what a good performance of scripture should be This approach to the use of scripture in Christian ethics is displayed in historical discussions of two Christian practices through which scripture is read ecclesiologically the Eastern Orthodox liturgical celebration of the Eucharist and the Anabaptist practice of binding and loosing or the rule of Christ When American Protestants consider performances of scripture such as these alongside one another within more ecumenical contexts they begin to confront the ecclesiological problem with their attempts to use the Bible in Christian ethics the relative absence of constitutive ecclesial practices in American Protestant congregations that can provide moral orientation for their interpretations of Christian scripture

Reading Genesis in Lent Constantin Oancea, 2025-11-17 While much has been written about how the Church Fathers used the Bible there are considerably fewer studies on interpreting Scripture in Byzantine liturgical hymns With its innovative approach from the perspective of a biblical scholar this book aims to shed new light on how the first three chapters of the book of Genesis are interpreted in the hymns of Great Lent Each chapter starts by presenting the verses from Genesis and the hymns that refer to them Hymnographers allusions and references to other Old and New Testament passages are highlighted A short commentary introduces readers to the broader biblical context of the verses and the Church Fathers interpretations This is followed by a comprehensive examination of the hymns text focusing on how their authors interpret the verses of Genesis The hymnographers techniques of biblical interpretation including intertextuality the augmentative interpretation of Scripture and the extensive use of metaphors are also discussed The proportion of quotations

Jenson, 2016-12-30 Front ranking theologians speak out on the crisis of biblical authority and interpretation in the church focusing in particular on the adequacy of the historical critical method of hermeneutics The essays in this volume address from various perspectives the notorious gap between the historical critical approach to the study of the Bible and the church s liturgical and dogmatic transmission of biblical faith The authors following the central theme suggested by Brevard S Childs s canonical method of biblical interpretation argue that the historical critical method does not suffice of itself apart from faith and the church
