library of any thinking Christian Collected Writings on Scripture D. A. Carson, 2010-07-01 God's Word has always had enemies but in recent years the inspiration and authority of Scripture have been attacked with renewed vigor. Respected scholar D. A. Carson has written widely on the nature of Scripture over the past thirty years and here presents a timely collection of his work in two parts. In part 1, Carson selects essays written on such themes as how to interpret the Bible, recent developments in the doctrine of Scripture, unity and diversity in the New Testament, and redaction criticism. Presenting a theologically balanced and confessional perspective, Carson defines the terms of a number of debates, critiques interpretive methods and theories, and suggests positive guidelines for future action. Part 2 presents critical reviews of nine books dealing with the inspiration and authority of Scripture. Though substantial in content, Carson's detailed reviews will foster careful thought and perspective in those who are relatively new to the debates surrounding biblical inspiration and authority. This volume is a diverse collection that will prove to be a helpful resource to both seasoned pastors and scholars and those who are just starting serious study of the Bible.

The Case for Catholicism Trent Horn, 2017-11-29 This is the most up-to-date comprehensive and thorough defense of the Catholic Church against Protestant objections in print. This book is especially relevant as the 500th anniversary of the Protestant Reformation draws near and discussion of the arguments made against the Church during that time in history receive renewed interest. *The Case for Catholicism* answers arguments put forward by early Reformers like Luther and Calvin as well as contemporary defenders of Protestantism like Norm Geisler and R. C. Sproul. It provides a meticulous defense of the biblical and historical nature of Catholic doctrines from Scripture and church history. Finally, in both answering Protestant objections to Catholicism and in providing evidence for the Faith, *The Case for Catholicism* cites modern Protestant scholars who question Reformation assumptions and show how evidence from Scripture and church history support aspects of Catholic theology. This book is divided into four sections, each answering a key question Christians have asked about the nature of their faith. Those key questions are: What is my authority? What is the Church? How am I saved? Who belongs to the body of Christ? *The Case for Catholicism* will become a reliable resource for any Catholic who desires a well-researched, readable, and persuasive answer to Protestant arguments made against the Catholic faith.

These Are Written Peter Nafziger, 2013-05-31 Today there is an increasing awareness and availability of the sacred writings of the world's religions. This raises important questions about the Christian Scriptures: What is distinctive about these writings? What role do they play in the Christian story? What makes these particular texts holy? The modern battle for the Bible, with its narrow focus on proving or disproving biblical inerrancy, has made it difficult to provide sufficient answers. This work of constructive theology rethinks the concepts, categories, and assumptions that have dominated the modern approach to the Bible by returning to the biblical narrative and its focus on the cross. It identifies the Scriptures as the written form of the living and active Word of God, which was spoken by the prophets and apostles and became human in the person of Jesus Christ. This conception of the Bible provides Christians in this postmodern world with a solid ground from which to address

pressing questions about canon authority and interpretation of their Scriptures Sola Scriptura ,2017-11-06 Sola Scriptura offers a multi disciplinary reflection on the theme of the priority and importance of Scripture in theology from historical biblical theological and systematic theological perspectives aiming at the interaction between exegesis and dogmatics Brian Brock and Kevin J Vanhoozer offer concluding reflections on the theme bringing the various contributions together

Illumination and Interpretation M. X. Seaman,2013-03-06 The Holy Spirit s ministry of illumination is a commonly misunderstood doctrine both pragmatically and theologically As a result this divine activity is often neglected but it should be recognized that it is indispensable for the hermeneutical endeavor This distinctive work seeks to take an apparently abstract concept and make it concrete by establishing proper categories and definitions for the doctrine of illumination while reemphasizing the cooperation of Word and Spirit In doing so this book treats issues such as the relationship between illumination and other hermeneutical doctrines the accessibility of the Spirit s illumination when interpreting the Scriptures and the question of unregenerate biblical interpretation Accordingly Illumination and Interpretation presents a biblical theological evaluation of the Spirit s work of illumination for the transformative purpose of understanding how to appropriate this vital hermeneutical doctrine into one s faith and practice
