O'Day, 2008 This volume contains twenty two essays in honor of Carl R Holladay whose work on the interaction between early Christianity and Hellenistic Judaism has had a considerable impact on the study of the New Testament The essays are grouped into three sections Hellenistic Judaism the New Testament in Context and the History of Interpretation Among the contributions are essays dealing with conversion in Greek speaking Judaism and Christianity 3 Maccabees as a narrative satire retribution theology in Luke Acts church discipline in Matthew the Exodus and comparative chronology in Jewish and patristic writings corporal punishment in ancient Israel and early Christianity and Die Judenfrage and the construction of ancient Judaism *Judaism, Christianity, and Islam: The Classical Texts and Their Interpretation, Volume II* F. E. Peters, 2021-04-13 Invoking a concept as simple as it is brilliant F E Peters has taken the basic texts of the three related and competitive religious systems we call Judaism Christianity and Islam and has juxtaposed them in a topical and parallel arrangement according to the issues that most concerned all these children of Abraham Through these extensive passages and the author's skillful connective commentary the three traditions are shown with their similarities sometimes startlingly underlined and their well known differences now more profoundly exposed What emerges from this unique and ambitious work is a panorama of belief practice and sensibility that will broaden our understanding of our religious and political roots in a past that is by these communities definition still the present The hardcover edition of the work is bound in one volume and in the paperback version the identical material is broken down into three smaller but self contained books The second The Word and the Law and the People of God discusses the scriptures of the three faiths in various contexts exegetical and legal Throughout the work we hear an amazing variety of voices some familiar some not all of them central to the primary and secondary canons of their own tradition alongside the Scriptural voice of God are the words of theologians priests visionaries lawyers rulers and the ruled The work ends as does the same author's now classic Children of Abraham in what Peters calls the classical period that is before the great movements of modernism and reform that were to transform Judaism Christianity and Islam *Judah and Tamar (Genesis 38) in Ancient Jewish Exegesis* Esther Menn, 2021-12-06 This exploration of Genesis 38 in three interpretive writings shows how new meanings emerge through encounters between the biblical text and later Jewish communities A literary reading within the canon suggests that the story of Judah and Tamar points to the morally ambiguous origins of David's lineage Ancient Jewish exegesis however challenges this understanding The Testament of Judah interprets Genesis 38 as the story of a warrior king's tragic downfall Targum Neofiti develops it to illustrate the concept sanctification of the divine Name and Genesis Rabbah portrays it as a series of providential events issuing in the royal and messianic lineage Esther Marie Menn
