

SDI POLICY DEVELOPMENT

Guided by the following:

- Data should be collected once and maintained at the level this can be done effectively
- It should be possible to combine seamlessly data from different sources and share it between many users & applications
- **Spatial data needed for good governance should be available on non-restrictive conditions**
- It should be easy to discover which data is available, evaluate its fitness for purpose & know what conditions apply for its use (<http://inspire.jrc.it>)

Political Science**

Sdi And Industrial Technology Policy:

SDI and Industrial Technology Policy Walter Zegveld, Christien Enzing, 1987 Om de industrielle policyaspekter af stjernekrigsprojektet Konklusionen er at Europa forventedes at f mindre gavn af den nye teknologi **The Strategic Defense Initiative** Edward Reiss, 1992-07-23 This history of the Strategic Defense Initiative ranges across politics economics strategic studies and international relations and provides the latest research into the SDI interest groups the distribution of contracts and the politics of influence It discusses the wider contexts of Star Wars such as alliance management marketing and domestic politics and its military spin offs especially for anti satellite ASAT and space control programmes The author tests the theoretical literature on the dynamics of the arms race by using SDI as a case study and draws evidence from sources such as congressional hearings interviews the trade press restricted briefing papers and documents obtained under the US Freedom of Information Act The book follows the fortunes of strategic defence into the changed global conditions of the 1990s following the collapse of the Soviet bloc the Gulf War and President Bush s announcement of a refocused SDI the Global Protection Against Limited Strikes GPALS **Special Reference Briefs** ,1983 *Military Production and Innovation in Spain* Jordi Molas-Gallart, 1992 Military Production and Innovation in Spain extends the scope beyond the traditional analysis of arms producers to include components and sub systems manufacturers It combines a description of the changes experienced by Spanish military production with an analysis of its deeply rooted structural characteristics The book provides an in depth exploration of the Spanish military related industry its links with the rest of the economy and its potential role as a technological engine for the Spanish economy *Bulletin of the Atomic Scientists* ,1987-06 **Space** ,1990 Ballistic Missile Defense In The Post-cold War Era David B H Denoon, 2021-11-28 With the end of the Cold War and the visibility of U S Patriot missile defenses during the 1991 Gulf War the cost and benefits of ballistic missile defense systems BMD need to be re evaluated In this detailed and balanced study David Denoon assesses new types of short range and intercontinental missile defenses In the post Cold War era two fundamental changes have made missile defense for the United States and its military forces more compelling The United States and Russia no longer see each other as direct threats and there has been a dramatic proliferation of ballistic missile capability in the Third World Consequently U S forces deployed overseas are more likely to be at risk and eventually the United States itself could become vulnerable to missile threats With these changes in mind David Denoon analyzes the current BMD dilemma arguing that active defenses against missiles should be seen as a form of insurance against catastrophe He assesses the likelihood of missile attacks and the appropriate level of investment for the United States to defend against such attacks The book provides an assessment of deterrence and the performance of the Patriot missiles during the 1991 Gulf War critiques the Strategic Defense Initiative and analyzes the prospects for new types of short range and intercontinental missile defenses *The Economics of Defence, Disarmament, and Peace* Keith Hartley, Nick Hooper, 1990 This major reference work is a comprehensive critical guide to the

large and growing literature on the economics of defence disarmament and peace It covers the cost of defence spending and its effects on growth investment unemployment technical change and other aspects of a nation s economic performance It includes material on the determinants of defence spending namely defence budgets programme budgeting and procurement policy It also deals with the economic impact of arms limitation disarmament and the conversion from military production to products with peaceful uses **New Technologies and the Arms Race** Carlo Schaerf,Brian Holden Reid,David

Carlton,2016-01-07 This volume contains the proceedings of the International Conference on Technology Arms Race and Disarmament which took place at Castiglioncello Italy in September 1987 The papers examine strategic defence policies nuclear weapons proliferation and arms control among many other topics Redeemer Nation Orrin Schwab,2004 In this book Dr Orrin Schwab develops the concept of the modern technocratic state as part of a global technocratic culture and civilization The author argues that technocratic cultural and institutional forms were and are part of a collective script for Western culture The American script combined the scientific commercial and technological aspects of the Enlightenment with the radical 17th century Protestant belief in America as a new Zion In the twentieth century the synthesis of mission along with global technocratic knowledge and institutions created the Wilsonian liberal technocratic order As the principal agent and protector of the modern capitalist international system America the self defined Redeemer Nation has moved through the controlled anarchy of international relations from one war and crisis to the next confirmed in its self defined role and mission **Issues in Science and Technology** ,1987 **British Business** ,1987 High-Tech Europe Wayne

Sandholtz,2024-07-26 Governments have recognized for decades the dynamic role played by microelectronics computers and telecommunications in the modern economy Although Europe s deficiencies in these crucial sectors had long been acknowledged it was not until the 1980s that European nations began collaborating to develop and promote high tech industries Their collaboration gives rise to many questions Why for example did the joint efforts come at such a late date rather than in the 1960s or 70s And how is it possible to work together in economically sensitive areas These questions point to fundamental issues in the areas of international cooperation international institutions and technology policy Before the institution of the collaborative programs ESPRIT European Strategic Programme for Research and Development in Information Technology RACE R D in Advanced Communications technologies in Europe and EUREKA European Research Coordination Agency in the 1980s each European country sought its own technological renaissance through protection of national firms behind walls of technical standards procurement preferences and research subsidies This thorough carefully researched work examines the breakdown of these walls It will appeal to political scientists economists and scholars of technology and Western Europe interested in the political contours of the high tech landscape This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer

reviewed scholarship accessible once again using print on demand technology This title was originally published in 1992

Science Policy Under Thatcher Jon Agar, 2019-06-03 Margaret Thatcher was prime minister from 1979 to 1990 during which time her Conservative administration transformed the political landscape of Britain Science Policy under Thatcher is the first book to examine systematically the interplay of science and government under her leadership Thatcher was a working scientist before she became a professional politician and she maintained a close watch on science matters as prime minister Scientific knowledge and advice were important to many urgent issues of the 1980s from late Cold War questions of defence to emerging environmental problems such as acid rain and climate change Drawing on newly released primary sources Jon Agar explores how Thatcher worked with and occasionally against the structures of scientific advice as the scientific aspects of such issues were balanced or conflicted with other demands and values To what extent for example was the freedom of the individual scientist to choose research projects balanced against the desire to secure more commercial applications What was Thatcher's stance towards European scientific collaboration and commitments How did cuts in public expenditure affect the publicly funded research and teaching of universities In weaving together numerous topics including AIDS and bioethics the nuclear industry and strategic defence Agar adds to the picture we have of Thatcher and her radically Conservative agenda and argues that the science policy devised under her leadership not least in relation to industrial strategy had a prolonged influence on the culture of British science Political Science Quarterly Columbia University. Faculty of Political Science, 1931 A review devoted to the historical statistical and comparative study of politics economics and public law *Technology and Global Industry* Harvey Brooks, Bruce R. Guile, 1987-02-01 **Star Wars and European Defence** Hans Gunter Brauch, 1987-06-18 **European Security in the 1990s** Dan Smith, 1989 This book examines the new framework of ideas since 1989 which will inform our understanding on how development in the old Third World should be understood Arms Control Today, 1987 *Ethical Issues Associated with Scientific and Technological Research for the Military* Carl Mitcham, Philip Siekevitz, 1989
