Official Gazette Philippines,1988 *The Pages of the Sea* Anne Hawk,2024-09-17 On a Caribbean island in the mid 1960s a young girl copes with the heavy cost of migration When her mother emigrates to England to find work Wheeler and her older sisters are left to live with their aunts and cousins She spends most days with her cousin Donelle knocking about their island community They know they must address their elders properly and change their shoes after church And during the long quiet weeks of Lent when the absent sound of the radio seems to follow them down the road they look forward to kite season But Donelle is just a child too and though her sisters look after her with varying levels of patience Wheeler couldn't feel more alone Everyone tells her that soon her mother will send for her but how much longer will it be And as she does her best to navigate the tensions between her aunts why does it feel like there's no one looking out for her at all A story of sisterhood secrets and the sacrifices of love *The Pages of the Sea* is a tenderly lyrical portrait of innocence and an intensely moving evocation of what it's like to be a child left behind

Sovereignty and the Sea John G. Butcher,R.E. Elson,2017-03-24 Until the mid 1950s nearly all the waters lying between the far flung islands of the Indonesian archipelago were as open to the ships of all nations as the waters of the great oceans In order to enhance its failing sovereign grasp over the nation as well as to deter perceived external threats to Indonesia's national integrity in 1957 the Indonesian government declared that it had absolute sovereignty over all the waters lying within straight baselines drawn between the outermost islands of Indonesia At a single step Indonesia had asserted its dominion over a vast swathe of what had hitherto been seas

open to all and made its lands and the seas it now claimed a single unified entity for the first time International outrage and alarm ensued expressed especially by the great maritime nations Nevertheless despite its low international profile its relative poverty and its often frail state capacity Indonesia eventually succeeded in gaining international recognition for its claim when in 1982 the United Nations Convention on the Law of the Sea formally recognized the existence of a new category of states known as archipelagic states and declared that these states had sovereignty over their archipelagic waters

Sovereignty and the Sea explains how Indonesia succeeded in its extraordinary claim At the heart of Indonesia's archipelagic campaign was a small group of Indonesian diplomats Largely because of their dogged persistence negotiating skills and willingness to make difficult compromises Indonesia became the greatest archipelagic state in the world **England's**
