Sea Voyage Narrative:

The Sea Voyage Narrative Robert Foulke, 2002 First Published in 2002 Routledge is an imprint of Taylor Francis an The Story of the Voyage Philip Edwards, 1994 Study of voyage narratives including Cook and Bligh set in the context of British imperialism The Sea Voyage Narrative Robert Foulke, 2013-10-11 From The Odyssey to Moby Dick to The Old Man and the Sea the long tradition of sea voyage narratives is comprehensively explained here supported by The Sea Voyage Narrative as an Educational Tool in the Early Haskalah Rebecca Wolpe,2006 Travel, Modernism and Modernity Robert Burden, 2016-03-09 Focusing on the significance of travel in Joseph Conrad E M Forster D H Lawrence Henry James and Edith Wharton Robert Burden shows how travel enabled a new consciousness of mobility and borders during the modernist period For these authors Burden suggests travel becomes a narrative paradigm and dominant trope by which they explore questions of identity and otherness related to deep seated concerns with the crisis of national cultural identity He pays particular attention to the important distinction between travel and tourism at the same time that he attends to the slippage between seeing and sightseeing between the local character and the stereotype between art and kitsch and between older and newer ways of storytelling in the representational crisis of modernism Burden argues that the greater awareness of cultural difference that characterizes both the travel writing and fiction of these expatriate writers became a defining feature of literary modernism resulting in a consciousness of cultural difference that challenged the ethnographic project of empire The "We" Passages in the Acts of the Apostles William Sea Narratives: Cultural Responses to the Sea, 1600-Present Charlotte Mathieson, 2016-06-07 S. Campbell, 2007 Sea Narratives Cultural Responses to the Sea 1600 Present explores the relationship between the sea and culture from the early modern period to the present The collection uses the concept of the sea narrative as a lens through which to consider the multiple ways in which the sea has shaped challenged and expanded modes of cultural representation to produce varied contested and provocative chronicles of the sea across a variety of cultural forms within diverse socio cultural moments Sea Narratives provides a unique perspective on the relationship between the sea and cultural production it reveals the sea to be more than simply a source of creative inspiration instead showing how the sea has had a demonstrable effect on new modes and forms of narration across the cultural sphere and in turn how these forms have been essential in shaping socio cultural understandings of the sea The result is an incisive exploration of the sea s force as a cultural presence William Clark Russell and the Victorian Nautical Novel Andrew Nash, 2015-10-06 William Clark Russell wrote more than forty nautical novels Immensely popular in their time his works were admired by contemporary writers such as Conan Doyle Stevenson and Meredith while Swinburne considered him the greatest master of the sea living or dead Based on extensive archival research Nash explores this remarkable career English as a Lingua Franca in Migrants' Trauma Narratives Maria Grazia Guido, 2019-01-08 This book examines how trauma is experienced and narrated differently across languages and cultures

drawing on rich ethnographic case studies and a novel cognitive linguistic approach to analyse the variations of English as a Lingua Franca ELF used in the narratives of West African migrants and refugees in the course of intercultural encounters with Italian experts from domain specific fields of discourse including legal medical religious and cultural professionals It examines the ways in which such experts interpret the migrants trauma narratives by applying discourse conventions from within their communities of practice as well as their own native linguacultural norms It argues persuasively for the development of a hybrid ELF mode of intercultural communication to be used by experts in charge of unequal encounters in specialized migration contexts that can accommodate different culture bound categorizations of trauma This timely and important work will appeal in particular to students and scholars of applied linguistics discourse analysis cognitive linguistics intercultural communication pragmalinguistics migration studies and healthcare communication Jewish, Christian, and Muslim Travel Experiences Susanne Luther, Pieter B. Hartog, Clare E. Wilde, 2023-10-04 Travel and pilgrimage have become central research topics in recent years Some archaeologists and historians have applied globalization theories to ancient intercultural connections Classicists have rediscovered travel as a literary topic in Greek and Roman writing Scholars of early Judaism Christianity and Islam have been rethinking long familiar pilgrimage practices in new interdisciplinary contexts This volume contributes to this flourishing field of study in two ways First the focus of its contributions is on experiences of travel Our main question is How did travelers in the ancient world experience and make sense of their journeys real or imaginary and of the places they visited Second by treating Jewish Christian and Islamic experiences together this volume develops a longue dur e perspective on the ways in which travel experiences across these three traditions resembled each other By focusing on experiences of travel we hope to foster interaction between the study of ancient travel in the humanities and that of broader human experience in the social sciences *Pillars in the History of* Biblical Interpretation, Volume 2 Stanley E. Porter, Sean A. Adams, 2016-11-03 This two volume set is part of a growing body of literature concerned with the history of biblical interpretation The ample introduction first situates key players in the story of the development of the major strands of biblical interpretation since the Enlightenment identifying how different theoretical and methodological approaches are related to each other and describing the academic environment in which they emerged and developed Volume 1 contains fourteen essays on twenty two interpreters who were principally active before 1980 and volume 2 has nineteen essays on twenty seven of those who were active primarily after this date Each chapter provides a brief biography of one or more scholars as well as a detailed description of their major contributions to the field This is followed by an often new application of the scholar's theory By focusing on the individual scholars and their work the book recognizes that interpretive approaches arise out of certain circumstances and that scholars are influenced by and have influences upon both other interpreters and the times in which they live This set is ideal for any class on the history of biblical interpretation and for those who want a greater understanding of how the current field of biblical studies developed

The Modern Afterlives of Old Irish Travel Narratives Natalia I. Petrovskaia, 2025-07-24 This book explores the reception of the medieval Irish tradition of fantastic journey tales in Jonathan Swift's Gulliver's Travels C S Lewis s The Voyage of the Dawn Treader Umberto Eco s Baudolino and the science fiction television franchises Star Trek and Stargate In doing so the book opens the door to a new history of literary reception using Old Irish genre categories to analyse post medieval texts It aims to show that there is a family of texts produced in the post medieval period that are heirs of the medieval Irish literary tradition of fantastic voyage narratives and that using Old Irish genre categories to analyse post medieval works can open up new perspectives in our understanding of these works Late Antique Jewish and Christian Travelogues Reuven Kiperwasser, Aryeh Kofsky, Serge Ruzer, 2024-12-16 Focusing on travel narratives as a setting for spelling out both cultural exchanges and identity building the present volume maps a variety of strategies employed in travelogues by Christians and Jews in the late antique Roman East The first part sheds light on the shared cultural background folkloric or mythic reflected in late antique Jewish and Christian sea travel stories and the various attempts to adapt it to a specific religious agenda While the comparative analysis of the sources from two textual communities emphasizes their different religious agendas it also allows for restoring patterns of the broader background with which they converse The second part highlights Christian perceptions of the Land of Israel in missionary enterprises and in the eschatological visions The travelogues offer a window on the interplay between shared inheritance and new agendas within the dialectical development of religious traditions in Asian Home: Situating Self in Western Women's Select Travel Narratives Dr. Devika S,2023-03-09 Late Antiquity How did the West's countercultural notions widen their zeal and zest onto the Himalayas How did Nepal turn out to be a safe haven for Western women who made their travels to different Asian countries With no direct traces of colonialism the opening of Nepal to foreigners after 1951 offered travelers a new destination for imbibing Eastern spiritual traditions The post War condition was fertile for several radical movements Many people found solace in traveling to escape from the brutal after effects of the Second World War The socio political and economic conditions of Europe and America post World War II necessitated the need to travel to overcome the trauma of the war For women travel became the means of empowerment and at the same time a spiritual endeavour The knowledge and understanding of theology and other spiritual knowledge led many travelers to be part of the hippie trail in which Nepal is the final destination This book offers a fresh outlook to women s perceptions of a second home in a foreign land The Sea and Nineteenth-Century Anglophone Literary Culture Steve Mentz, Martha Elena Rojas, 2016-11-18 During the nineteenth century British and American naval supremacy spanned the globe The importance of transoceanic shipping and trade to the European based empire and her rapidly expanding former colony ensured that the ocean became increasingly important to popular literary culture in both nations This collection of ten essays by expert scholars in transatlantic British and American literatures interrogates the diverse meanings the ocean assumed for writers readers and thinkers on both sides of the Atlantic during this period of global exploration and

colonial consolidation The book s introduction offers three critical lenses through which to read nineteenth century Anglophone maritime literature wet globalization which returns the ocean to our discourses of the global salt aesthetics which considers how the sea influences artistic culture and aesthetic theory and blue ecocriticism which poses an oceanic challenge to the narrowly terrestrial nature of green ecological criticism The essays employ all three of these lenses to demonstrate the importance of the ocean for the changing shapes of nineteenth century Anglophone culture and literature Examining texts from Moby Dick to the coral flower books of Victorian Australia and from Wordsworth's sea poetry to the Arctic journals of Charles Francis Hall this book shows how important and how varied in meaning the ocean was to nineteenth century Anglophone readers Scholars of nineteenth century globalization the history of aesthetics and the ecological importance of the ocean will find important scholarship in this volume Paul and His Social Relations Stanley E. Porter, Christopher D. Land, 2012-11-13 This volume addresses many of the questions surrounding Paul and his social relations including how to define and analyze such relations their relationship to Paul's historical and social context how Paul related to numerous friends and foes and the implications for understanding Paul's letters as well as his theology
