Robert Hetrick

Seafaring Stranger:

The Cinema of Raúl Ruiz Michael Goddard, 2013-09-22 Raúl Ruiz while considered one of the world's most significant filmmakers by several film critics is yet to be the subject of any thorough engagement with his work in English. This volume sets out on this task by mapping as fully as possible Ruiz's cinematic trajectory across more than five decades of prolific work up to his death in 2011 ranging from his earliest work in Chile to high budget European costume dramas culminating in *Mysteries of Lisbon* 2010. It does so by treating Ruiz's work with its surrealist, magic realist, popular cultural and neo-Baroque sources as a type of impossible cinematic cartography mapping real, imaginary and virtual spaces and crossing between different cultural contexts, aesthetic strategies and technical media. It argues that across the different phases of Ruiz's work identified there are key continuities such as the invention of singular cinematic images and the interrogation of their possible and impossible combinations.

Poems & songs Robert Hetrick, 1826. The Cambridge Introduction to Chaucer Alastair Minnis, 2014-10-13 Geoffrey Chaucer is the best known and most widely read of all medieval British writers famous for his scurrilous humour and biting satire against the vices and absurdities of his age. Yet he was also a poet of passionate love sensitive to issues of gender and sexual difference fascinated by the ideological differences between the pagan past and the Christian present and a man of science knowledgeable in astronomy, astrology and alchemy. This concise book is an ideal starting point for study of all his major poems particularly *The Canterbury Tales* to which two chapters are devoted. It offers close readings of individual texts presenting various possibilities for interpretation and includes discussion of Chaucer's life, career, historical context and literary influences. An account of the various ways in which he has been understood over the centuries leads into an up-to-date annotated guide to further reading.
