Seagull Morning:

Seamore the Seagull Frank Jarnot, 2013-08-20 A red color sun rose lazily out from the Eastern horizon casting its early dim light upon the calm waters of the ocean Bay marking the beginning of a new summer morning The warm sun rays slowly mixed with the cool air abandoned from the night before inspiring a gentle breeze to start blowing towards the land Seamore a young seagull had his head tucked under his warm wing when he first felt the gentle sea breeze ruffling his feathers He sleepily peeked out from under his wing at the bright new morning sun and thought to himself How good it feels to be awakened by a gentle warm breeze comparing his thought and memory to some of the cold winter mornings he had experienced in the past Seamore was perched on the top of an old wooded dock piling where seagulls normally stand or roost when sleeping he had one of his legs tucked up and pressed against his warm body to protect it from the chilly night air He then slowly stood up from his perch shook himself vigorously ruffling his feathers stretched his wings out widely and then gave a loud screeching SQUACK sound from deep within his throat which broke the morning silence and startled some seagulls across the bay Seamore was like all the other seagulls you may have seen at the beach He flew around the Bay most of the day searching for things to eat But there was one thing that made Seamore very different from all the other seagulls Seamore WAS AFRAID OF THE WATER
