Kipling's Children's Literature Sue Walsh,2016-04-22 Despite Kipling's popularity as an author and his standing as a politically controversial figure much of his work has remained relatively unexamined due to its characterization as children's literature Sue Walsh challenges the apparently clear division between children's and adult literature and poses important questions about how these strict categories have influenced critical work on Kipling and on literature in general For example why are some of Kipling's books viewed as children's literature and what critical assumptions does this label produce Why is it that Kim is viewed by critics as transcending attempts at categorization Using Kipling as a case study Walsh discusses texts such as Kim The Jungle Books the Just So Stories Puck of Pook's Hill and Rewards and Fairies re-evaluating earlier critical approaches and offering fresh readings of these relatively neglected works In the process she suggests new directions for postcolonial and childhood studies and interrogates the way biographical criticism on children's literature in particular has tended to supersede and obstruct other kinds of readings

The Encyclopedia of Best Films Jay Robert Nash,2019-10-23 This all-inclusive A-Z encyclopedia by one of the world's foremost experts on cinema provides comprehensive annotations of the best films produced from 1914 on The work offers more than 5,000 three to five star entries three stars good four stars excellent five stars masterpiece and yes author Jay Robert Nash has viewed every single one of them as well as many more that did not make the cut In addition to a precis each film's entry also includes a listing of the cast as well as the key principles involved in production from the director to the hair stylist Especially unique to this book is a rating system that helps parents determine whether or not a film is appropriate for their children Unlike the industry rating system which can be influenced by studio lobbying Nash objectively evaluates each film and confers upon it one of four recommendations for viewing recommended acceptable cautionary and unacceptable Backmatter includes a list of top films by genre i.e. animated drama sports mystery adventure etc as well as an annotated

name index listing all persons mentioned along with their dates of birth and death Rounding out this essential volume for the film buff are over 500 still photos from the author's private collection     The Guide to Nature ,1917     **Japhet in Search of a Father. By the author of "Peter Simple" (Captain Marryat), etc** Frederick Marryat,1838     Antipodean Childhoods Helga Ramsey-Kurz,Ulla Ratheiser,2020-05-15 Though obvious the productiveness of combining the three concepts of childhood otherness and the postcolonial has not inspired much academic inquiry so far The essays assembled in this book make up for this omission and address aspects of growing up in Australia and New Zealand from various angles They base their argument on the premise that whether in settler migrant or indigenous communities children tend to be ascribed a space of their own mostly outside but never independent of that of adults How adults configure this space both practically and imaginatively for instance in the arts in adult and children's literature in film and photography or in historical documents is one of the questions answered in the process How these configurations have developed with time and under the influence of specific historical circumstances is another Thus the individual papers are more than a contribution to the current re-discovery of the theme of childhood in European cultures in that Antipodean Childhoods remains centrally concerned with the cultural specificity of childhoods lived in Australia and New Zealand and with the theoretical relevance of this specificity to postcolonial literary cultural and historical studies     *Beowulf as Children's Literature* Bruce Gilchrist,Britt Mize,2021-10-01 The single largest category of Beowulf representation and adaptation outside of direct translation of the poem is children's literature Over the past century and a half more than 150 new versions of Beowulf directed to child and teen audiences have appeared in English and in many other languages In this collection of original essays Bruce Gilchrist and Britt Mize examine the history and processes of remaking Beowulf for young readers Inventive in their manipulations of story tone and genre these adaptations require their authors to make countless decisions about what to include exclude emphasize de-emphasize and adjust This volume considers the many forms of children's literature focusing primarily on picture books illustrated storybooks and youth novels but taking account also of curricular aids illustrated full translations of the poem and songs Contributors address issues of gender historical context war and violence techniques of narration education and nationalism investigating both the historical and theoretical dimensions of bringing Beowulf to child audiences     The History of Mining Michael Coulson,2012-11-12 THE INDUSTRY THAT FORGED THE MODERN WORLD Throughout history metals and raw materials have underpinned human activity So it is that the industry responsible for extracting these materials from the ground mining has been ever present throughout the history of civilisation from the ancient world of the Egyptians and Romans to the industrial revolution and the British Empire and through to the present day with mining firms well represented on the world's most important stock indexes including the FTSE100 This book traces the history of mining from those early moments when man first started using tools to the present day where metals continue to underpin economic activity in the post industrial age In doing so the history of mining methods important events

technological developments the important firms and the sparkling personalities that built the industry are examined in detail At every stage as the history of mining is traced from 40 000BC to the present day the level of detail increases in accordance with the greater social and industrial developments that have played out as time has progressed This means that a particular focus is given to the period since the industrial revolution and especially the 20th century A look is also taken into the future in an effort to chart the direction this great industry might take in years to come Many books have been written about mining the majority have focused on a particular metal geographical area mining event or mining personality but *The History of Mining* has a broader scope and covers all of these essential and fascinating areas in one definitive volume *Voracious Children* Carolyn Daniel,2006 First Published in 2006 Routledge is an imprint of Taylor Francis an informa company

*Some Kind of Hero* Matthew Field,Ajay Chowdhury,George Lazenby,2015-10-12 For over 50 years Albert R Broccoli s Eon Productions has navigated the ups and downs of the volatile British film industry enduring both critical wrath and acclaim in equal measure for its now legendary James Bond series Latterly this family run business has been crowned with box office gold and recognised by motion picture academies around the world However it has not always been plain sailing Changing financial regimes forced 007 to relocate to France and Mexico changing fashions and politics led to box office disappointments and changing studio regimes and business disputes all but killed the franchise And the rise of competing action heroes has constantly questioned Bond s place in popular culture But against all odds the filmmakers continue to wring new life from the series and 2012 s *Skyfall* saw both huge critical and commercial success crowning 007 as the undisputed king of the action genre *Some Kind of Hero* recounts this remarkable story from its origins in the early 60s right through to the present day and draws on hundreds of unpublished interviews with the cast and crew of this iconic series

**Environmental Crime** Environmental Audit Committee,2004 The report examines the work of central and local government agencies and departments in the fight against environmental crime The Committee applauds DEFRA for its consultations on fly tipping It is important that the person who is prosecuted for fly tipping should not be the householder if someone else is responsible for the actual fly tipping Special attention must be paid to the illegal dumping of construction excavation and demolition wastes The Environment Agency must be given appropriate levels of funding and appropriate powers For example local authorities and the Agency do not have computerised access to the records of the Driving and Vehicle Licensing Agency but have to obtain this information by post The law should facilitate the

investigation and prosecution of companies which pay for illegal advertising in the form of fly posting and maximum sentences for fly posting should be raised further Local authorities should ensure that best practice is always followed when dealing with litter and graffiti and should liaise with local businesses which are known sources of litter Every local authority should ensure that data on noise nuisance is regularly compiled and sent to DEFRA or the Chartered Institute of Environmental Health this will aid policy makers      **Black Homesteaders of the South** Bernice Alexander
