The One They Call Feral-Rhyming Poetry Version Walu Feral, 2020-01-13 Written entirely in rhyming poetry, is the story of Ricky, a fourteen-year-old Caucasian boy from suburban Melbourne who escapes years of childhood abuse and hitchhikes over four thousand kilometres to the town of Marble Bar in the far Northwest of Western Australia. With a morbid fear of Aboriginal people after being told by his abusive racist father that they are cannibals, he is found living in a cave alone by remnant members of the Nyamal tribe, a small group still living a nomadic existence. They forcefully remove him from the cave and take him into the desert where he is raised in their ancient ways for five years. Whilst there, he undergoes many sacred trials and rituals along with learning the Nyamal dialect and customs to become an official initiated Nyamal man at nineteen years old. Based on fact with some enhancements and name changes, the book contains many dangerous, exciting, frightening, romantic, and sometimes comical adventures out in the harsh Australian desert. Striving to become a man, Ricky stumbles, his way spear in hand, clad in a loincloth, from one coming-of-age trial to the next under the watchful guidance of Uncle Ronny, the tribal Chief, and the other tribal elders. He learns to hunt, read signs of nature in order to find the best places to gather food, and where to find and collect fresh water from beneath the scorching desert sand. The first in the series, *A Different Life*, also contains several rarely heard 67,000-year-old dreamtime stories, ancient tribal practices, and language.

Self Empowering Wisdom Barnabas Tiburtius, 2018-11-15 Just like a bee that gathers the sweetest of nectar from various flowers, this book of empowering thoughts aimed towards the elevation of human consciousness has gathered wisdom hidden in thousands of spiritual traditions in the vast garden of human thought ever since the Homo Sapiens looked up at the heavens and questioned the full extent of his self-awareness. Since the advent of Renaissance, the human spirit has been

seeking the nature of reality beyond the dogmatic dictats of limited perceptions as envisaged by various belief systems These belief systems had their roots in archaic magical mythological consciousness of man Today science especially quantum physics cosmology and discoveries in evolutionary biology and cognitive sciences as well as the in depth knowledge in other fields such as Jungian psychology interpretation through allegorical synthesis of mythology by stalwarts such as Joseph Campbell has opened up the flood gates of information which enables us to construct a wholly new level of understanding When this knowledge is mapped on to ancient scriptures and sacred texts a revelatory platform is provided to probe the deeper nature of reality and our own spirituality This book is the beehive of spiritual nectar which is characterized by its non dual undifferentiated attributes provided for your nourishment
