intuition research were published as a result Participants wanted to take the program home to share with a gathering of friends The information in this book never before published in this form provides the details necessary for a group to enjoy themselves exploring these important discoveries Folks learn to use intuition together and to navigate the new world coming where boundaries are but convenient tools Living and working together in intuitive harmony with each other and the creative life forces becomes the principal ideal Experience these realities for yourself in the company of like minded people who are ready to share in the Intuitive Heart Discovery Program Consensual intuition is possible and culturally transformative
