## **Searching Spirit:**

**Searching Spirit** Peter Williams, 2019-06-12 Peter Williams has always had a searching spirit. He had a growing awareness of something else out there, another layer beyond his understanding he had to know more. As a teenager he turned to the Internet seeking answers to other worldly questions. That's where his search began and he had his first connection with spirit, a connection that set Williams on a path of learning as an attentive student of spirit. In *Searching Spirit* Williams chronicles his life story telling how many years later while pursuing his teaching ambitions in Japan a cataclysmic event shook the foundations of his world to reveal the true nature of the lessons he'd been studying. He and his wife who is heavily pregnant with their first child are forced to make the difficult decision to leave their home behind and return to the safety of Australia. It's here born out of those dark days of upheaval that Williams' true purpose is revealed. A memoir *Searching Spirit* offers an honest and humorous look at his life and his message communicating that if one is willing to open up connection with the spirit can be lifechanging.

**Searching for the Celtic Spirit** Daniel Perret, 2020-11-21 What fascinates me is the fact that the smaller harps the no pedal harps are widely called Celtic harps all over the world. They could have been called small harps, troubadour harps or something else. But the term Celtic harp stayed. Believing that there is more to it than just a technical term I want to explore what draws people to buy a Celtic harp and play Celtic Music. The term Celtic points at something deeper, something many people nowadays are looking for and need. This book is not particularly about Ireland and even less so contemporary urban Ireland as this I believe is not the reason Celtic harpists come to the harp. I am interested to explore what exactly brings them to this quite unique instrument and why Celtic. Exploring why they mainly play Irish traditional music on it is yet another question I will give some thoughts.

**Searching for the Holy Spirit** Anne Claar Thomasson-Rosingh, 2015-05-08 Is the doctrine of the Holy Spirit in Christian theology good news or bad news for women? Is the Holy Spirit in traditional Christian doctrine the guardian of the status quo or does it offer the dynamic possibility for change? How do the gifts of the Spirit, ecstatic and relational, inform feminist thinking of the Christian God? Opinions on these key questions vary wildly but are often formulated without coherent theological argument. Feminist theology has a history of questioning God the Father and God the Son; this study begins the theological questioning of God the Holy Spirit. *Searching for the Holy Spirit* brings feminist pneumatology into discussion with more traditional doctrine of the Spirit, notably the very significant early Christian treatise by Basil of Caesarea, *De Spiritu Sancto*. The results offer exciting new possibilities for both theology and the place of women in the church.

**The Spirit of Our Work** Cynthia B. Dillard, 2021-11-16 An exploration of how engaging identity and cultural heritage can transform teaching and learning for Black women educators in the name of justice and freedom in the classroom. In *The Spirit of Our Work* Dr. Cynthia Dillard centers the spiritual lives of Black women educators and their students, arguing that spirituality has guided Black people throughout the diaspora. She demonstrates how Black women teachers and teacher educators can heal, resist, and remember their identities in ways that are

empowering for them and their students Dillard emphasizes that any discussion of Black teachers lives and work cannot be limited to truncated identities as enslaved persons in the Americas The Spirit of Our Work addresses questions that remain largely invisible in what is known about teaching and teacher education According to Dillard this invisibility renders the powerful approaches to Black education that are embodied and marshaled by Black women teachers unknown and largely unavailable to inform policy practice and theory in education The Spirit of Our Work highlights how the intersectional identities of Black women teachers matter in teaching and learning and how educational settings might more carefully and conscientiously curate structures of support that pay explicit and necessary attention to spirituality as a crucial consideration

**God's Final Message** Bernard Palfrey,2009-04-18 There are many professing Christians who are so misguided on the matter of truth in relation to God s law and God s love as to make a mockery of the death of Jesus on Calvary There is so much error being taught such as the devilish doctrine of eternal torment in hell fire and that God s law of Ten Commandment were nailed to the Cross as to make the gospel of Christ look ridiculous The mark of the beast is not a figment of the imagination but a real danger that will face all of those who refuse to heed the last call of God to worship Him in truth It is widely believed that at the relevant time it will be an easy thing to refuse to have the mark of the beast However the mark of the beast is not a visible sign to accept or reject but a subtle intrusion upon the mind by Satan the arch deceiver There are real issues at stake when confronted by the Spirit of truth In these circumstances it is important to be aware of present truth whether from this or any other source before the return of Jesus
