**Why I Supported the Emergency** Khushwant Singh, 2015-08-15

The Emergency has become a synonym for obscenity. Even men and women who were pillars of Emergency rule and misused their positions to harass innocent people against whom they had personal grudges try to distance themselves from their past in the hope that it will fade out of public memory forever. We must not allow them to get away with it, says Khushwant Singh while fearlessly stating his own reasons for championing the Emergency. This bold and thought provoking collection includes essays on Indira Gandhi's government, the Nanavati Commission's report on the 1984 riots and the riots themselves as well as captivating pieces on the art of kissing and the importance of bathing. Alongside these are portraits of historical figures such as Bahadur Shah Zafar, General Dyer, Ghalib and Maharaja Ranjit Singh as well as candid profiles of the famous personalities he has known over the years, revealing intimate details about their lives and characters. From his reflections on Amrita Sher-Gil's alleged promiscuity to the experience of watching a pornographic film with a stoic R. K. Narayan, this is Khushwant Singh at his controversial and iconoclastic best. Selected and edited by Sheela Reddy. **Why I Supported the Emergency: Essays and Profiles** covers three quarters of a century straight from the heart. This is unadulterated Khushwant Singh.

**The Postcolonial Unconscious** Neil Lazarus, 2011-06-30. The Postcolonial Unconscious is a major attempt to reconstruct the whole field of postcolonial studies. In this magisterial and at times polemical study, Neil Lazarus argues that the key critical concepts that form the very foundation of the field need to be re-assessed and questioned. Drawing on a vast range of literary sources, Lazarus investigates works and authors from Latin America and the Caribbean, Africa and the Arab world, South, Southeast and East Asia to reconsider them from a postcolonial perspective. Alongside this, he offers bold new readings of some of the most influential figures in the field: Fredric Jameson, Edward Said and Frantz Fanon. A tour de force of postcolonial studies, this book will set the agenda for the future, probing how the field has come to develop in the directions it has and why and how it can grow further.

**Orientalism and the Postcolonial Predicament** Carol A. Breckenridge, Peter van der Veer, 1993. This book explores the ways in which colonial administrators constructed knowledge about the society and culture of India and the processes through which that knowledge has shaped past and present Indian reality.

Masterworks of Asian Literature in Comparative Perspective: A Guide for Teaching Barbara Stoler Miller, 2016-09-16. This is a collection of 46 essays by specialists in Asian literature who offer a wide range of possibilities for introducing Asian literature to English speaking students. It is intended to help in promoting multicultural education.

**Literary Representations of Pandemics, Epidemics and Pestilence** Nishi Pulgurtha, 2022-12-23. Disease, pestilence and contagion have been an integral component of human lives and stories. This book explores the articulations and representations of the vulnerability of life or the trauma of death in literature about epidemics both from India and around the world. This book critically engages with stories and narratives that have dealt with pandemics or epidemics in the past.

and in contemporary times to see how these texts present human life coming to terms with upheaval fear and uncertainty Set in various places and times the literature examined in this book explores the themes of human suffering and resilience inequality corruption the ruin of civilizations and the rituals of grief and remembrance The chapters in this volume cover a wide spatio temporal trajectory analysing the writings of Fakir Mohan Senapati and Suryakant Tripathi Nirala Jack London Albert Camus Margaret Atwood Sarat Chand Pandita Ramabai and Christina Sweeney Baird among others It gives readers a glimpse into both grounded and fantastical realities where disease and death clash with human psychology and where philosophy politics and social values are critiqued and problematized This book will be of interest to students of English literature social science gender studies cultural studies psychology society politics and philosophy General readers too will find this exciting as it covers authors from across the world
