Soul David H. Fastiggi,2014-05-17 Creating Eartheaven in Your Life is unique and it is innate in all human beings Humanitys quest for a wholesome peaceful life goes unabated Our search for our better self that identifies with the reality of the world we live in all too often filled with grief and stress is juxtaposed with faith and hope for change or a miracle Do we just have faith expecting God will deliver humanity from the ills we have caused Should we just buckle down and be practical seeking solution with our rational self What kind of God do we actually know or are we seeking a relationship with an image of God taught to us What is the divine matrix and does a personal God speak to us Science stands for one view of creation and faith stands for another Is there a joining point of the two Has our species Homo sapiens stalled out in evolutionary development Is the world becoming a village of cooperation and mutual peace seeking Can we continue the way we have been and survive our own arrogance What is the future of faith religion and spirituality The author in a comprehensive way takes us on a journey to explore answers to these questions and much more Eartheaven is a paradigm of integration between the souls development and our biological body and by extension all creation He delves into scientific reality while preserving in the beginning God created Creating Eartheaven in Your life is a deep exploratory of the souls life in the experience of hurt and suffering and the potential for there to be personal divine human embodiment and therefore earth peace Through ten fundamental teaching combining Jesus words of two thousand years ago an Aramaic understanding the authors revelatory experience in an apparition of Jesus his 44 years life experience psychology and science your reading and learning experience will be a challenge and liberation of the soul Profound transformation is needed and this codex offers the leverage needed to shift our life course towards personal awakening and transformation as well as providing a blue print for future generations Creating Eartheaven in Your Life brings us into universal principles of life a meeting for humanity without walls This volume of two addresses specifically transformation of the soul heaven unfolding Volume two addresses transformation of the body representing the earth and thus eartheaven Granted this book is not an easy read but proves to be a strong mirror reflecting back to us our lives and what we can become fulfilling humanitys evolutionary life potential and perhaps vital to our survival as a people **Temiar Religion, 1964-2012** Geoffrey Benjamin,2014-09-12 The Temiars a Mon Khmer speaking Orang Asli society living in the uplands of northern Peninsular Malaysia have long attracted popular attention in the

West for reports that ascribed to them the special psychotherapeutic technique known as Senoi Dreamwork. However the reality of Temiar religion and society as studied and recorded by Geoffrey Benjamin is even more fascinating than that popular portrayal which he shows to be based on a serious misrepresentation of Temiar practice. When Benjamin first lived in the isolated villages of the Temiars between 1964 and 1965 he encountered a people who lived by swidden farming supplemented by hunting and fishing. They practised their own localised animistic religion in an area where the main religion was once Mahayana Buddhism and is now Islam. Half a century later the Temiars have become much more deeply embedded in broader Malaysian society while retaining their distinctive way of life and maintaining their complex animistic religious beliefs. Benjamin's ongoing fieldwork in the 1970s, 1990s and 2000s followed the Temiars through processes of religious disenchantment and re-enchantment as they reacted in various ways to the advent of Baha'i, Islam and Christianity. Some Temiars even developed a new religion of their own. In addition to its rich ethnographic reportage the book proposes a novel theory of religion and in the process develops a deeply insightful account of the changing intellectual framework of anthropology over the past half century.

Being, the Radiant Force Within Nathan Mathewson Shippee, 2008-07-10
AWAKENING AWARENESS During the course of preparing for publication many personal interviews were made in a test of the present stage of awareness of an individual's sense of self of who the I am really is. These interviews were generally spontaneous, conducted in a natural setting during a conversation in which I would take advantage of a pause and quietly say I am going to ask you three questions which will change your awareness of who you really are. You will simply give me one word answers and by doing so you will begin to think of yourself in a new way. First: Are you more than a body? Yes, I am more than a body. Second: Since you are more than a body, what is the more? What is the more than my body? My Soul. Third: Since your soul is more than your body, think now: are you a body with a soul or are you a soul in a body? Which has domain, your body or your soul? Which is the real you? Longer pause. Most replied by saying I am a soul in a body. With or in is determinative and the one you choose like a fork in the road will control your path ahead. If one chooses with it is an admission that Darwin is right: we are Homo sapiens, intelligent animals descended from the ape. As Donald Trump said: Life is what you do when you are waiting to die. If one chooses in, then one believes we cannot die. We are Human Beings, ascended from within on the earth but not of it, destined to graduate when our bodies die and we return to the universe from whence we came as Souls in the form of radiant energy. The key to the fork in the road is awareness for we become as we think. Who we think we are is that which we become. Descended from the ape or ascended from within, there is magic in the awakening of awareness of who is in control during our time of life on earth and the personal awareness of who I am ignites the presence of enthusiasm within. **usentheos**: God within. **BEING** is Nathan Shippee's autobiography of his Soul following his out-of-body experience.
