First Generation Sandra Neil Wallace, Rich Wallace, 2018-09-04 Celebrate the genius diversity and grit of immigrants and refugees in this boldly illustrated guide to 36 American trailblazers The men and women in this book represent nations from Somalia to Germany from Syria to China from Mexico to Sweden and more They are people like Secretary of State Madeleine Albright international singing sensation Celia Cruz star basketball player Dikembe Mutombo world renowned physicist Albert Einstein and influential journalist Jorge Ramos And they are all immigrants or refugees to the United States of America Their courage their achievements and their determination to change the world have helped make our country a stronger place Perhaps after reading their stories you will be inspired to make the world a better place too *Condoleezza Rice: An American Life* Elisabeth Bumiller, 2009-01-13 Condoleezza Rice one of the most powerful and controversial women in the world has until now remained a mystery behind an elegant cool veneer New York Times reporter Elisabeth Bumiller peels back the layers and presents a revelatory portrait of the first black female secretary of state and President George W Bush's national security adviser on September 11 2001 Drawing on extensive interviews with Rice and more than 150 others including colleagues family members government officials and critics the book relates in more intimate detail than ever before the personal voyage of a young black woman out of the segregated American South and offers dramatic new information about the events and personalities of the Bush administration In the process with great insight Bumiller tells the sweeping story of a tumultuous half century in the nation's history *Bonds Across Borders* He Peiqun, Mei Renyi, 2009-05-27 At both the theoretical and practical level the relationship between women gender and international relations has become increasingly controversial in recent years This collection of essays by twenty leading scholars and diplomatic practitioners from China Hong Kong the United States and Great Britain crosses national disciplinary cultural professional and gender boundaries to approach this subject from a wide variety of comparative perspectives designed to stimulate further debate and research On the theoretical front this volume explores the manner in which women and their contributions are represented within the discipline of International Relations discusses whether women have unique contributions to make to both the academic study and the conduct of foreign affairs and makes recommendations as to how women's concerns and viewpoints might be better incorporated into the field of international relations in both intellectual and practical terms Moving to the level of practice chapters on and by assorted women diplomats reflect on the official careers and foreign policy contributions of women including the first two US female secretaries of state and the first Asian

American ambassador in both China and the United States. Several highlight the career handicaps women diplomats have faced in China, the United States and Europe alike. A variety of historical and contemporary case studies, the majority of them dealing with foreign women living in China or Hong Kong, also focus on women in nontraditional diplomatic roles as wives, missionaries, peace activists, reformers, teachers, businesswomen and journalists. It is rare that the published record of a conference contributes to the design and definition of a new field of study, but that is the case with this remarkable volume of essays collected and edited by Priscilla Roberts and He Peiqun. Its very first chapter raises the central question: why we should focus on women, gender and IR. The rest of the volume proceeds to answer it brilliantly. There are essays on familiar aspects of the subject: war, war and peace, but also on varieties of formal and informal diplomacy. A concluding section outlines future lines of inquiry. This indispensable collection will make it difficult, at the least, to imagine that it is possible to discuss international relations without also discussing gender.

Marilyn B. Young, Professor, Dept of History, New York University

1. The product of brilliant scholars from three continents, this book looks beyond the veil to tell us about the constructive roles that women play in international relations.

2. Bigots beware!

3. The lesson of this timely and brilliant Shanghai project is that women are beginning to shape our international community and very possibly for the better.

Rhodri Jeffreys Jones, Department of History, University of Edinburgh

This collection of essays, drawn from the first international conference held in China on the role of women in international affairs, offers an intriguing look at the ways women have gained and wielded influence in foreign affairs, both formally and informally. These essays, written by historians and political scientists from Australia, China, Great Britain and the United States, reveal that female social activists, journalists and diplomats focused world attention anew on human rights and environmental issues, highlighting the degree to which women were disproportionately the victims of wars, illicit crime rings and environmental disasters. Yet this collection rightly cautions against assuming that women were always more compassionate international actors, noting that women in power often assumed the same belligerent stance as their male counterparts. As administrative positions within foreign ministries opened up to women, they also formed a key component of the middle strata, but even today women remain consistently shut out of high level diplomatic appointments. These illuminating essays reveal both the achievements and challenges for women who sought to influence the direction of international relations, demonstrating conclusively that one cannot understand the diplomatic history of the twentieth century without understanding the role of women in international affairs.

Jennifer D. Keene, professor of history, Chapman University, Orange, California, USA

The essays in this excellent collection explore and elucidate the power and potential of women on the international scene, whether as actors in the public sphere in positions of authority or as private citizens working to shape and improve the policies of the global community. For scholars and practitioners alike who seek to understand how gender and feminist theory offers a new paradigm for the international system, or the degree to which women may serve as agents of peace, or the process by which women in power undergo masculinization in order to

succeed in a male dominated world Bonds Across Borders is an essential read and indispensable resource Edward P Crapol Pullen Professor Emeritus College of William and Mary The Globalization of International Law Paul Schiff Berman, 2017-07-05 International law is no longer a sufficient rubric to describe the complexities of law in an era of globalization Accordingly this collection situates cross border norm development at the intersection of interdisciplinary scholarship on comparative law conflict of laws civil procedure cyberlaw legal pluralism and the cultural analysis of law as well as traditional international law It provides a broad range of seminal articles on transnational law making governmental and non governmental networks judicial influence and cooperation across borders the dialectical relationships among national international and non state legal norms and the possibilities of bottom up and plural law making processes The introduction situates these articles within the framework of law and globalization and suggests four important ways in which such a framework enlarges the traditional focus of international law This book therefore provides a crucial reference for scholars and practitioners seeking to understand the varied processes of norm development in the emerging global legal order
